[How One Congregation Lived Through the Changing Decades of the 20th Century and Grappled With the Political, Economic, Religious and Social Justice Is](#) Princeton University Press

The GCC has chosen to establish what was once called a regular clergy, as distinct from a secular clergy—that is to say, something much closer to monks than to ministers. This was the core model for clergy in the old Celtic Church in Ireland, Wales, Brittany, and other Celtic nations, in the days before the Roman papacy imposed its rule on the lands of Europe's far west. Members of the Celtic clergy were monks first and foremost, living lives focused on service to the Divine rather than the needs of a congregation, and those who functioned as priests for local communities did so as a small portion of a monastic lifestyle that embraced many other dimensions. In all Gnostic traditions, personal religious experience is the goal that is set before each aspirant and the sole basis on which questions of a religious nature can be answered—certain teachings have been embraced as the core values from which the Gnostic Celtic Church as an organization derives its broad approach to spiritual issues. Those core teachings may be summarized in the words "Gnostic, Universalist, and Pelagian" which are described in this book.

Safe Sanctuaries School Marketing e-Handbook

Save time and improve efficiency with a resource that provides job descriptions, board leadership, ministry teams, forms, policies, and procedures for the church. Responsibilities and expectations are clearly outlined for each of the volunteer workers, staff, and leaders. As an additional benefit, the notebook also includes a CD-ROM version of the forms, documents, and policies provided. All the materials are completely reproducible, so you can make as many copies as you need to distribute in your church.

The Apostles and Prophets of Our Time InterVarsity Press

Hugh Urban tells the real story of Scientology from its cold war-era beginnings in the 1950s to its prominence today as the religion of Hollywood's celebrity elite. Urban paints a vivid portrait of Hubbard, the enigmatic founder who once commanded his own private fleet and an intelligence apparatus rivaling that of the U.S. government. One FBI agent described him as "a mental case," but to his followers he is the man who "solved the riddle of the human mind." Urban details Scientology's decades-long war with the IRS, which ended with the church winning tax-exempt status as a religion; the rancorous cult wars of the 1970s and 1980s; as well as the latest challenges confronting Scientology, from attacks by the Internet group Anonymous to the church's efforts to suppress the online dissemination of its esoteric teachings.

Hearing Before the Committee on Un-American Activities, House of Representatives, Eighty-sixth Congress, Second Session, February 25, 1960 Nabca Press

"This volume documents the Nixon and Ford administrations' formulation and implementation of national security policy primarily vis-à-vis the Soviet Union and, to a lesser extent, the People's Republic of China. It also documents intelligence and its role in the policy process, as well as the Ford administration's efforts to bolster U.S. telecommunications security. Finally, the volume presents documents on the Hughes Glomar Explorer, the centerpiece of a secret mission organized by the Central Intelligence Agency (CIA) to raise a Soviet submarine sunk in the Pacific Ocean"--Publisher website.

The church has always been regarded as a safe haven - a spiritual sanctuary where people can come to worship God free from worries about violence or unethical behavior by those involved in church ministry. But our culture is changing, and church leaders can no longer assume that it won't happen in my church. Like the rest of society, churches need to ensure the safety and security of their facility, staff, and worshipers. This book provides a wealth of practical information on preparing for and responding to the challenges of a dangerous world. Robert Cirtin draws on more than two decades of law enforcement and investigative experience, and with his team of professionals outlines a how-to approach full of specific proactive steps churches can take to protect themselves and reduce the risk of costly lawsuits. *Church Safety And Security* is a must-have resource for anyone participating in or preparing for church leadership. Topics covered include: * Utilizing background screening to protect your congregation. * Safety and security issues for church-run preschool and day care programs. * Preparing for and responding to medical emergencies. * How to deal with issues pertaining to child abuse. * Legally mandated responsibilities of church staff members. * How to utilize security/surveillance cameras in the church facility. * Organizing a church security officer program. * Effectively coping with intruders. * Responding to violent acts when they occur. * How to conduct a thorough investigation. If you are a pastor, associate pastor, preschool director, church school principal, deacon, elder, vestryperson, or denominational leader - read this book, then read it again Make it required reading for every leader in your church. Protect your congregation, your property, and your reputation in the community by doing all you can do to hire the right employees, to prevent physical and sexual misconduct for which your church may be liable, and to reduce the legal and financial impacts of such misconduct. This book will teach you what to look for, and how to take action today to protect the people God has given you to shepherd. Tim Duncan Associate Pastor, Anglican Church of the Resurrection St. Louis, Missouri Church Safety and Security: A Practical Guide is a valuable resource. Bob Cirtin has the unusual but important background mixture of service in full-time church ministry as well as being a certified officer of the law and an expert investigator. He has personal experience with every source of danger for the local church and has developed effective safeguards and defenses. His strategies are clear, simple, easy to implement, and will protect any congregation in the event of an unfortunate occurrence. This book is a must for every church office and library Terry Raburn Superintendent, Peninsular Florida District Council Assemblies of God This is a book written for our changing times, when the security of our churches must become a priority. Written by professionals who have a strong Christian influence in their lives, this book is a great tool for the security program

