ARIANA PATEL

Desarrollo Psíquico: la Guía Esencial Para la Telepatía, la Adivinación, la Proyección Astral, la Mediumnidad, la Clarividencia, la Curación Y la Magia Psíquica Roca Editorial
A fun and sassy no-nonsense invitation to the practice of astrology with easy-to-understand tools for self-development and conscious living Astrology books are typically either overly simplistic sun-sign books or overly complicated chart calculations filled with astro jargon. Astrology for Real Life goes beyond simple sun-sign interpretation and at the same time cuts through the complications of horoscope analysis to make understanding your chart in depth, simple and easy. The goal is to make astrology accessible to total newbies and provide a working reference guide for intermediates. The book is presented in workbook format exploring each part of chart interpretation—signs, planets, houses, aspects—with exercises following each chapter and fill-in-the-blank lessons that take the reader through all the just-learned steps. The tone is warm, fun, and personal, and the exercises give the reader experiential hands-on practice. The end result: once you learn the basics in Astrology for Real Life, you can easily navigate the cosmos by making them work for you. It's kind of like a roadmap where we begin by understanding the terrain and the tools available. From there, the planets will guide you in making brave, excellent choices in love, work, and life. It's profound, fun, and practical. You'll learn how to interpret your chart with confidence and use astrology in a practical, proactive way, with no astro excuses (blaming the stars for your issues). *24 Minutes On The Other Side* Editorial Almuzara
This book is an English translation of Book 17 of the Astrologia

Gallica. In the First Section, Morin explains the Cabala of the Twelve Houses and their natural foundation. The Second Section is devoted to different methods of House Division. Several horoscopes are shown. The Third Section discusses the formal reasons for the natures of the Houses and their mathematical basis. Morin was a physician who became the most renowned of all French astrologers. He was appointed Royal Mathematician to King Louis XIII and was summoned to be present at the birth of the royal heir, the future King Louis XIV. James Herschel Holden, the translator, is Research Director of the American Federation of Astrologers and has been especially interested in the Morin Method of horoscope interpretation.

Learning how to be exalted by the everyday is the most important lesson we can possibly learn. In Catherine Gray's hilarious, insightful, soulful (and very ordinary) next book, you may learn to do just that. We're told that happiness is in the extraordinary. It's on a Caribbean sun lounger, in the driving seat of a luxury car, inside an expensive golden locket, watching sunrise from Machu Picchu. We strive, reach, push, shoot for more. 'Enough' is a moving target we never quite reach. When we do brush our fingertips against the extraordinary a deeply inconvenient psychological phenomenon called the 'hedonic treadmill' means that, after a surge of joy, our happiness level returns to the baseline it was at before the 'extra' event. So, what's the answer? The Unexpected Joy of the Ordinary theorizes that the solution is rediscovering the joy in the ordinary that we so often now forget to feel. Because we now expect the pleasure of a croissant, a hot shower, a yoga class, someone delivering our shopping to our door, we no longer feel its buzz. The joy of it whips through us like a bullet train, without pause. Catherine Gray was a grandmaster in the art of eye-rolling the ordinary, and skilled in everlasting reaching. Until the black dog of depression forced her to re-think everything. Along the way, she discovered some surprising

realities about the extraordinaries among us: that influencers risk higher rates of anxiety and depression and high-rollers are less happy.

La Astrología Horaria. (Corto periodo) es una parte importante del conjunto de conocimientos astrológicos que forman el legado original de la astrología tradicional. Se consulta el cielo en el momento de la pregunta, con las salvedades que más adelante se indican, y es la lectura del movimiento del cielo el que suele dar una rápida respuesta a lo preguntado, por eso decimos que corresponde a cortos periodos de tiempo. Otra ventaja es que es altamente verificable ¿Encontrare a mi perro? Las respuestas posibles son solo dos, y el acierto solo uno. Incluso se pueden dar detalles de donde puede estar el perro, si ha sido robado, etc.

Outspoken critic Jessa Crispin delivers a searing rejection of contemporary feminism . . . and a bracing manifesto for revolution. Are you a feminist? Do you believe women are human beings and that they deserve to be treated as such? That women deserve all the same rights and liberties bestowed upon men? If so, then you are a feminist . . . or so the feminists keep insisting. But somewhere along the way, the movement for female

liberation sacrificed meaning for acceptance, and left us with a banal, polite, ineffectual pose that barely challenges the status quo. In this bracing, fiercely intelligent manifesto, Jessa Crispin demands more. Why I Am Not A Feminist is a radical, fearless call for revolution. It accuses the feminist movement of obliviousness, irrelevance, and cowardice—and demands nothing less than the total dismantling of a system of oppression. Praise for Jessa Crispin, and The Dead Ladies Project "I'd follow Jessa Crispin to the ends of the earth." --Kathryn Davis, author of Duplex "Read with caution . . . Crispin is funny, sexy, self-lacerating, and politically attuned, with unique slants on literary criticism, travel writing, and female journeys. No one crosses genres, borders, and proprieties with more panache." --Laura Kipnis, author of Men: Notes from an Ongoing Investigation "Very, very funny. . . . The whole book is packed with delightfully offbeat prose . . . as raw as it is sophisticated, as quirky as it is intense." --The Chicago Tribune

Deborah Houlding is a well known and highly respected teacher and practitioner of horary astrology. Her original version of this book came out in 1998 but has been out of circulation for several years. Its welcome return comes in the form of a newly revised and very much updated version of the 1998 edition. The author has included an excellent Appendix on traditional terms, and a Preliminary Guide to the concept of house systems. In depth information is also given on many traditional techniques, which will prove invaluable to the astrology student. An essential source book and almost required reading for any serious astrologer.
