RYAN HERNANDEZ

Scenes from My Life Oxford University Press

Lord Charles Danvers, still mourning his lost love Charlotte, hopes to escape from his ghosts at the gala coming-of-age celebrations for the son of an old family friend. All is jubilation and proper respectability until the evening is shattered by a brutal murder. The police are quick to point to a quarrelsome farmer, but Danvers has his doubts. Is the real culprit much closer to home? And does Danvers owe the greater loyalty to an old friend or to the truth? Then, Danvers is even more unsettled by the entrance of the alluring Lady Antonia Hoover. The first in the Lord Danvers Investigates series, *A Most Inconvenient Death* is a Victorian true-crime novel. The Stanfield Hall Murders were the sensation they are portrayed to be and the elaborate coming of age celebrations and the ensuing dramatic trial are all recorded history.

Life, Death, and Other Inconvenient Truths Simon and Schuster

Retired FBI senior investigator Charlotte Diamond is cajoled into taking a Christmas market Rhine river cruise with her partner, glamorous retired queen of the movie screen Brenda Brandon/Boynton. When Brenda invites Charlotte's doctor brother, Chance Diamond, and his minister wife, Marilyn, to join in the trip, Charlotte knows this will be no restful vacation. The "curse of Chance," the travels of whom have always been accompanied by a death or three, does indeed embroil Charlotte and her three travel companions in a complex mix of "inconvenient" robberies and suspicious deaths against a backdrop of quaint German towns, Christmas markets, and Rhine castles. The misadventure of the Rhine river cruise involves an international crime money-laundering Swiss banker and his Italian TV star wife; a "Jack Sprat" pair of elderly spinsters; a doll-fetish Japanese couple; a diamond-dripping, once-kidnapped heiress; a gay novelist and boyfriend; a catatonic mustard dynasty heiress; and assorted other unsavory characters. As the "Rhine Maiden" scenically chugs north from Nurnberg to Amsterdam over Christmas week, Charlotte and Brenda track their bet on whether the "curse of Chance" will meet its quota of mayhem, while Charlotte sinks deeper and deeper into what becomes a working vacation. The fourth book in the Charlotte Diamond mystery series.

An Inconvenient Death Machines of Death LLC

Julius Malema has risen to prominence and power with meteoric speed. From impoverished origins in a Limpopo township, he has, before the age of 30, amassed the political and economic power to

command the entire youth wing of the ANC, and to own several substantial luxury homes. The sources of his wealth are befogged by speculation and mystery, but his appeal to the massed ranks of the township and village poor of his country is visible for all to see. And his inflammatory style -- his 'theme song' is 'Shoot the Boer' -- his contrarian tendencies and his showmanship have rapidly brought him to the attention of the world. So troublesome has he become that the old guard of the ANC have gone to great lengths to shackle and reprimand him, and he is now formally in dispute with them. *An Inconvenient Youth* traces Malema's life, from his early years in Limpopo to his joining the student structures of the ANC in the early 1990s, and his rapid rise through the party's ranks to become the president of the ANC Youth League in 2008. Forde analyses the sources of Malema's wealth, exploring his seamless approach to business and politics. She situates Malema within the ANC's history and shows in unprecedented detail how he has perfected the practices that characterise a new 'struggle' in which individuals extend their personal wealth and political power at the expense of the people. This insightful, meticulously researched account explores how a brave child has grown to become a grave inconvenience, not only to the ANC, but also, due to his style of politics, to South Africa's fledgling democracy.

An Inconvenient Duke Penguin

A spine-chilling saga of virulent racism, human folly, and the ultimate triumph of scientific progress. For Chinese immigrant Wong Chut King, surviving in San Francisco meant a life in the shadows. His passing on March 6, 1900, would have been unremarkable if a city health officer hadn't noticed a swollen black lymph node on his groin—a sign of bubonic plague. Empowered by racist pseudoscience, officials rushed to quarantine Chinatown while doctors examined Wong's tissue for telltale bacteria. If the devastating disease was not contained, San Francisco would become the American epicenter of an outbreak that had already claimed ten million lives worldwide. To local press, railroad barons, and elected officials, such a possibility was inconceivable—or inconvenient. As they mounted a cover-up to obscure the threat, ending the career of one of the most brilliant scientists in the nation in the process, it fell to federal health officer Rupert Blue to save a city that refused to be rescued. Spearheading a relentless crusade for sanitation, Blue and his men patrolled the squalid streets of fast-growing San Francisco, examined gory black buboes, and dissected diseased rats that put the fate of the entire country at risk. In the tradition of Erik Larson and Steven Johnson, Randall spins a spellbinding account of Blue's race to understand the disease and contain its spread—the only hope of saving San Francisco, and the nation, from a gruesome fate.

