Remodelista.com is the go-to, undisputed authority for home design enthusiasts, remodelers, architects, and designers. Unlike sites that cater to all tastes, Remodelista has a singular and clearly defined aesthetic: classic pieces trump designs that are trendy and transient, and

well-edited spaces take precedence over cluttered environments. High and low mix seamlessly here, and getting the look need not be expensive (think Design Within Reach meets Ikea). Remodelista decodes the secrets to achieving this aesthetic, with in-depth tours and lessons from 12 enviable homes; a recipe-like breakdown of the hardest-working kitchens and baths; dozens of do-it-

yourself projects; The Remodelista 100, a guide to the best everyday household objects; and an in-depth look at the ins and outs of the remodeling process. In a world of design confusion, Remodelista takes the guesswork out of the process. **The Tattoo Textbook** Booksurge Llc Visions of pulp era heroes fill his thoughts, all of which fade as he grows up.  How Alex Grey's visionary art is evolving the cultural body through icons of interconnecte dness • Includes over 200 reproductions of Grey's artwork • Contains

spectacular photos of Grey's collaboration with the cult band TOOL plus his worldwide live-painting performances • Offers Grey's reflections on how art evolves consciousness with a new symbology of the Networked Self • Winner of the 2013 Nautilus Silver Book Award in Photography and Art Revealing the interwoven energies of body and soul, love and spirit that illuminate the core of

each being, Alex Grey's mystic paintings articulate the realms of consciousness encountered during visits to entheogenic heaven worlds. His painting Net of Being--inspired by a blazing vision of an infinite grid of Godheads during an ayahuasca journey--has reached millions as the cover and interior of the band TOOL's Grammy award-winning triple-platinum album, 10,000

Days. Net of Being is one of many images Grey has created that have resulted in a chain reaction of uses--from apparel and jewelry to tattoos and music videos--embedding these iconic works into our culture's living Net of Being. The book explores how the mystical experience expressed in Alex Grey's work opens a new understanding of our shared consciousness and unveils the deep influence art

can have on cultural evolution. The narrative progresses through a successive expansion of identity--from the self, to self and beloved, to self and community, world spirit, and cosmic consciousness , where bodies are transparent to galactic energies. Presenting over 200 images, including many never-before-reproduced paintings as well as masterworks

such as St. Albert and the LSD Revelation Revolution and Godself, the book also documents performance art, live-painting on stage throughout the world, and the "social sculpture" called CoSM, Chapel of Sacred Mirrors, that Grey cofounded with his wife and creative collaborator, artist Allyson Grey.