of your church. Jack L. Merritt Sheriff, Greene County, Missouri Retired Capt., Missouri State Highway Patrol Robert M. Cirtin is an assistant professor and director of the criminal justice program at Evangel University in Springfield, Missouri. He is also the president of Robert Cirtin Investigations, a company providing investigative and consulting services to churches, businesses, and government agencies. A former police officer and Missouri state investigator who has also served in full-time ministry, Cirtin is a frequent guest lecturer on a variety of safety and security topics. He is a graduate of Central Bible College and Lincoln University.

[A Practical Guide](#) State Department

On December 10, 2007, there was a horrific mass murder at a Colorado-based youth missions training center and the church that funded that center. On that fateful Sunday morning at Youth With a Mission and New Life Church, a man with a grudge set out to kill as many people as possible. In total, he succeeded in killing four people and wounding several. His rampage was only stopped by a volunteer at New Life Church who happened to be on the church's security team. Because she was armed, that security person was able to defend the church and stop a mass murderer. If she and her companions weren't there, the body count would likely have been higher in this 10,000+ member mega-church. There are many books about church security available. Those books contain great information about crimes in the church, and making the church more secure. With everything from parking lot lighting to safe selection, and groundskeeping to internal cameras, those books are designed to teach churches how to do corporate security. All of them include emergency planning and all of them treat the church as any other business when it comes to security. This is NOT one of those books. Instead, Bryan looks at church safety from a different perspective - as a ministry of the church. Bryan started the Safety Team Ministry at Frontline Community Church in Grand Rapids, Michigan from scratch. With only some published materials available and a background in corporate security and police work, Bryan created the typical church security team with typical struggles and issues. After much heartache and even more prayer, Bryan believed that church security was the wrong direction. Bryan realized that the missing ingredient was MINISTRY, and the culture of the corporate security practices and standards played a major role in the shortfall. This book is about the struggle and process of creating a church safety ministry. Instead of being rehashing corporate security concepts, this book focuses on what others don't tell you. Topics include: hiring for personality, working with the church board, working with other ministries, and having the right tools and mindset to be a ministry. The final chapter is a step-by-step guide to starting a church safety ministry in your own church. This book also includes links to valuable resources, including documentation for a church safety team, other websites for information, and other recommended books. This book is written for anyone who is interested in starting a safety ministry at their church, anyone who currently leads a safety ministry, and church staff and pastors who are interested in what church safety should be all about. This book is designed to open up a conversation about modern day church safety, and hopefully offer some insights to the process.

The United States Government Manual Zondervan

Now is the time for the church to reclaim its role as a center of creativity. Among your members are artists and musicians whose gifts can enhance your worship, inform your theology and impact your community. Christian arts advocate J. Scott McElroy gives a comprehensive vision and manual for unleashing creativity in your congregation.

A Manual of Instruction for Members of the Anglican Church Beacon Hill Press

A comprehensive guide to the nature and work of the church, including pastor, staff members, and planning the total church program.

