The engineering Science Paper of GATE exam is a golden opportunity for students who want to pursue their masters from Indian institutes of technology (IITs) and Indian Institute of science (IISc). This paper is especially a boon for students who have their Bachelor degree in Engineering or masters in pure Science. Since the candidates appearing for GATE XE are significantly lesser in number than those of mainstream branches, it becomes easier for students to get into premier research institutes of India by scoring relatively less marks. Gate 2020 Engineering sciences solved papers consists of 11 completely solved previous year's papers from 2009-2019. The solved papers have been arranged in a section-wise format to make learning easier. Each question is supported with detailed solution for the better understanding of concepts and techniques. This book will completely help students to familiarize and practice with the original exam pattern. With detailed solutions to previous year questions, students will be able to gain better insights into preparing more efficiently for GATE 2020. About the current edition: Completely solved papers of last 11 years, from 2009 to 2019 detailed answers to questions.

In his debut collection of short stories, Robert Sheehan disappears into characters, challenging the complacencies of everyday experience, often from entirely unexpected angles. Informed by the author's peripatetic life, Disappearing Act reflects on the absurdity of human behaviour. Sheehan delves deep into his characters' streams of self-talk and self-imposed delusions, exploring the dark impulses that lurk below the shiny surfaces of many outwardly normal lives. Dark and provocative, the collection will stay with the reader long after the book is finished. Warning: Contains Adult Content

This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or "collusion," between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.