The Death and Life of Great American Cities Cornell University Press

From his army of the undead, Xar, Lord of the Nexus, learns of the existence of the mysterious Seventh Gate. It is said that this gate grants whoever enters it the power to create worlds—or destroy them. Only Haplo knows its location—but he doesn't know he knows it. Now an ex-lover has been sent to betray Haplo and bring back his corpse. Meanwhile, the assassin Hugh the Hand is also after Haplo, wielding the Accursed Blade. With his old companion Alfred, Haplo must seek sanctuary in the Labyrinth—a deadly prison maze whose inhabitants are condemned to death. Millennia ago a battle raged between the Sartan and the Patryn, and the Sartan sundered the world into four realms—air, fire, stone, and water—and then vanished. But now the two races have rediscovered each other through the magic of the Death Gate—and war is about to erupt anew.

Zeus Is Dead Bloomsbury Publishing

Lia Mills was twelve years old when the death threats began. First, the threats were against her. Then against her family. All she needed to do to make them stop was to remain silent. Truthfully, activism had never been part of Lia's plan for the future. As a grade seven student, her biggest goals in life revolved around getting good grades and winning school competitions. But when she wrote a speech about human rights for English class, what started as a simple school assignment rapidly became a viral video sensation. All of the sudden, quite accidentally, Lia found herself in the centre of perhaps the most controversial debate in the 21st century. And while she never intended on becoming an activist, Lia experienced firsthand the opposition that comes with standing up for the truth. Now, seven years later, Lia is speaking out. Filled with personality, compassion, and humour, this book recounts the stunning journey of Lia Mills from her time as a naive YouTube sensation to her life now as a passionate human rights activist.

Covered with Night: A Story of Murder and Indigenous Justice in Early America Liveright Publishing
Is the Democratic Party the “Party of Death”? If you look at their agenda they are. IT’S NOT JUST abortion-on-demand. It’s euthanasia, embryo destruction, even infanticide—and a potentially deadly concern with “the quality of life” of disabled people. If you think these issues don’t concern you—guess again. The Party of Death is roaring into the White House! In *The Party of Death*, Ponnuru details how left-wing radicals, using abortion as their lever, took over the Democratic Party—and how they have used their power to corrupt our law and politics, abolish our fundamental right to life, and push the envelope in ever more dangerous directions. In *The Party of Death*, Ponnuru reveals: How Hillary Clinton could use the abortion issue (but not in the way you think) Why the conventional wisdom about *Roe v. Wade* is a lie How the party of death—a coalition of special interests ranging from Planned Parenthood to Hollywood—came to own the Democratic Party How the mainstream media promotes the party of death Why Jesse Jackson, Al Gore, and other leading liberals gave up being pro-life How liberals use animal rights to displace human rights The Democratic presidential candidate who said that infanticide is a mother’s “choice” How doctors—and other health care professionals—are being coerced, by law, into violating their consciences The ultrasound revolution: why there’s hope to stop the party of death Ponnuru’s shocking exposé shows just how extreme the Party of Death has become as they seek to destroy every inconvenient life, demand fealty to their radical agenda, and punish anyone who defies them.

An Inconvenient Woman Diversion Books

Named a best book of the year by NPR, Vogue, and the New York Times Book Review, the hilarious

and profound new novel from National Book Award finalist Joshua Ferris is “a fine American novel about family, love, and a decent but flawed man trying to be better” (Stephen King). Someone is telling the story of the life of Charlie Barnes, and it doesn't appear to be going well. Too often divorced, discontent with life's compromises and in a house he hates, this lifelong schemer and eternal romantic would like out of his present circumstances and into the American dream. But when the twin calamities of the Great Recession and a cancer scare come along to compound his troubles, his dreams dwindle further, and an infinite past full of forking paths quickly tapers to a black dot. Then, against all odds, something goes right for a change: Charlie is granted a second act. With help from his storyteller son, he surveys the facts of his life and finds his true calling where he least expects it—in a sacrifice that redounds with selflessness and love—at last becoming the man his son always knew he could be. *A Calling for Charlie Barnes* is a profound and tender portrait of a man whose desperate need to be loved is his downfall, and a brutally funny account of how that love is ultimately earned. “A masterpiece that shines a revealing light on both family and fiction itself.” —Michael Schaub, NPR

