COLTON MATHEWS

Ten Little Robots Board Book Holiday House
Introduce kids to the planets and solar system in this fractured fairy tale retelling of the classic The Three Little Pigs. Parents and children alike will adore this out-of-this-world story, which is set in outer space! GREEP BOINK MEEP! The three little aliens are happily settling into their new homes when the Big Bad Robot flies in to crack and smack and whack their houses down! A chase across the solar system follows in this humorous and visually stunning book from Margaret McNamara (How Many Seeds in a Pumpkin?) and Mark Fearing (The Book that Eats People). The endpapers even include a labeled diagram of all the

planets.

Weird Little Robots

Handprint Books

Who would have thought a hunk of metal could be so personable?

Brownlow's saturated colours and whimsical chant-along text enliven this story about a hilarious community of robots. From the ultratech holographic glow of the title to the last muted bleep of a snoozing baby robot, the pages in Little Robots are packed with endearing hijinks.

The Three Little Aliens and the Big Bad Robot

Random House Books for Young Readers

It's a book, a toy, and a robot! This build-it-yourself book that Newsweek called "Toy of the Year" is all of these things and more. This book is more than a book—it's a robot waiting to be made! The sturdy, ultrathick cardboard pages contain all the

necessary robot components as well as clear instructions for assembly. The flat pieces fit together with slots and tabs, which means there's no glue and no mess—just a lot of robot fun! Budding engineers will enjoy this engaging book that encourages them to build and play. This book contains small pieces that could be a choking hazard, and is not intended for children under age 3.

The Little Wooden Robot and the Log Princess
Schwartz & Wade
In this highly-illustrated series from James Patterson, an extraordinary robot signs up for an ordinary fifth grade class . . . and elementary school will never be the same! It was never easy for Sammy Hayes-Rodriguez to fit in, so he's dreading the day when his genius mom insists he bring her newest invention to school: a walking, talking robot he calls E-for "Error". Sammy's no stranger to robots; his house is full of a colorful cast of them. But this one not only thinks it's Sammy's brother . . . it's actually even nerdier than Sammy. Will E be Sammy's one-way ticket to Loserville? Or will he prove to the world that it's cool to be square? It's a roller-coaster ride for Sammy to discover the amazing secret E holds that could change family forever . . . if all goes well

on the trial run!

Gibbs Smith

A colouring book with text and images based around the Little Robots theme tune. Full page images of all the characters are included with their names, together with a lively rhyming account of how the Little Robot's world came to be.

The Wild Robot Henry Holt and Company (BYR)

A playful robot bedtime story, illustrated by Caldecott Honoree John Rocco! Quiet at last. Not a peep. Three little robots are... BEEP! BEEP! When his three rambunctious

robots give every possible excuse not to go to sleep, what's a little boy to do? With a fun refrain that will have readers of all ages chanting along, here's a book that kids will be begging to read every night before bed.

Rockin' Robots ABDO
A New York Times/New York Public Library Best Illustrated Book of the Year In this fresh new fairy tale, a wooden robot embarks on a quest to find his missing sister--making for a memorable contemporary bedtime story in acclaimed graphic novelist Tom Gauld's first picture book for children. For years, the king and queen have tried desperately to have a baby. Their wish was granted twice, when an engineer and a witch gave them a little wooden robot and an enchanted log princess. But there's just one catch: every night when the log princess sleeps, she transforms back into an ordinary log, and can only be woken up with magic words. The princess and her robot brother are inseparable, until the sleeping princess, mistaken for lumber, is accidentally carted off to parts unknown. Now it's up to her devoted brother to find her, and get them

safely back home. They need to take turns to get each other home, and on the way, they face a host of adventures involving the Queen of Mushrooms, a magic pudding, a baby in a rosebush, and an old lady in a bottle. This is acclaimed graphic novelist Tom Gauld's first picture book for children, inspired by a bedtime story he made up for his daughters. In his words, "I was trying to make a book inspired by three different sets of books: The books that I remember enjoying as a child, the books that I watched my daughters enjoying, and the books I enjoy now as an adult. I wanted the book to have its own quirky feeling but also to function like a classic bedtime story." Add magnets to show Sporty having a race with the Sparky Twins and Messy, and decide to whom Stripy is telling a story. The magnets can be used again and again on different pages. *Robots Activity Book* Bellwether Media Wall-E meets Hatchet in this New York Times bestselling illustrated middle grade novel from Caldecott Honor winner Peter Brown Can a robot survive in the wilderness? When robot Roz opens her eyes for the first time, she discovers that she is all alone on a remote, wild island. She has no idea how she got there or what her purpose is--but she knows she needs to survive. After battling a violent storm and escaping a vicious bear attack, she realizes that her only hope for survival is to adapt to her surroundings and learn

from the island's unwelcoming animal inhabitants. As Roz slowly befriends the animals, the island starts to feel like home--until, one day, the robot's mysterious past comes back to haunt her. From bestselling and award-winning author and illustrator Peter Brown comes a heartwarming and action-packed novel about what happens when nature and technology collide.
