*Navigating Digital Communication and Challenges for Organizations* IGI Global

'I have used this book in all its editions since first publication with my undergraduate and postgraduate students. It is a core text for all the students, because it provides the detail they require at an academic level. Importantly it is a book for the practitioner to use too. This is why we use it on our postgraduate practitioner programmes - where we actually buy the book for the students as we believe it is that important. No other text comes close and literally thousands of our graduates have benefitted from it in their subsequent careers: written by the specialist for the specialist.' David Edmundson-Bird Principal Lecturer in Digital Marketing Manchester Metropolitan University Now in its sixth edition, *Digital Marketing: Strategy, Implementation and Practice* provides comprehensive, practical guidance on how companies can get the most out of digital media and technology to meet their marketing goals. Digital Marketing links marketing theory with practical business experience through case studies and interviews from cutting edge companies such as eBay and Facebook, to help students understand digital marketing in the real world. Readers will learn best practice frameworks for developing a digital marketing strategy, plus success factors for key digital marketing techniques including search marketing, conversion optimisation and digital communications using social media including Twitter and Facebook. Dave Chaffey is a digital marketing consultant and publisher of marketing advice site SmartInsights.com. He is a visiting lecturer on marketing courses at Birmingham, Cranfield and Warwick universities and the Institute of Direct Marketing. Fiona Ellis-Chadwick is a Senior Lecturer in Marketing at the Loughborough University School of Business and Economics, Director of the Institute of Research Application and Consultancy at Loughborough University, academic marketing consultant and author.

**Introduction to e-Business** Oxford University Press

Digital Marketing: A Practical Approach 2nd Edition is a step-by-step guide to marketing using the Internet. Concentrating on the operational and functional aspects of this dynamic subject, the book is packed with tactical advice and real-life examples from those leading the field to help you succeed. Written as an accessible guide to equip you for the digital element of any contemporary marketing role, Digital Marketing covers all the key topics including search engine optimization and social media marketing. With real-world case studies to illustrate digital marketing in practice and exercises to help you analyse, plan and execute effective strategies within the workplace, this practical resource will prepare you to undertake digital marketing across a variety of organizations. More than just a book, this complete package features an associated website at [AlanCharlesworth.eu/DigitalMarketing](http://AlanCharlesworth.eu/DigitalMarketing) which hosts the case studies for the book, offers further tips and advice and provides access to a wealth of extra material such as up-to-date references and web links. This new, second edition builds on the first edition's success by addressing the key recent developments in digital marketing including an expanded section on social media marketing and an appreciation of the impact of mobile devices. Moreover, it's been thoroughly updated throughout, with brand new cases and examples with an international range, all of which encourage the reader to quickly learn the practical applicability of the theory and practice of emarketing.

*Dynamic Digital Marketing* Routledge

The modern marketer needs to learn how to employ strategic thinking alongside the use of digital media to deliver measurable and accountable business success. Digital Marketing Strategy covers the essential elements of achieving exactly this by guiding you through every step of creating your perfect digital marketing strategy. This book analyzes the essential techniques and platforms of digital marketing including social media, content marketing, SEO, user experience, personalization, display advertising and CRM, as well as the broader aspects of implementation including planning, integration with overall company aims and presenting to decision makers. Simon Kingsnorth brings digital marketing strategy to life through best practice case studies, illustrations, checklists and summaries, to give you insightful and practical guidance. Rather than presenting a restrictive 'one size fits all' model, this book gives you the tools to tailor-make your own strategy according to your unique business needs and demonstrates how an integrated and holistic approach to marketing leads to greater success. Digital Marketing Strategy is also supported by a wealth of online resources, including budget and strategy templates, lecture slides and a bonus chapter.

