the history and importance of youth participation in politics, suggests reasons for their disengagement, and discusses efforts to increase the interest of young voters in the political process—a process in which they could be a controlling factor. • Biographical sketches of individuals who have played key roles in encouraging political participation among young people and of young people who are, or were, especially active in politics • A chronology of youth political participation in the United States from the Revolutionary War to the present • A directory of organizations that have engaged in the study of youth political participation or that encourage such

participation

## **Handbook of Children's Rights**

ABC-CLIO

While the notion of young people as individuals worthy or capable of having rights is of relatively recent origin, over the past several decades there has been a substantial increase in both social and political commitment to children's rights as well as a tendency to grant young people some of the rights that were typically accorded only to adults. In addition, there has been a noticeable shift in orientation from a focus on children's protection and provision to an emphasis on children's participation and self-determination. With contributions from a wide range of

international scholars, the Handbook of Children's Rights brings together research, theory, and practice from diverse perspectives on children's rights. This volume constitutes a comprehensive treatment of critical perspectives concerning children's rights in their various forms. Its contributions address some of the major scholarly tensions and policy debates comprising the current discourse on children's rights, including the best interests of the child, evolving capacities of the child, states' rights versus children's rights, rights of children versus parental or family rights, children as citizens, children's rights versus children's

responsibilities, and balancing protection and participation. In addition to its multidisciplinary focus, the handbook includes perspectives from social science domains in which children's rights scholarship has evolved largely independently due to distinct and seemingly competing assumptions and disciplinary approaches (e.g., childhood studies, developmental psychology, sociology of childhood, anthropology, and political science). The handbook also brings together diverse methodological approaches to the study of children's rights, including both quantitative and qualitative perspectives, and policy analysis. This

comprehensive, cosmopolitan, and timely volume serves as an important reference for both scholarly and policy-driven interest in the voices and perspectives of children and youth.

### **Children's Rights**

ABC-CLIO

This book provides a detailed introduction to the cloning of both plants and animals and discusses the important social, ethical, political, technical, and other issues related to the practice. • Offers an informed perspective on cloning and its potential applications in everyday life and elsewhere • Includes profiles of key individuals and organizations related to the field of cloning, a Perspectives chapter,

a chronology of important events in the history of cloning, and a glossary of key terms that strengthen the reader's understanding of the topic • Supplies the necessary historical background and context for readers to understand why cloning of both plants and animals is of great importance—and why cloning technology is even more critical when it involves human beings

### **Student Rights**

Oxford University Press, USA

This book exposes the role of children in war, describing where, why, and how children are deployed, the attempts made by international organizations to protect children, and the underlying political and cultural issues that

make this such a thorny issue. • A chronology of major events in the efforts to limit the use of child soldiers • Biographical sketches of famous child soldiers and key figures in the effort to ban the use of child soldiers • A directory of organizations involved in the child soldier issue

A Reference Handbook of the Medical Sciences

Edward Elgar

Publishing

Considering the rights of the child is now central to all fields involving children and to good multi-agency working. This book offers an explanation of the theoretical issues and the key policy developments that are crucial to all professions, and helps the reader to understand children's

rights in relation to their role in working with children and young people. Looking at education, health, social care and welfare, it bridges the gap between policy and practice for children from Birth to 19 years. Chapters cover: - the child's right to play - youth justice and children's rights - the voice of the child - ethical dilemmas in different contexts - involvement, participation and decision making - safeguarding and child protection - social justice and exclusion This book helps the reader understand what constitutes good practice, whilst considering the advantages and tensions involved in working across disciplines to

implement children's rights against a complex legislative and social policy backdrop. Essential reading for undergraduate and graduate students on Early Years, Early Childhood Studies, Childhood and Youth, Education, Law, Social Work, Play and Psychology courses, it is relevant to professionals working across education, health and social work. *Global Refugee Crisis: A Reference Handbook, 2nd Edition* ABC-CLIO An insightful overview of the challenges and emerging solutions surrounding corrections, treatment, and prevention programs for troubled youth. *Juvenile Justice: A Reference Handbook* highlights continuing controversies and emerging solutions and