[Prisoners' Self-Help Litigation Manual](#) Createspace Independent Pub

The United States has struggled to find a framework to integrate religion into the post-September 11, 2001 (9/11) discussion of national security. Islam has been the central focus, with both the 9/11 terrorists and many of America's partners in overseas contingency operations sharing an Islamic heritage. President George W. Bush's paradigm of "Religion as Freedom" and President Barack H. Obama's paradigm of "Religion as Unity" have been partially successful, but they have yet to provide a nuanced understanding of Islam and a comprehensive framework. Part I of this Carlisle Paper

examines the enduring role of religion in human conflict through the eyes of Alvin Toffler, Francis Fukuyama, Samuel Huntington, and Robert Kaplan. Part II provides an analysis of Islam to determine its power within current alignments, and addresses jihad and the level of support for terrorism. Part III examines the role of religion within the Bush and Obama administrations, and proposes a third paradigm--"Religion as Ideology"--In an attempt to relate a strategic vision which comprehends the power of Islam to a policy which accounts for religion in terms of empowered behavior. Part IV addresses practical questions regarding the implementation of the paradigm of "Religion as Ideology" and the way ahead.

Christian Minister's Manual-Updated and Expanded Deluxe Edition Standard Pub

Prisoners' Self-Help Litigation Manual, in its much-anticipated fourth edition, is an indispensable guide for prisoners and prisoner advocates seeking to understand the rights guaranteed to prisoners by law and how to protect those rights. Clear, comprehensive, practical advice provides prisoners with everything they need to know on conditions of confinement, civil liberties in prison, procedural due process, the legal system, how to litigate, conducting effective legal research, and writing legal documents. Written by two legal and penitentiary experts with intimate knowledge of prisoner's rights and legal aid work, authors John Boston and Daniel E. Manville strategically focus on federal constitutional law, providing prisoners and those wishing to assist them with the most important information concerning legal rights. Over the past decade, prison law and conditions have changed significantly. This new edition is updated to include the most relevant prisoners' rights topics and approaches to litigation. Updates include all aspects of prison life as well as material on legal research, legal writing, types of legal remedies, and how to effectively use those remedies. Certainly the most authoritative, well-organized and relevant prisoner's rights manual available - - the eagerly awaited fourth edition should be purchased by everyone interested in civil rights for the incarcerated.

The Church Security Handbook Strategic Studies Institute

Church policies and procedures will have a definite impact on the working and personal relationships of the personnel who comprise the church professional, lay, and support staff. If one is to consider this group a team, then each member must work together in a coordinated effort. Consider a football team. They have a playbook that describes what each player is to do for a particular play. When the quarterback calls a play, each member of the squad knows what he is to do to cause the play to be a success. Even the players on the sideline know the play requirements. It might be said that such is the same for a church staff and the individuals within the church who make up the total team. It is suggested that the presence of a church playbook is essential for the success of the ministry. We will call this playbook the CHURCH ORGANIZATION MANUAL.

[A History of a New Religion](#) Sagwan Press

"It was the best of church, it was the worst of church..." [not Charles Dickens] In some ways, the church has a horrendous track record and is deserving of much of the hate, accusation and mistrust it has received. But, in many other ways, the church has also been monumental in affecting great systemic change, being first on the scene in crisis and on the forefront of reaching out to and loving well those considered the least of these. To those of you who believe church is the worst thing ever: You're right! To those of you who believe church is the best thing ever: You're right! The church was God's idea and it is the plan He has chosen to bring transformation to a world desperately in need of a deeper experience of His love. He doesn't appear to have a plan B. We are it! I call this book, 'i, church' because more than a building or a meeting or a list of do's and don'ts, the church is about the people. It is about me. And it is about you. If you love Jesus and have chosen to follow Him, then you are the church. Let's figure out together how to be the best church we can be. "Brett Anderson weaves a picture of the church that is stark and real. He sees through church politics and denominational blinkers and defines the core of what the church is and isn't and what God desires it to be." [Bruce Collins, legend and appreciator of good coffee]
