Creepshow Unauthorized Quiz Book

Simon and Schuster

Released in cinemas in 1982, Creepshow is typically regarded as a minor entry in both the film output of George A. Romero and the history of adaptations of the works of Stephen King. Yet this lack of critical attention hides the fact that Creepshow is the only full collaboration between America's bestselling author of horror tales and one of the masters of modern American horror cinema. Long considered too mainstream for the director of Dawn of the Dead (1978), too comic for the author that gave audiences the film versions of Carrie (1976) and The Shining (1980), and too violent for a cinemagoing public turning away from gore cinema in the autumn of 1982, Creepshow is here reassessed by Simon Brown, who examines the making and release of the film and its legacy through a comic book adaptation and two sequels. His analysis focuses on the key influences on the film, not just Romero and King, but also the anthology horrors of Amicus Productions, body horror cinema, and the special make up effects of Tom Savini, the relationship between horror and humor, and most notably the tradition of EC horror comics of the 1950s, from which the film draws both its thematic preoccupations and its visual style. Ultimately the book argues that not only is Creepshow a major work in

the canons of Romero and King, but also that it represents a significant example of the portmanteau horror film, of the blending of horror and comedy, and finally, decades before the career of Zack Snyder (Watchmen, Man of Steel), of attempting to recreate a comic book aesthetic on the big screen.

Mini Horror Quiz Collection #5 Simon and Schuster

Now in one stunning collection, four of Stephen King's most well-loved horror stories: The Mist, Apt Pupil, The Body, and The Sun Dog. Each standalone story is a riveting master class in short fiction from "the reigning King of American popular literature" (Los Angeles Daily News). In The Mist, terror descends in the wake of a summer storm. David Drayton, his son Billy, and their neighbor Brent Norton join dozens of others and head to the local grocery store to replenish supplies and

become trapped by a strange mist that has enveloped the town. As the confinement takes its toll on the group's nerves, staying in the store may prove fatal—so, the Draytons, Brent, and a handful of other survivors attempt their escape. But what's out there may be worse than what they left behind. Apt Pupil follows Todd Bowden, a top-performing student and all around "good kid" who learns his teacher, Mr. Dussander, is more than he seems. Turns out, Mr. Dussander is the target of a decades-old manhunt. He's never been caught, and Todd doesn't want to be the one to turn him in. Instead, Todd will face his fears and learn the real meaning of power—and the seductive lure of evil. In The Body, it's 1960 in the fictional town of Castle Rock, Maine, and a boy from a neighboring town has vanished. Twelve-year-old Gordie Lachance and his three friends set out on a quest to find his body along the railroad tracks. During the course of their journey, Gordie, Chris Chambers, Teddy Duchamp, and Vern Tessio come to terms with death and the harsh truths of growing up in this iconic, unforgettable, coming-of-age story that was also adapted in the 1986 film classic Stand by Me. In The Sun Dog, Kevin Delavan receives the perfect gift for his fifteenth birthday: a Polaroid Sun 660. But no matter where Kevin Delevan aims the camera, it produces a photograph of an enormous, vicious dog. In each successive picture, the menacing creature draws nearer to the flat surface of the Polaroid film. When old Pop Merrill, the town's sharpest trader, gets wind of this phenomenon, he envisions a way to profit from it. But the Sun Dog, a beast that shouldn't exist at all, is a dangerous investment... This beautiful boxed set makes the perfect gift for seasoned King fans and newcomers alike—and features impeccably crafted, page-turning stories you'll return to again and again.

Creepshow 2 Devil's Advocates
Released in 1987, Laurel Entertainment's Creepshow 2 is the comedy horror anthology film written by George A. Romero and directed by Michael Gornick. Based on material from Stephen King, the film tells the stories of a wooden Native

American statue come to life, a mysterious lake monster, and a relentless and vengeful hitchhiker. Beginning with a foreword by the film's producer David Ball, who praises Lee Karr's 'spectacular detail', this book chronicles every stage of the making of the sequel to George A. Romero's original Creepshow. Lee Karr first sets the pre-production scene, before providing a detailed diary of production in the third chapter. This takes the reader through the shooting of the film day by day, with the help of production files,

scripts, storyboard art and handwritten notes from the director himself. Carr also explores the film's release and life after Creepshow 2, creating a fuller picture of the film and its legacy. Lee Karr stays true to his previous book on George A. Romero's Day of the Dead with his exhaustive research and an involving sense of passion. Drawing on a wealth of unpublished stories and exclusive interviews with actors, costume designers, stunt coordinators and other members of the cast and crew, the reader is given an

access-all-areas pass to the making of the film, leaving no stone unturned. Presenting an impressive overview of the film-making process as well as providing astonishing detail, Karr offers the definitive account of the making of Creepshow 2 and brings the film to life in a way that no other book has ever done before. And now, with seasons 2 and 3 of the Creepshow TV series set to air in 2021, an exploration of the cult film that came to inspire the hit series has never felt so relevant.
