Irish Narrow
Gauge
Railways
Alreland

formerly had
numerous
narrow-gauge
railways, most
of which were
built to a
gauge of 3 ft
(914 mm).

The last (non-preserved) line to close was the West Clare Railway in 1961 (though it has been partially preserved). List of narrow-gauge railways in Ireland - Wikipedia Paul Stevenson has started an email list for modellers of Irish and Manx narrow gauge railways in 15mm to the foot or 1:20.3 scale, on 45mm gauge track. (With sixteen new members in the first day, it looks like he may have struck a chord

with some of us!) Irish Narrow Gauge Railways - TrainWeb Narrow gauge. Numerous narrow-gauge systems were built, usually as three foot railways (3 ft or 914 mm). Most are now closed, including one of the largest narrow-gauge systems, that of the County Donegal Railways Joint Committee. The Irish narrow gauge today survives as heritage railways in both the Republic and in Northern

Ireland. Track gauge in Ireland - Wikipedia She was out of use by the 1960s and was sold to the Hampshire Narrow Gauge Railway Society in 1970 for £60. She was stripped of parts including the boiler, the remains passed to Alan Keef Ltd. In 1988 the Irish Narrow Gauge Trust located its remains and negotiated the purchase of the loco and commissioned Alan Keef to rebuild the engine. Irish
