This volume examines the assessment of higher order thinking skills from the perspectives of applied cognitive psychology and measurement theory. The volume considers a variety of higher order thinking skills, including problem solving, critical thinking, argumentation, decision making, creativity, metacognition, and self-regulation. Fourteen chapters by experts in learning and

measurement comprise four sections which address conceptual approaches to understanding higher order thinking skills, cognitively oriented assessment models, thinking in the content domains, and practical assessment issues. The volume discusses models of thinking skills, as well as applied issues related to the construction, validation, administration and scoring of performancebased, selected-response, and constructed-response assessments. The goal of the volume is to promote a better theoretical understanding of higher order thinking in order to facilitate instruction and assessment of those skills among students in all K-12 content domains, as well as professional licensure and certification settings.

The English-language debut of Indonesia's rising star. The epic

novel *Beauty Is a Wound* combines history, satire, family tragedy, legend, humor, and romance in a sweeping polyphony. The beautiful Indo prostitute Dewi Ayu and her four daughters are beset by incest, murder, bestiality, rape, insanity, monstrosity, and the often vengeful undead. Kurniawan's gleefully grotesque hyperbole functions as a scathing critique of his young nation's troubled past: the rapacious offhand greed of colonialism; the chaotic struggle for independence; the 1965 mass murders of perhaps a million "Communists," followed by three decades of Suharto's despotic rule. *Beauty Is a Wound* astonishes from its opening line: One afternoon on a weekend in May, Dewi Ayu rose from her grave after being dead for twenty-one years.... Drawing on local sources—folk tales and the all-night shadow puppet plays, with their bawdy wit and epic scope—and inspired by Melville and Gogol, Kurniawan's distinctive voice brings something luscious yet astringent to contemporary literature.

The best propaganda is made by the best artists. Posters have to be sharp, attractive and to the point, as well as exploiting ancient prejudices using techniques that sway opinion. They are designed to be understood in the blink of an eye from a distance of at least six feet and, if they don't appeal directly to the emotions, they should immediately be torn up and thrown away. This book features propaganda posters and cartoons by some of the world's greatest artists, including portraits of Napoleon by Gillray and Ingres, Edward VII by Jean Veber, the drooling gorilla of German militarism by H R Hopps, Uncle Sam by James Montgomery Flagg, Hitler in several guises, and so much more. Within these pages, you'll find extraordinary art with a job to do. And from these

ingenious images, you'll gain unique insight into the cultures that produced them.

How did cranes come to symbolize matrimonial happiness? Why were magpies the only creatures that would not go inside Noah's Ark? Birds and bird imagery are integral parts of our language and culture. With her remarkable ability to dig up curious and captivating facts, Diana Wells hatches a treat for active birders and armchair enthusiasts alike. Meet the intrepid adventurers and naturalists who risked their lives to describe and name new birds. Learn the mythical stories of the gods and goddess associated with bird names. Explore the avian emblems used by our greatest writers--from Coleridge's albatross in "The Ancient Mariner" to Poe's raven. A sampling of the bird lore you'll find inside: Benjamin Franklin didn't want the bald eagle on our National Seal because of its "bad moral character," (it steals from other birds); he lobbied for the turkey instead. Chaffinches, whose Latin name means "unmarried," are called "bachelor birds" because they congregate in flocks of one gender. Since mockingbirds mimic speech, some Native American tribes fed mockingbird hearts to their children, believing it helped them learn language. A group of starlings is called a murmuration because they chatter so when they roost in the thousands. Organized alphabetically, each of these bird tales is accompanied by a two-color line drawing. Dip into *100 Birds* and you'll never look at a sparrow, an ostrich, or a wren in quite the same way.

They are caught up in major forms of contemporary social conflict. The work has been highly acclaimed. The poet Taufiq Ismail has written: "A renewal has taken place in Indonesian literature over the past decade. *Supernova* is an intelligent, unique and truly exciting exploration of science, spirituality and the nature of love." The literary critic Jacob Soemardjo suggests: "This is an attractive novel by a young writer. It is an intellectual work in the form of a work of pop art, set in the real world. It opposes old values with new ways of understanding, so that readers can see the world in a different way."

