Have you ever felt guilty throwing out food? Of course, you have, but that's all about to change. The stuff you always thought of as trash just became the main course. Look into the fridge. At first glance it might not look like there's much to eat, just a mishmash of ingredients that don't go together. But carrot tops can be pesto and brown bananas are the start of an incredible cake. Suddenly you have uncovered an undiscovered treasure chest for making the most out of "nothing." Joel Gamoran dives into the kitchen, changing expectations, not just about how to use all ingredients to their max, but how to make the most of every resource in your kitchen. Flip over that cast-iron skillet for a stellar pizza stone. Don't throw away those apple cores, shrimp shells, or leftover pickle juice. Transform them into gorgeous meals, such as Apple Core Butter Roasted Duck, Shrimp Shell Chowder, or Pickle Juice Brined Pork Chops. Think outside of the recipe box—learn to be creative when it comes to making food. Resourcefulness is an essential part of cooking; Gamoran's experiences in culinary schools and as a professional chef have taught him that everything in the kitchen can, and should, be used. His relaxed laid-back tone tackles a serious subject. It embraces a lifestyle that eliminates waste, helps the environment, and enables home cooks to stretch their food budgets. *Cooking Scrappy* saves you money, helps to save the planet, and ups your cooking game. Joel stands for the bruised, the forgotten, and the back of the fridge. Will you stand with him?!

The movement known as Hindu Resurgence, Hindu Awakening or Hindu Renaissance has become increasingly noticeable, and there is a distinct effort to liberate Hinduism from the definitions and limitations imposed by the domination of hostile outsiders. However, confusion and lack of proper information are still serious obstacles on the path of proper understanding and realisation. India, or as it was called in ancient times, Bharata Varsha, has an immense potential that can be materialised simply by returning to the correct original perspective of the golden Vedic civilisation that is the natural heritage of all Indians and in fact of all human beings. The Rig Veda samhita (9.63.5) points us in the correct direction: *Krinvanto visvam ariyam*, "Let everyone become ariya"

This is a compelling biography of one of India's most controversial and consequential public figures. V.K. Krishna Menon continues to command our attention not just because he was Jawaharlal Nehru's confidant and soulmate but also for many of his own political and literary accomplishments. A relentless crusader for Indian independence in the UK in the 1930s and 1940s, he was a global star at the United Nations in the 1950s before he was forced to resign as defence minister in the wake of the India-China war of 1962. Meticulously researched and based entirely on new archival material, this book reveals Krishna Menon in all his capabilities and contradictions. It is also a rich history of the tumultuous times in which he lived and which he did so much to shape.

When you are denied something, its value is grossly overestimated in your mind. I rejected all the gifts in our life and dwelled on its single deficiency. Pregnancy was an exclusive club and I wanted to break in. When Rohini married Ranjith and moved to the 'big city', they had already planned the next five years of their life: job, home, and then child. After three years of marriage and amidst increasing pressure from family, they decided to seek medical help to conceive. But they weren't prepared for what

came next—not only in terms of the invasive, gruelling and deeply uncomfortable nature of infertility treatment but also the financial and emotional strain it would put on their marriage, and the gnawing shame and feeling of inadequacy that she would experience as a woman unable to bear a child. *What's a Lemon Squeezer Doing in My Vagina?* is a witty, moving and intensely personal retelling of Rohini's five-year-long battle with infertility, capturing the indignities of medical procedures, the sting of prying questions from friends and strangers, the disproportionate burden of treatment on the woman, the everyday anxieties about wayward hormones, follicles and embryos and the overarching anxiety about the outcome of the treatment. It offers a no-holds-barred view of her circuitous and highly bumpy road to motherhood.

'Am I A Terrorist?' is a book of poems that starts with a chilling introductory poem of a terrorist who is all set to murder many innocent people in cold blood. However, the terrorist's plot is unveiled and he is caught by the authorities. He ends up winning a medal for his country at the Commonwealth Games, a feat that brings him laurels. The remaining poems deal with the trials of war, life and optimism, patriotism, humanity and freedom. There is a second section in which the poet brings out her love for Mother Nature, describing how mankind should protect the world they live in, by treating it as a gift and an asset.

Hindi cinema was trapped in formulaic cliches for decades: lost-and-found themes, sacrificing mothers, brothers on opposite sides of the law, villains lordling over their dens, colourful molls, six songs, the use of rape as a plot pivot, and cops who always arrived too late. It hit an all-time low in the 1980s. Then, in 1991, came liberalization, and a wave of openness and aspiration swept across urban India. Dilwale Dulhania Le Jayenge was released in 1995 - and Hindi cinema became Bollywood. A new crop of film-makers began to challenge and break away from established rules. Over the next twenty years, a number of Hindi films consistently pushed the envelope in terms of content and technique to create a new kind of cinema. Among other innovations, film-makers came up with ways of crowd funding a film (*Ankhon Dekhi*), did away with songs if the narrative did not need them (*Gangaajal*), addressed different sexual preferences (*My Brother ... Nikhil*) and people with special needs (*Black*) like no one had ever done before. As film critic with the *Indian Express*, Shubhra Gupta has stayed the course these twenty years and more and experienced the transition first-hand. In *50 Films That Changed Bollywood, 1995-2015*, she looks at the modern classics that have redefined Hindi cinema - from *DDLJ* and *Rangeela* to *Satya* and *Dev D* to *Queen* and *Bajrangi Bhaijaan*. Gupta offers a fascinating glimpse into how these films spoke to their viewers and how the viewers reacted to them - and, ultimately, how they changed us and how we changed them.

Perhaps the only novel to have been reprinted nearly every year for over a hundred years, *Indulekha* (1889) is widely held to be the first Malayalam novel. Often called an 'accidental' and 'flawed' work, at its core lies a love story. The setting of the novel is the Nair community of Kerala, which had for centuries practised polyandrous matriliney, a most unusual form of inheritance through the woman whom both property and authority flavoured. It gives us glimpses of prevalent social practices much debated amongst a people already under colonial pressure to change their ways of life. Written by a Nair, *Indulekha* is not a grandiose outpouring but the author's effort to achieve certain social goals: firstly, to create a novel much like those of the English authors he had read, and secondly, to illustrate Nair society at that time, both of which met with success. The novel influenced the deliberations of the Malabar Marriage Commission which it predated, and of which Chandum enon was a member. This novel will appeal to general readers interested in Indian writings in translation. Students of literature, history and culture, political and legal theory, and gender studies, will also find it useful.