Born in Death Biteback Publishing

Finalist for the 2015 Helen Bernstein Book Award for Excellence in Journalism Longlisted for the Lionel Gelber Award for the Best Non-Fiction book in the world on Foreign Affairs An Economist Book of the Year, 2014 A New York Times Book Review Editor's Choice "One of the best analyses of the impact of Tiananmen throughout China in the years since 1989." --The New York Times Book Review On June 4, 1989, People's Liberation Army soldiers opened fire on unarmed civilians in Beijing, killing untold hundreds of people. A quarter-century later, this defining event remains buried in China's modern history, successfully expunged from collective memory. In *The People's Republic of Amnesia*, Louisa Lim charts how the events of June 4th changed China, and how China changed the events of June 4th by rewriting its own history. Lim reveals new details about those fateful days, including how one of the country's most senior politicians lost a family member to an army bullet, as well as the inside story of the young soldiers sent to clear Tiananmen Square. She also introduces us to individuals whose lives were transformed by the events of Tiananmen Square, such as a founder of the Tiananmen Mothers, whose son was shot by martial law troops; and one of the most important government officials in the country, who post-Tiananmen became one of its most prominent dissidents. And she examines how June 4th shaped China's national identity, fostering a generation of young nationalists, who know little and care less about 1989. For the first time, Lim uncovers the details of a brutal crackdown in a second Chinese city that until now has been a near-perfect case study in the state's ability to rewrite history, excising the most painful episodes. By tracking down eyewitnesses, discovering US diplomatic cables, and combing through official Chinese records, Lim offers the first account of a story that has remained untold for a quarter of a century. *The People's Republic of Amnesia* is an original, powerfully gripping, and ultimately unforgettable book about a national tragedy and an unhealed wound.

An Inconvenient Grand Tour Sourcebooks, Inc.

Behind every soldier's death lies a story. What psychological and cultural pressures brought him to his fate? What lies—and truths—convinced him to march toward his death? Covering warfare from prehistory through the present day, *The Last Full Measure* tells these soldiers' stories, ultimately

capturing the experience of war as few books ever have. In these pages, we march into battle alongside the Greek phalanx and the medieval foot soldier. We hear gunpowder's thunder in the slaughters of the Napoleonic era and the industrialized killing of the Civil War, and recoil at the modern, automated horrors of both World Wars. Finally, we witness the death of one tradition of "heroic" combat and the construction of another in the wars of the modern era, ranging from Vietnam to America's latest involvements in Iraq and Afghanistan. Combining commanding prose, impeccable research, and a true sensitivity to the combatant's plight, *The Last Full Measure* is both a remarkably fresh journey through the annals of war and a powerful tribute to the proverbial unknown soldier.

An Inconvenient Woman Joe Boyd Suspense

Lieutenant Joe Boyd takes his family on a much-needed camping trip in the beautiful lakefront woods outside of town. But a leisurely trail walk with Chance, their new dog, goes haywire when he breaks loose. When they finally reach him, he's digging furiously. What the dog finds, turns their vacation upside down and launches Joe and his partner into a puzzling cold case homicide from the late 1980s. As they begin to unravel the evidence-aided by two women from a local writer's group-things point to an unlikely set of culprits. Their identities-if known-would shock the entire town. Some people will do anything to keep a thirty-year-old secret from seeing the light of day.

The Party of Death ISD LLC

When Miss Jane Pemberton joins her uncle's household as a companion to her invalid cousin, she does not realize what a dangerous world she is stepping into. From the moment she enters the house, Jane senses secrets and unresolved tensions hanging like a shadow over the Pemberton family. Worse, citizens of the sleepy, seaside town of Ebonport do not lead the peaceful lives Jane expected. They seem to hide beneath shadows of their own, motivated by avarice and revenge. When a shocking murder rocks this uneasy society, Jane vows to protect her uncle's family-whether they deserve it or not.