provides a discussion of the programs, laws, and policies concerning our young people. Also featured are profiles of notable individuals, agencies, and policy-makers in juvenile justice and delinquency prevention. While the focus is on the United States, comparisons to international programs and policies are here as well. A directory of national and international organizations dealing with children's rights and juvenile justice wraps up this highly readable and insightful reference. Students, and those who work with children and teens, will appreciate this broad overview of the causes of delinquency and the workings of the juvenile justice system. Also provided are

cutting-edge research studies, up-to-the-minute statistics, and authoritative sources to further explore these topics. - Includes a detailed chapter containing the most current data on juvenile offenders, juvenile victims, and more - A chronology covers the major events that have shaped our understanding of juvenile delinquency and the development of juvenile justice. Special emphasis is placed on the cyclical nature of the issues and debates regarding delinquency and the juvenile justice system

The World Book Encyclopedia ABC-CLIO

This comprehensive and exhaustive reference work on the subject of education from the primary

grades through higher education combines educational theory with practice, making it a unique contribution to the educational reference market. Issues related to human development and learning are examined by individuals whose specializations are in diverse areas including education, psychology, sociology, philosophy, law, and medicine. The book focuses on important themes in education and human development. Authors consider each entry from the perspective of its social and political conditions as well as historical underpinnings. The book also explores the people whose contributions have played a seminal role in the shaping of

educational ideas, institutions, and organizations, and includes entries on these institutions and organizations. This work integrates numerous theoretical frameworks with field based applications from many areas in educational research. Research Handbook on Human Rights and Business ABC-CLIO This book documents the current global refugee crisis and examines the interrelated factors of immigration enforcement, international human rights law, political violence, and refugee protection. • Provides the latest empirical data covering the last 30 years, analyzing the human rights practices of the states that produce the majority of

the world's asylum seekers • Includes a chapter of over 40 biographies of distinguished refugees from all over the world. • Contains primary source documents of international treaties and protocols related to refugees, as well as data figures revealing statistical trends of asylum seekers and displaced persons *The Importance of Teaching Social Issues* ABC-CLIO Using the Convention on the Rights of the Child as a framework, issues such as child trafficking, child soldiers and child maltreatment are examined in nations around the world, as well as efforts to solve these problems. Youth and Political Participation: A Reference Handbook

ABC-CLIO  
Considers how to  
implement children's  
rights in the twenty-  
first century through a  
child rights-based  
approach to  
sustainable  
development.

Child Soldiers Oxford  
University Press, USA  
"The Handbook aims to  
be a practical tool for  
implementation,  
explaining and  
illustrating the  
implications of each  
article of the  
Convention on the  
Rights of the Child and  
of the two Optional  
Protocols adopted in

**Encyclopedia of  
Education and  
Human Development**

ABC-CLIO  
The first  
comprehensive look at  
the global dilemma of

child migration Why,  
despite massive public  
concern, is child  
trafficking on the rise?  
Why are  
unaccompanied  
migrant children living  
on the streets and  
routinely threatened  
with deportation to  
their countries of  
origin? Why do so  
many young refugees  
of war-ravaged and  
failed states end up  
warehoused in camps,  
victimized by the sex  
trade, or enlisted as  
child soldiers? This  
book provides the first  
comprehensive  
account of the  
widespread but  
neglected global  
phenomenon of child  
migration, exploring  
the complex  
challenges facing  
children and  
adolescents who move  
to join their families,  
those who are moved

to be exploited, and those who move simply to survive. Spanning several continents and drawing on the stories of young migrants, *Child Migration and Human Rights in a Global Age* provides a comprehensive account of the widespread and growing but neglected global phenomenon of child migration and child trafficking. It looks at the often-insurmountable obstacles we place in the paths of adolescents fleeing war, exploitation, or destitution; the contradictory elements in our approach to international adoption; and the limited support we give to young people brutalized as child soldiers. Part history, part in-depth legal and political

analysis, this powerful book challenges the prevailing wisdom that widespread protection failures are caused by our lack of awareness of the problems these children face, arguing instead that our societies have a deep-seated ambivalence to migrant children—one we need to address head-on. *Child Migration and Human Rights in a Global Age* offers a road map for doing just that, and makes a compelling and courageous case for an international ethics of children's human rights.

