Letters and Social Aims London

As a minister, counselor, and teacher, Mary Manin Morrissey has inspired tens of thousands of people to reach higher in life than they ever believed possible. Her

message is revolutionary: God has designed each one of us for greatness. And her warmth, candor, and conviction bring this message alive in the heart and mind of everyone who hears her. As children we instinctively know that we are destined to live great lives. As adults we recognize that our true greatness is expressed in our relationships: in deep, fulfilling partnership, vibrant marriage, abiding closeness with children, parents, and friends. Yet fostering such bonds--even with those we cherish most--can be one of the greatest challenges we will ever face. In *No Less Than Greatness* Mary affirms that love is our birthright--and learning to love well is life's greatest lesson. She shows that we are not alone in our search. When we learn to ask for and listen to divine guidance, we access a different kind of wisdom, a new kind of hope. Beginning with her own surprising story, Mary shows how ordinary, struggling, or even estranged relationships are a curriculum for learning love, and how our relationships--and we ourselves--can be transformed. Within these pages Mary provides a step-by-step guide to the spiritual principles that bring love into our

lives. Her powerful affirmations, meditations, and exercises are designed to help you: • reveal your true self — your most precious gift to others • consciously design the relationships you most want • open yourself to partnering with God • discover the power of unreasonable giving • achieve intimacy by speaking from your heart • heal the hurt in difficult relationships • awaken your love through simple daily acts Let Mary Manin Morrissey show you that you already have what it takes to create what you desire most--and how, with God's help, even imperfect relationships can lead to perfect love. From the Trade Paperback edition.

Letters and Social Aims, published in 1875, contains essays originally published early in the 1840s as well as those that were the product of a collaborative effort among Emerson, his daughter Ellen Tucker Emerson, his son Edward Waldo Emerson, and his literary executor James Eliot Cabot. The volume takes up the topics of Poetry and Imagination, Social Aims, Eloquence, Resources, The Comic, Quotation and Originality, Progress of

Culture, Persian Poetry, Inspiration, Greatness, and, appropriately for Emerson's last published book, Immortality. The historical introduction demonstrates for the first time the decline in Emerson's creative powers after 1865; the strain caused by the preparation of a poetry anthology and delivery of lectures at Harvard during this time; the devastating effect of a house fire in 1872; and how the Emerson children and Cabot worked together to enable Emerson to complete the book. The textual introduction traces this collaborative process in detail and also provides new information about the genesis of the volume as a response to a proposed unauthorized British edition of Emerson's works. Many of us spend our entire lives championing the greatness of others. We have no idea that greatness is not just for the chosen few, but for anyone who will seek it out. We must venture out of the darkened corners of our existence and embrace the light that gives life to all things. God's grace is extended even unto me and you as well. I've lived in the dark corners of my fears, even embracing that darkness. But, I've also known how it feels to have the Sun warm my broken body and sterile soul. My greatness was determined by the need to live in the warm glow of God's love. So, join me on a journey of despair, darkness and the will to become more than the sum of our parts. My need, our need, to no

longer live on the "Edge Of Greatness" but to exist in its very center.

Building Your Field of Dreams is both a compelling personal story and a practical and inspiring guide for anyone who has ever hoped for a better life. Mary Morrissey's own dreams were nearly shattered at age 16, when pregnancy forced her into a reluctant marriage that nevertheless became the crucible for remarkable lessons in faith. As she was tested by the near-death of one of her children, by life-threatening kidney disease, and by years of struggling to make ends meet, she clung to her determination to be a minister. Now, with powerful examples from many dream-builders she has known, she shows how anyone can identify their deepest desires, build a partnership with God, confront obstacles and failure, and overcome the

mental blocks that keep us from our potential. It's a great message, compellingly delivered by a great teacher. From the Trade Paperback edition.

What if you could accomplish your five-year plan in a matter of months? If that sounds impossible, you're not thinking bravely. Yet. In this transformational guide to changing your life for good, personal development expert and best-selling author Mary Morrissey shows you how to move from stasis to action--by changing the stories you tell yourself. Drawing from advancements in science, timeless principles from wisdom traditions, and her personal stories and insights, Morrissey gives you the tools to overcome "common-hour thinking"--the fact-based, linear way of processing reality that measures what is possible by what resources you believe are available to you--and replace it with the powerful alternative that is brave thinking. Where common-hour thinking is limiting and uncreative, brave thinking is expansive and imaginative, not limited by time or circumstance or even the past.

Brave thinkers know that before something can exist in the real world, it must first exist in your mind. Then, it must be grounded in decisive action. If you want results in life that are different from the ones you currently have, you need a different operating system for your mind. It's time to install brave thinking, and start living the life you want.