*Dalrymple's Sales Management* Routledge

In the last decade, the use of data sciences in the digital marketing environment has increased. Digital marketing has transformed how companies communicate with their customers around the world. The increase in the use of social networks and how users communicate with companies on the internet has given rise to new business models based on the bidirectionality of communication between companies and internet users. Digital

marketing, new business models, data-driven approaches, online advertising campaigns, and other digital strategies have gathered user opinions and comments through this new online channel. In this way, companies are beginning to see the digital ecosystem as not only the present but also the future. However, despite these advances, relevant evidence on the measures to improve the management of data sciences in digital marketing remains scarce. *Advanced Digital Marketing Strategies in a Data-Driven Era* contains high-quality research that presents a holistic overview of the main applications of data sciences to digital marketing and generates insights related to the creation of innovative data mining and knowledge discovery techniques applied to traditional and digital marketing strategies. The book analyzes how companies are adopting these new data-driven methods and how these strategies influence digital marketing. Discussing topics such as digital strategies, social media marketing, big data, marketing analytics, and data sciences, this book is essential for marketers, digital marketers, advertisers, brand managers, managers, executives, social media analysts, IT specialists, data scientists, students, researchers, and academicians in the field.

**The SOSTAC Guide to Your Perfect Digital Marketing Plan** IGI Global

Aimed at students, this work covers various aspects of e-business - focusing on sales and marketing, as well as detailing procurement, supply chains, and the legal and security considerations. *Start with Why* Routledge

An Introduction to e-Business provides the contemporary knowledge of the key issues affecting the modern e-business environment and links theory and practice of management strategies relating to e-business. This book brings together the most cogent themes for an introduction to e-business and constitutes a valuable contribution to formalising common themes for teaching the subject in higher education. It brings together theoretical perspectives based on academic research and the application of e-business strategies. These concepts are further explored in the six case studies that follow the set chapters. This new textbook integrates the main themes to provide a complete picture of the key elements relevant to an introductory text in e-business. To fully appreciate the e-business environment it is necessary to understand the links between the different disciplines that come together to form

**E-business and E-commerce Management** Routledge

This problem-solving text highlights the key issues faced by managers in identifying, capturing and systematising information in order to improve organisational performance.

**Advanced Digital Marketing Strategies in a Data-Driven Era** Routledge

Across the globe, Google, Amazon, Facebook, Apple and Microsoft have accumulated power in ways that existing regulatory and intellectual frameworks struggle to comprehend. A consensus is emerging that the power of these new digital monopolies is unprecedented, and that it has important implications for journalism, politics, and society. It is increasingly clear that democratic societies require new legal and conceptual tools if they are to adequately understand, and if necessary check the economic might of these companies. Equally, that we need to better comprehend the ability of such firms to control personal data and to shape the flow of news, information, and public opinion. In this volume, Martin Moore and Damian Tambini draw together the world's leading researchers to examine the digital dominance of technologies platforms and look at the evidence behind the rising tide of criticism of the tech giants. In fifteen chapters, the authors examine the economic, political, and social impacts of Google, Amazon, Facebook, Apple, and Microsoft, in order to understand the different facets of their power and how it is manifested. Digital Dominance is the first interdisciplinary volume on this topic, contributing to a conversation which is critical to maintaining the health of democracies across the world.

**Total E-mail Marketing** Pearson UK

Built around the CIM e-Marketing Award, this book addresses an important area of marketing. The core of the book is an established but flexible marketing model that makes sense of the issues that online and interactive techniques can create.

**Digital Dominance** Taylor & Francis

Now in its fifth edition, Digital Marketing (previously Internet Marketing) provides comprehensive, practical guidance on how companies can get the most out of digital media to meet their marketing goals. Digital Marketing links marketing theory with practical business experience through case studies and interviews from cutting edge companies such as eBay and Facebook, to help students understand digital marketing in the real world.

**Cross-Border E-Commerce Marketing and Management** Pearson Education India

Digital marketing now represents 25% of the marketing spend in the UK and this is predicted to move to 50% or higher within the next three years.

Understanding Digital Marketing looks at the world of digital marketing: how it got started, how it got to where it is today, and where the thought leaders in the industry believe it is headed in the future. This authoritative title demonstrates how to harness the power of digital media and use it to achieve the utmost success in business, now and in the future. Understanding Digital Marketing deals with every key topic in detail, including: search marketing, social media, Google, mobile marketing, affiliate marketing, e-mail marketing, customer engagement and digital marketing strategies.