Despite global economic volatility, growth in developing East Asia and Pacific (EAP) was resilient during 2018, and in the first quarter of 2019. The growth outlook for developing EAP is expected to soften in 2019, as China's economic expansion continues to moderate. Downside risks remain, including expected moderated global demand, continued trade tensions, the risk of a faster-than-expected financial tightening in developed economies, the risk of weaker-than-expected growth in China, and continued financial market volatility. Also, or in combination, these risks could weigh on the region's growth prospects in the short-to-medium term. To manage global and regional headwinds, developing EAP economies should reduce short-term vulnerabilities and enhance buffers, redouble their commitment to an open, rules-based international trade and investment framework, including through deeper regional economic integration, and deepen structural reforms. The

intensification of risks underscores the need to continue to enhance economic security by investing in human capital and strengthen social assistance.

Vivid, bawdy, comic, and arresting, the exciting new novel by the Indonesian phenomenon, Eka Kurniawan Told in short, cinematic bursts, *Vengeance Is Mine, All Others Pay Cash* is gloriously pulpy. Ajo Kawir, a lower-class Javanese teenage boy excited about sex, likes to spy on fellow villagers in flagrante, but one night he ends up witnessing the savage rape of a beautiful crazy woman by two policemen. Deeply traumatized, he becomes impotent. His efforts to get his virility back all fail, and Ajo Kawir turns to fighting as a way to vent his frustrations. He gets such a fearsome reputation as a brawler that he is hired to kill a thug named The Tiger, but instead Ajo Kawir falls in love with Iteung, a gorgeous female bodyguard who works for the local mafia. Alas, the course of true love never did run smooth... Fast-forward a decade. Now a truck driver, Ajo Kawir has reached a new equanimity, thinking that his penis may be trying to teach him a lesson and even consulting it in many situations as if it were his guru—love may yet triumph. *Vengeance Is Mine, All Others Pay Cash* shows Eka Kurniawan in a gritty, comic, pungent mode that fans of Quentin Tarantino will appreciate. But even with its liberal peppering of fights, high-speed car chases, and ladies heaving with desire, the novel continues to explore Kurniawan's familiar themes of female agency in a violent male world dominated by petty criminals and a corrupt police state.

Cultural Tourism remains the only book to bridge the gap between cultural tourism and cultural and heritage management. The first edition illustrated how heritage and tourism goals can be integrated in a management and marketing framework to produce sustainable cultural tourism. The current edition takes this further to base the discussion of cultural tourism in the theory and practice of cultural and heritage management (CM and CHM), under the understanding that for tourism to thrive, a balanced approach to the resource base it uses must be maintained. An 'umbrella approach' to cultural tourism represents a unique feature of the book, proposing solutions to achieve an optimal outcome for all sectors. Reflecting the many important developments in the field this new edition has been completely revised and updated in the following ways: • New sections on tangible and intangible cultural heritage and world heritage sites. • Expanded material on cultural tourism product development, the cultural tourism market and consumer behaviour, planning and delivery of exceptional experiences • New case studies throughout drawn from cultural attractions in developing countries such as Southeast Asia, China, South Africa and the Pacific as well as from the developed world, particularly the United States, Britain, Japan, Singapore, Australia and Canada. Written by experts in both tourism and cultural heritage

management, this book will enable professionals and students to gain a better understanding of their own and each other's roles in achieving sustainable cultural tourism. It provides a blueprint for producing top-quality, long-term cultural tourism products.

Yet many of them went quickly out of print after their initial publication in far-flung journals. Brought together for the first time in this volume compiled and edited by Simon Bronner, the selection surveys Dundes's major ideas and emphases, and is introduced by Bronner with a thorough analysis of Dundes's long career, his interpretations, and his inestimable contribution to folklore studies. The Heike Story is a modern translation of a Japanese classic. Kyoto in the twelfth century was a magnificent city, but crime, disorder, and lust were rampant. The people were abused by the nobility, while armed Buddhist monks terrorized court and commoner alike. In despair, the Emperor called upon the Heike and Genji clans to quell civil disturbances. Although the clans

succeeded, they quarreled over the spoils of war and plunged the country into a century of warfare. The Heike Story describes the rise to power of Kiyomori of the Heike clan during this turbulent time. From a youth sunk in poverty, Kiyomori eventually rose to become the Emperor's Chief Councilor. Although he was a gentle, enlightened man, he left a trail of bloodshed and ruin in his wake. The strange twists of Kiyomori's fate are the core of this epic novel. Its exotic atmosphere, narrative power, pageantry, and poetry will enthrall readers and provide an entertaining introduction to an important source of Japanese culture. This new edition features a foreword by Dr. Davinder Bhowmik that introduces this celebrated author and book to modern readers.
