Mother-to-be Mary Jo Wyse arrives in Cedar Cove on Christmas Eve, searching for her baby's father. David Rhodes had said he'd be in town. But he isn't. Which leaves Mary Jo stranded, pregnant and alone. And there's no room at the local inn.... So Grace Harding brings Mary Jo home to her nearby ranch. She and her husband, Cliff, have a houseful of guests, but they offer her a room over their stable (currently sheltering the animals—including a

donkey and a camel—for Cedar Cove's Nativity pageant!). When Mary Jo goes into labor that night, a young man named Mack McAfee, a paramedic, comes to her rescue, just as her brothers—the three Wyse men—show up in town. The people of Cedar Cove join them in celebrating the birth of baby Noel. But no one has more to celebrate than Mack. Because this Christmas brings him faith, hope and love... The Children's Television Community Macmillan There are two ages in the

history of television: before HBO and after HBO. Before the launch of Home Box Office in 1972, the industry had changed little since the birth of broadcast network television in the late 1940s. The arrival of the premium cable channel began a revolution in the business and programming of TV. For the generation that has grown up with the vast array of viewing choices available today, it is almost inconceivable that our ever-expanding media universe began with a few

hours of unimpressive programming on a single cable channel. Written by an insider, this is the story of HBO's reconfiguration of television and the company's continual reinvention of itself in a competitive and dynamic industry.

A Time to Kill

Wadsworth Publishing Company

"As gritty and hard-driving a thriller as you'll find....The action never stops, the language sings and stings." —Washington Post The City Primeval in Elmore Leonard's

relentlessly gripping classic noir is Detroit, the author's much-maligned hometown and the setting for many of the Grand Master's acclaimed crime novels. The "Alexander the Great of crime fiction" (Pittsburgh Post-Gazette) shines in these urban mean streets, setting up a downtown showdown between the psychopathic, thrill-killing "Oklahoma Wildman" and the dedicated city cop who's determined to take him down. The creator of U.S. Marshal Raylan Givens of TV's Justified

fame, Elmore Leonard is the equal of any writer who has ever captivated readers with dark tales of heists, hijacks, double-crosses, and murder—John D. MacDonald, Dashiell Hammett, James M. Cain, and Robert Parker included—and nobody then or now is better.

Network Power MIRA
This book examines

regional dynamics in contemporary east and southeast Asia, scrutinizing the effects of Japanese dominance on the politics, economics, and cultures of the area. The contributors ask whether Japan has now attained, through sheer economic power and its political and cultural consequences, the predominance it once sought by overtly military means. The discussion is framed by the profound changes of the past decade. Since the end of the Cold War and the

breakup of the Soviet Union, regional dynamics increasingly shape international and national developments. This volume places Japan's role in Asian regionalism in a broader comparative perspective with European regionalism and the role Germany plays. It assesses the competitive logics of continental and coastal primacy in China. In starkest form, the question addressed is whether Chinese or Japanese domination of the Asian region is more likely. Between a neo-

mercantilist emphasis on the world's movement toward relatively closed regional blocs and an opposing liberal view that global markets are creating convergent pressures across all national boundaries and regional divides, this book takes a middle position. Asian regionalism is identified by two intersecting developments: Japanese economic penetration of Asian supplier networks through a system of production alliances, and the emergence of a pan-

Pacific trading region that includes both Asia and North America. The contributors emphasize factors that are creating an Asia marked by multiple centers of influence, including China and the United States. *A Desk Reference for the Curious Mind* Penguin The Freedom, Maine, restaurateur and chef shares one hundred seasonal recipes that celebrate small-town America, including such offerings as squid stuffed with sausage, rib eye steaks, and fried rabbit.

Alexander and the Terrible, Horrible, No Good, Very Bad Day Clarkson Potter The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you

know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

presents 100 of the state's tiniest towns and most miniature villages. With populations under 500, these charming and unique locations dot the entire state—from Lake Seneca in the Northwest corner to Neville, bordering the Ohio River and the state of Kentucky. Little Ohio even ventures into Lake Erie, telling the story of Put-in-Bay. The selected locations help readers to appreciate the broader history of small-town life in Ohio. Yet each featured town boasts a distinct narrative, as

unique as the citizens who call these places home. Some villages offer hundreds of years of history, such as Tarlton, laid out before Ohio had even gained statehood. Others were built with more expedience, such as Yankee Lake, a town that was incorporated simply so its founder could host dances on Sundays without breaking state law. With full-color photographs, fun facts, and fascinating details about every locale, it's almost as if you're walking down Main Street,

waving hello to folks who know you by name. These residents are innovators, hard workers, and—most of all—good neighbors. They're people who have piled into small school houses to wait out roaring flood waters, rebuilt after disastrous fires took their homes, and captured bandits straight out of the Wild West. Little Ohio, written by lifelong resident Karen Robertson, is for anyone who grew up in a small town and for everyone who takes pride in being called an Ohioan. It's one book with one

hundred places to love.