An Inconvenient Genocide Tyler Wolfe Books Company, LLC

WINNER • 2022 PULITZER PRIZE IN HISTORY Finalist • National Book Award for Nonfiction Best Books of the Year • TIME, Smithsonian, Boston Globe, Kirkus Reviews The Pulitzer Prize-winning history that transforms a single event in 1722 into an unparalleled portrait of early America. In the winter of 1722, on the eve of a major conference between the Five Nations of the Haudenosaunee (also known as the Iroquois) and Anglo-American colonists, a pair of colonial fur traders brutally assaulted a Seneca hunter near Conestoga, Pennsylvania. Though virtually forgotten today, the crime ignited a contest between Native American forms of justice—rooted in community, forgiveness, and reparations—and the colonial ideology of harsh reprisal that called for the accused killers to be executed if found guilty. In *Covered with Night*, historian Nicole Eustace reconstructs the attack and its aftermath, introducing a group of unforgettable individuals—from the slain man's resilient widow to an Indigenous diplomat known as "Captain Civility" to the scheming governor of Pennsylvania—as she narrates a remarkable series of criminal investigations and cross-cultural negotiations. Taking its title from a Haudenosaunee metaphor for mourning, *Covered with Night* ultimately urges us to consider Indigenous approaches to grief and condolence, rupture and repair, as we seek new avenues of justice in our own era.

Into the Labyrinth Createspace Independent Publishing Platform

THE GODS ARE BACK. DID YOU MYTH THEM? You probably saw the press conference. Nine months ago, Zeus's murder catapulted the Greek gods back into our world. Now the whole pantheon revels in new temples, casinos, and media empires--except Apollo. A compulsive overachiever with a bursting portfolio of godly duties, the amount of email alone that he receives from rapacious mortals turns each day into a living hell. Yet there may be hope, if only he can return Zeus to life! With the aid of Thalia, the muse of comedy and science fiction, Apollo will risk his very godhood to help sarcastic TV producer Tracy Wallace and a gamer-geek named Leif--two mortals who hold the key to Zeus's resurrection. (Well, probably. Prophecies are tricky buggers.) Soon an overflowing inbox will be the least of Apollo's troubles. Whoever murdered Zeus will certainly kill again to prevent his return, and avoiding them would be far easier if Apollo could possibly figure out who they are. Even worse, the muse is starting to get cranky. Discover a contemporary fantasy where reality TV heroes slay actual monsters and the gods have their own Twitter feeds! Mythology sideswipes reality in *Zeus Is Dead: A Monstrously Inconvenient Adventure!*

An Inconvenient Youth Portobello Books

MACHINE OF DEATH tells thirty-four different stories about people who know how they will die. Prepare to have your tears jerked, your spine tingled, your funny bone tickled, your mind blown, your pulse quickened, or your heart warmed. Or better yet, simply prepare to be surprised. Because even when people do have perfect knowledge of the future, there's no telling exactly how things will turn out.

An Inconvenient Text Catapult

From a journalist on the frontlines of the *Students for Fair Admission (SFFA) v. Harvard* case comes a probing examination of affirmative action, the false narrative of American meritocracy, and the attack on Asian American excellence with its far-reaching implications—from seedy test-prep centers to gleaming gifted-and-talented magnet schools, to top colleges and elite business, media, and political positions across America. Even in the midst of a nationwide surge of bias and incidents against them, Asians from coast to coast have quietly assumed mastery of the nation's technical and intellectual machinery and become essential American workers. Yet, they've been forced to do so in the face of policy proposals—written in the name of diversity—excluding them from the upper ranks of the elite. In *An Inconvenient Minority*, journalist Kenny Xu traces elite America's longstanding unease about a minority potentially upending them. Leftist agendas, such as eliminating standardized testing, doling out racial advantages to "preferred" minorities, and lumping Asians into "privileged" categories despite their deprived historical experiences have spurred Asian Americans to act. Going beyond the *Students for Fair Admission (SFFA) v. Harvard* case, Xu unearths the skewed logic rippling countrywide, from Mayor Bill de Blasio's attempted makeover of New York City's Specialized School programs to the battle over "diversity" quotas in Google's and Facebook's progressive epicenters, to the rise of Asian American activism in response to unfair perceptions and admission practices. Asian Americans' time is now, as they increase their direct action and amplify their voices in the face of mounting anti-Asian attacks. *An Inconvenient Minority* chronicles the political and economic repression and renaissance of a long ignored racial identity group—and how they are central to reversing America's cultural decline and preserving the dynamism of the free

world.

