Ways of the World is the textbook preferred by AP World History teachers and students across North America. Like the AP course it supports, Ways of the World focuses on significant historical trends, themes, and developments in world history. Author Robert W. Strayer provides a thoughtful and insightful synthesis that helps students see the big picture. Each chapter then culminates with collections of primary sources (written and visual) organized around a particular theme, issue, or question, thus allowing students to consider the evidence the way historians do. This second edition includes materials and supplements written specifically for the AP course, including an AP Skills Primer and AP Chapter Wrap-Ups, an Annotated Teacher's Edition, and more.

Leaves rustle underfoot in a dark wood: two little girls, extracted from their homes in wartime London, encounter something terrifying in a forest. Later when they meet as grown women, they realise the experience has coloured their lives. A dark tale about the nature of stories themselves. Part of the Storycuts series, this short story was originally published in the collection Little Black Book of Stories.

She's on the sheriff's most wanted list. Waking up with a naked woman holding a knife at his throat is just about the last thing Sheriff Travis Flynn expected. And the brother she's looking for? A murderer. And dead. Probably. But the real shock comes when she insists she's not a Lycan. LeAnn Wilcox isn't looking for love...especially not from some wolf in sheriff's clothing. She operates on the other side of the law. Once she finds her brother-alive-she'll get out of the pack's territory and go back to her regular, normal, non-furry life of changing jobs and her name whenever her past closes in. The cool, logical Sheriff has finally met his match, but LeAnn's life is at stake if she won't claim her place in the pack, especially once his control over the pack is challenged and her brother's fate is questioned.

The new edition of Gene Control has been updated to include significant advances in the roles of the epigenome and regulatory RNAs in gene regulation. The chapter structure remains the same: the first part consists of pairs of chapters that explain the mechanisms involved and how they regulate gene expression, and the second part deals with specific biological processes (including diseases) and how they are controlled by genes. Coverage of methodology has been strengthened by the inclusion more explanation and diagrams.The significant revision and updating will allow Gene Control to continue to be of value to students, scientists and clinicians interested in the topic of gene control.

The Sixteen have become a household name. They are the Voices of Classic FM, and stars of the BBC Four series Sacred Music, presented by Simon Russell Beale. Every year since the millennium, they have undertaken a Choral Pilgrimage, bringing a programme of a cappella vocal music to around thirty cathedrals the length and breadth of the country. They are prolific recording artists, and perform at festivals and venues all over the world. Harry Christophers is a unique figure in music. With The Sixteen, Christophers has succeeded in nurturing a choir of exceptional calibre, establishing a business model that includes a record label and extensive tours to capacity audiences, mining a rich variety of repertoire, and combining enormous popular appeal with the stamp of approval from experts. This book will be accessible to everyone, regardless of musical experience or knowledge. It will appeal to anyone interested in classical music, to those who sing in amateur or professional choirs, and those who love the sound of the human voice.

Crazy Over You

Without the close, there is no sale. Pretty obvious, right? Yet, for many salespeople, closing is the most baffling and elusive part of the selling process. All too often, salespeople meet qualified clients and charm them with an eloquent presentation, only to see the sale mysteriously slip from between their fingers in the end. Which is sad when you consider all the hard work – the prospecting, preparation, planning, and practice – done for the sake of a moment of truth that never arrives. Fortunately, closing is an art that can be mastered, and now Sales Closing For Dummies shows you how. Packed with powerful principles that can help you become a top-producing salesperson, Sales Closing For Dummies is the ultimate guide to mastering that most mysterious part of the selling equation. Tom Hopkins, the legendary sales genius who, by age 30 was the nation's leading real-estate trainer, demystifies closing and shows what it takes to be a champion closer, including how to: Lead a sale without being pushy Read the signs of an interested potential buyer Use questioning methods that close sales, time and again Help clients feel good about their buying decisions Keep your clients' business and build their loyalty Build long-term relationships and watch your sales grow With the help of dozens of real-life examples from a wide cross section of industries, Tom shows why professional selling is about communication, not coercion. And he shares his considerable insight and experience on: Verbal and visual buying cues and how to recognize them Choosing the best location for closing Addressing concerns and creating a sense of urgency Time-tested tactics and strategies for ending customer procrastination, overcoming their fear, closing from a distance, and more The ten biggest closing mistakes and how to avoid them Add-on selling and other ways of getting your clients to help you to build your business Featuring Tom's Hopkins' trademark "Red Flag" key points and situation scripts, this fun, easy-to-understand guide arms you with the hands-on tools and techniques you'll need to become a world-class closer.
