Creative Approach to Teaching Spelling: The what, why and how of teaching spelling, starting with phonics Chandresh Agrawal

Phonics for Pupils with Special

Educational Needs is a complete, structured, multisensory programme for teaching reading and spelling, making it fun and accessible for all. This fantastic seven-part resource offers a refreshingly simple approach to the teaching of phonics, alongside activities to develop auditory and visual perceptual skills. Specifically designed to meet the needs of pupils of any age with special educational needs, the books break down phonics into manageable core elements and provide a huge wealth of resources to support teachers in teaching reading and spelling. Book 1: Building Basics introduces basic sounds and explores their relationship with letters. It focuses on sounds and letters where there is a simple 1:1 correspondence between the two, and explores the sounds in simple words that follow the pattern of vowel-consonant or consonant-vowel-consonant. Sounds are

grouped into seven sets, with each set containing more than 50 engaging activities, including: sound story, dynamic blending, reading race, spot the word and spelling challenge. Thorough guidance is provided on how to deliver each activity, as well as a lesson planner template, handy word lists and posters for teachers and teaching assistants to use to support learning. Each book in the series gradually builds on children's understanding of sounds and letters and provides scaffolded support for children to learn about every sound in the English language. Offering tried and tested material which can be photocopied for each use, this is an invaluable resource to simplify phonics teaching for teachers and teaching assistants and provide fun new ways of learning phonics for all children. This book is accompanied by a companion resource, 'Phonics for Pupils with Complex SEND', to be used alongside the Phonics for Pupils with Special Educational Needs programme. The activities from Books 1-6 of the programme are adapted to be accessible for non-verbal pupils, including AAC users, and those with physical disabilities.

Teaching Spelling Chandresh Agrawal
Presidential Power, Rhetoric, and the Terror Wars: The Sovereign Presidency argues that the War on Terror provided an opportunity to fundamentally change the presidency. Alexander Hiland analyzes the documents used to exercise presidential powers, including executive orders, signing statements, and presidential policy directives. Treating these documents as genres of speech-act that are ideologically motivated, Hiland provides a rhetorical criticism that illuminates the values and political convictions at play in these documents. This book reveals how both

President George W. Bush and President Barack Obama wielded the personal power of the office to dramatically expand the power of the executive branch. During the War on Terror, the presidency shifted from an imperial form that avoided checks and balances, to a sovereign presidency where the executive branch had the ability to decide whether those checks and balances existed. As a result, Hiland argues that this shift to the sovereign presidency enabled the violation of human rights, myriad policy mistakes, and the degradation of democracy within the United States.