Death at the Priory Harper Collins

A steamy feminist Regency romance from acclaimed author Anna Harrington. All's fair in war...and in love... "We all make mistakes." His sensuous lips twisted in amusement, and he murmured a bit too huskily for comfort, "Didn't feel like a mistake to me." He kept his gaze locked onto hers as he raised the glass to take a sip. "We kissed last night, and I strongly suspect that we both want to do it again." His head tilted slightly as he studied her. "If I came around this desk and took you into my arms, would you stop me?" Marcus Braddock, former general and newly appointed Duke of Hampton, is back from war. Now, not only is he surrounded by the utterly unbearable ton, he's mourning the death of his beloved sister, Elise. Marcus believes his sister's death wasn't an accident, and he's determined to learn the truth—starting with Danielle Williams, his sister's beautiful best friend. Danielle is keeping deadly secrets of her own. She has dedicated her life to a charity that helps abused women—the same charity Elise was working for the night she died. When Danielle's work puts her life in danger, Marcus comes to her rescue. But Danielle may not be the one in need of rescuing... Praise for Anna Harrington: "As steamy as it is luscious. My favorite kind of historical!"—GRACE BURROWES, New York Times bestselling author, for *Dukes Are Forever* "Enchanting...Harrington combines suspenseful mystery and charming romance in this compulsively readable treat."—Publishers Weekly STARRED REVIEW "A touching and tempestuous romance, with all the ingredients Regency fans adore."—GAELAN FOLEY, New York Times bestselling author, for *Dukes Are Forever*

An Inconvenient Minority Bantam

Technology and increasing levels of education have exposed people to more information than ever before. These societal gains, however, have also helped fuel a surge in narcissistic and misguided intellectual egalitarianism that has crippled informed debates on any number of issues. Today, everyone knows everything: with only a quick trip through WebMD or Wikipedia, average citizens believe themselves to be on an equal intellectual footing with doctors and diplomats. All voices, even the most ridiculous, demand to be taken with equal seriousness, and any claim to the contrary is dismissed as undemocratic elitism. Tom Nichols' *The Death of Expertise* shows how this rejection of experts has occurred: the openness of the internet, the emergence of a customer satisfaction model in higher education, and the transformation of the news industry into a 24-hour entertainment machine, among other reasons. Paradoxically, the increasingly democratic dissemination of information, rather than producing an educated public, has instead created an army of ill-informed and angry citizens who denounce intellectual achievement. When ordinary citizens believe that no one knows more than anyone else, democratic institutions themselves are in

danger of falling either to populism or to technocracy or, in the worst case, a combination of both. An update to the 2017 breakout hit, the paperback edition of *The Death of Expertise* provides a new foreword to cover the alarming exacerbation of these trends in the aftermath of Donald Trump's election. Judging from events on the ground since it first published, *The Death of Expertise* issues a warning about the stability and survival of modern democracy in the Information Age that is even more important today.

The Inconvenient Journalist Crown

One July afternoon in 2003, in a quiet part of Oxfordshire, a scientist went out for a walk and never came back. Dr David Kelly had been all over the news in the preceding days; as an investigator on the team which went into Iraq to check whether they had weapons of mass destruction, he had been accused of anonymously briefing a BBC reporter that the government's case for the Iraq War had been deliberately falsified. When the news came through that his body had been found in woods near his country home, for the briefest of moments, a stunned Britain held its breath and wondered if this was what it had come to. Our intelligence services were already collaborating in the torture of British citizens for reasons of national security. Had they committed murder too? Tony Blair himself was for once without answer. At a press conference in Japan a reporter stood up and asked him if he had blood on his hands. The Prime Minister stood there blinking behind his mask until he walked, shocked, from the podium. But Britain kept calm and carried on. Normal service was resumed, and the world began spinning again. David Kelly, we were told, had committed suicide for personal reasons that had nothing to do with Downing Street or the Iraq War. But not all could believe that. For those that couldn't, they too lost a part of themselves that afternoon. Conspiracy theorists, eccentrics, obsessives, lunatics, paranoids, fantasists, zealots: they had been awarded all these sobriquets and more. Yet it was easy enough to see, lurking behind the cracks and gaps in the government's account, the hulk of a great and deliberate dishonesty. Simply to read about what transpired in Longworth, Oxfordshire on the 17th July 2003 made it impossible to believe otherwise.

The Blackest Streets Simon and Schuster

NEW YORK TIMES BESTSELLER • "Good unclean fun . . . [a] convoluted, scandal-greased, exposed-backsides-of-the-rich-and-famous story . . . told in a confiding, breathless undertone."—Entertainment Weekly Jules Mendelson is wealthy. Astronomically so. He and his wife lead the kind of charity-giving, art-filled, high-society life for which each has been carefully groomed. Until Jules falls in love with Flo March, a beautiful actress/waitress. What Flo discovers about the superrich is not a pretty sight. And in the end, she wants no more than what she was promised. But when Flo begins to share the true story of her life among the Mendelsons, not everyone is in a listening mood. And some cold shoulders have very sharp edges. . . .