Essential reading for both practitioners and students alike, and including real-world examples of digital marketing successes and expert opinions,

Understanding Digital Marketing provides you with tools to utilize the power of the internet to take your company wherever you want it to go.

**Digital Marketing All-In-One For Dummies** Wiley Global Education

Public involvement has the power to promote an active circulation of media content and can generate economic and cultural value for organizations. The current perspectives on interactions between audiences, organizations, and content production suggests a relational logic between audiences and media through new productivity proposals. In this sense, it is interesting to observe the reasoning of audience experience through the concepts of interactivity and participation. However, there is a gap between the intentions of communication professionals and their organizations and the effective circulation and content retention among the audiences of interest, as well as the distinction between informing and communicating.

Navigating Digital Communication and Challenges for Organizations discusses communication research with a focus on organizational communication that includes a range of methods, strategies, and viewpoints on digital communication. Covering a range of topics such as internal communication and public relations, this reference work is ideal for researchers, academicians, policymakers, business owners, practitioners, instructors, and students.

**New Developments in Online Marketing** Pearson Higher Ed

2019 Edition (V5) of PR Smith's popular SOSTAC (r) planning system shows how to write the perfect plan and can be learned in 3 minutes. The SOSTAC Guide to your Perfect Digital Marketing Plan, can be skimmed in 30 minutes and digested in detail in 3 hours. The new edition integrates digital developments such as AI, Big Data, IoT, Marketing Automation with brief mentions of VR and AR. So it's bang up to date. The SOSTAC(r) planning system was voted in the Top 3 Marketing Models worldwide by voters in the Chartered Institute Of Marketing's Centenary Poll. SOSTAC(r) has since been adopted by LinkedIn, KPMG, Greenpeace and many more bluechips and start-ups. The entire book is written in easily digestible chunks so readers can dip in and out. Who can use this book? The book is aimed at anyone involved in digital marketing, or marketing, or just interested in digital marketing. Readers can see how it all fits together. More advanced marketers use it as a 'dip in & out' (e.g. the digital marketing strategy chapter), while less experienced marketers benefit from all six chapters and the many links to cutting-edge websites, digital tools and videos. The 6 Chapters: Situation Analysis (where are we now?) Objectives (where are we going?) Strategy (how do we get there?) Tactics (details of strategy incl. marketing mix) Action (checklists, guides, systems & internal marketing) Control (how do we know if we are going to get there?) Who is the author? PR Smith is the co-author of the hugely influential 'Digital Marketing Excellence' (with Dave Chaffey) and several other marketing books including the best-selling Marketing Communications text going into its 7th ed this year. This new SOSTAC(r) Guide has achieved more than 3,000 pre-sales. The book is now also available from Amazon, iBooks, other networks or [www.PRSmith.org/sostac](http://www.PRSmith.org/sostac). There is a free Kindle app which allows readers to enjoy this eBook on any mobile, iPad or laptop in addition to a kindle. What Experts Say About This Book "Although most businesses are now doing digital marketing, nearly half don't have a plan - that's shocking! SOSTAC(r) gives you an awesomely simple framework to put that right." Dave Chaffey, CEO Smart Insights "A really good easy-to-follow guide" Ged Carroll, Digital Director VP Europe, RacePoint Global "This is essential reading and an invaluable reference guide for any marketer who needs to create impressive, persuasive and effective digital marketing plans." IDM SOSTAC(r) Certified Planners online portal is now open for those that want to become SOSTAC(r) Certified Planners. Visit <https://www.SOSTAC.org> to register, download manuals drawn from these books and take the online, open-book, multiple choice case study assessment. Upon reaching 60% + the applicant receives a SOSTAC(r) Certified Planner certificate. See <http://www.PRSmith.org/SOSTAC> for more or just go directly to <https://www.SOSTAC.org>
