Purchasing and Supply Management Wiley

The Wiley Study Guides for the Level 1 CFA exam are proven to help candidates understand, retain, and master the CFA Program Curriculum, complete with color-coded Study Guides and coverage of every Learning Outcome Statement on the exam. With over 1,000 pages of distilled knowledge from our staff of CFA charterholders and instructors, these books are a highly effective and proven study aid filled with exam tips, fundamental concepts, and in-depth examples. Our authors have used their years of personal teaching experience with students from a variety of backgrounds to develop study guides that improve the study experience of CFA Level I candidates and include practical and helpful tips and test-taking advice throughout the text. The color-coding feature, which makes it easier for you to follow cases and examples that make references to graphs and sets of financial statements. Most subjects, especially Economics, Portfolio Management and Fixed Income use plenty of figures and diagrams to illustrate important concepts. Our study guides include all those figures and additional commentary to make the material easily understandable.

Financial Management for Higher Awards BPP Learning Media

Fundamentals of Cost Accounting EduGorilla Community Pvt. Ltd.

The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

Accounting for Business Elsevier

"English as a Legal Language is a lawyer's plain language guide to English legal terminology. Anyone who finds it difficult to express legal terms in English simply looks under the general heading to find the relevant terms and their usage. This book can also be used to find explanations of words from a translating dictionary. Further, it is structured as a thesaurus, organized according to topic with an alphabetical index. More and more, lawyers need the English language. But attempts to convert the language to meet one's own purpose often result in misconceptions. English legal language has its roots in the Anglo-American legal tradition and the non-native speaking lawyer may have difficulty understanding a word choice in English without

also seeing how it fits into legal thinking and relates to other words in the subject area as a whole. "English as a Legal Language offers a comparative lexicon of US and UK legal systems, with references to European legal systems. Special features of this work include: - The vocabulary of an entire area of law in each section; - A verb section which provides guidance on substantives, adjectives, adverbs, phrases, usage, as well as sample sentences and clues about typical mistakes; and - An index which gives an alphabetical rendition of the topically ordered definitions - essential for words that have multiple definitions. All lawyers working in English, and especially continental European lawyers, will find this book indispensable in their practices. The book is also of prime interest to business people, accountants, translators, legal secretaries and students. It will enable all practitioners and academics to express complex ideas in English, to understand the intricacies of English as a legal language, and to avoid the potential mishaps, when language barriers prevent a true meeting of minds.