Modern Slavery: A Reference Handbook  
ABC-CLIO

This book combines theory, practice, and purpose. Readers will encounter the work of leading scholars in human rights

education to see how HRE is understood, taught, lived, and practiced in the Global North and Global South.

*The Oxford Handbook of Children and the Law* Policy Press

This work is an important new edition of a classic study—one of the few exhaustive examinations of childhood sexual abuse available—with 40 percent new material. \* A chronology of important events in the history of child sexual abuse covers the various laws and how they've changed over the centuries (from religious laws allowing marriage to minor girls up through the latest laws relating to Internet issues), notable abuse cases, the formation of major anti-abuse

organizations, and top scientific studies \* Excerpts from relevant U.S. and international laws and conventions *A Reference Handbook of the Medical Sciences Embracing the Entire Range of Scientific and Allied Sciences* SAGE Publications

This thoroughly updated edition provides readers with the background and resources needed to understand one of the greatest civil rights issues of our time. • Includes selections from laws and court cases relating to various aspects of the gay/lesbian civil rights movement • Chronicles an exhaustive list of important events in the gay and lesbian civil rights movement in the United States and Europe Information Sources of

### Political Science

Rowman & Littlefield  
John Dewey's My Pedagogical Creed outlined his beliefs in regard to teaching and learning. In this volume, prominent contemporary teacher educators such as Diana Hess, Geneva Gay and O.L. Davis follow in Dewey's footsteps, articulating their own pedagogical creeds as they relate to educating about social issues. Through personal stories, each contributor reveals the major concerns, tenets, and interests behind their own teaching and research, including the experiences underlying their motivation to explore social issues via the school curriculum. Rich with biographical detail, *The Importance of Teaching Social Issues*

combines diverse voices from curriculum theory, social studies education, science education, and critical theory, providing a unique volume relevant for today's teachers and education scholars.

*The Oxford Handbook of Children's Rights Law*  
Routledge

Describes the origins and development of the concept of human rights, looks at current issues, provides a chronology of events, includes brief biographical sketches and human rights documents, and presents research and data sources.

### **Juvenile Justice**

This comprehensive political bibliography offers 2500 entries covering a wide variety of source types:

indexing and abstracting services, major bibliographical tools, encyclopaedias, dictionaries, handbooks, directories, statistical compilations and more.

The Family in America  
Routledge

Children's rights law is a relatively young but rapidly developing discipline. The U.N. Convention on the Rights of the Child, the field's core legal instrument, is the most widely ratified human rights treaty in history. Yet, like children themselves, children's rights are often relegated to the margins in mainstream legal, political, and other discourses, despite their application to approximately one-third of the world's population and every

human being's first stages of life. Now thirty years old, the Convention on the Rights of the Child (CRC) signalled a definitive shift in the way that children are viewed and understood--from passive objects subsumed within the family to full human beings with a distinct set of rights. Although the CRC and other children's rights law have spurred positive changes in law, policies, and attitudes toward children in numerous countries, implementation remains a work in progress. We have reached a state in the evolution of children's rights in which we need more critical evaluation and assessment of the CRC and the large body of

children's rights law and policy that this treaty has inspired. We have moved from conceptualizing and adopting legislation to focusing on implementation and making the content of children's rights meaningful in the lives of all children. This book provides a critical evaluation and assessment of children's rights law, including the CRC. With contributions from leading scholars and practitioners from around the world, it aims to elucidate the content of children's

rights law, explore the complexities of implementation, and identify critical challenges and opportunities for children's rights law.

Planning with children for better communities  
ABC-CLIO

A reference handbook on the current status of children's rights throughout the world, containing an overview of the topic, a chronology, biographical sketches, a directory of organizations and agencies, annotated lists of print and nonprint resources, a glossary, and an index.
