[A Woman of Courage on the West Virginia Frontier](#) HarperCollins UK
 Dancing with Merce Cunningham is a buoyant, captivating memoir of a talented dancer's lifelong friendship with one of the choreographic geniuses of our time. Marianne Preger-Simon's story begins amid the explosion of artistic creativity that followed World War II. While immersed in the vibrant arts scene of postwar Paris during a college year abroad, Preger-Simon was so struck by the unconventional dance style of choreographer Merce Cunningham that she joined his classes in New York. She soon became an important member of his brand new dance troupe--and a constant friend. Through her experiences in the Merce Cunningham Dance Company, Preger-Simon offers a rare account of exactly how Cunningham taught and interacted with his students. She describes the puzzled reactions of audiences to the novel non-narrative choreography of the company's debut performances. She also portrays the relationships among the company's dancers, designers, and musicians, many

of whom--including John Cage, David Tudor, and Carolyn Brown--would become integral to the avant-garde arts movement, telling tales of their adventures and conversations touring in a VW Microbus across the United States. Finally, reflecting on her connection with Cunningham throughout the latter part of his career, Preger-Simon recalls warm moments that continued to characterize their enduring friendship. Her memoir is an intimate look at the early years of one of the most influential companies in modern American dance and the brilliance of its visionary leader.

The Vatican. The Inquisition.

Contraception. Celibacy. Apparitions and miracles. Plots and scandals. The

Catholic Church is seldom out of the news. But what do its one billion

adherents really believe, and how do they put their beliefs into practice in

worship, the family, and society? This down-to-earth account goes back to the

early Christian creeds to uncover the roots of modern Catholic thinking. It

avoids getting bogged down in theological technicalities, and throws

light on aspects of the Church's institutional structure and liturgical

practice that even Catholics can find baffling: why go to confession? How are

people made saints? What is 'infallible' about the Pope? Topics addressed

include: • scripture and tradition • sacraments and prayer • popular piety •

personal and social morality • reform, mission, and interreligious dialogue

Lawrence Cunningham, a theologian, prize-winning writer and university

teacher, provides an overview of Catholicism today which will be

indispensable for undergraduates and lay study groups.

Words for Reading and Writing YWAM Publishing

One of the most influential choreographers of the twentieth century,

Merce Cunningham is known for introducing chance to dance. Far too

often, however, accounts of Cunningham's work have neglected its

full scope, focusing on his collaborations with the visionary composer John Cage

or insisting that randomness was the singular goal of his choreography. In this

book, the first dedicated to the complete

arc of Cunningham's career, Carrie Noland brings new insight to this

transformative artist's philosophy and work, providing a fresh perspective on

his artistic process while exploring

aspects of his choreographic practice never studied before. Examining a rich

and previously unseen archive that includes photographs, film footage, and

unpublished writing by Cunningham, Noland counters prior understandings of

Cunningham's influential embrace of the unintended, demonstrating that

Cunningham in fact set limits on the role chance played in his dances. Drawing on

Cunningham's written and performed work, Noland reveals that Cunningham

introduced variables before the chance procedure was applied and later shaped

and modified the chance results. Chapters explore his relation not only to

Cage, but also Marcel Duchamp, Robert Rauschenberg, James Joyce, and Bill T.

Jones. Ultimately, Noland shows that Cunningham approached movement as

more than "movement in itself," and that his work enacted archetypal human

dramas. This remarkable book will forever change our appreciation of the

choreographer's work and legacy.

As seen on the cover of the New York Times Book Review, where it was described as "gloriously unsettling... evoking Toni Morrison, Haruki Murakami, Angela Carter, Edgar Allan Poe, Gabriel García Márquez, Chris Abani and even Emily Dickinson," and already one of the year's most widely acclaimed novels: "Helen Oyeyemi has fully transformed from a literary prodigy into a powerful, distinctive storyteller...Transfixing and surprising."—Entertainment Weekly (Grade: A) "I don't care what the magic mirror says; Oyeyemi is the cleverest in the land...daring and unnerving... Under Oyeyemi's spell, the fairy-tale conceit makes a brilliant setting in which to explore the alchemy of racism, the weird ways in which identity can be transmuted in an instant — from beauty to beast or vice versa." – Ron Charles, The Washington Post From the prizewinning author of *What Is Not Yours Is Not Yours*, *Gingerbread*, and *Peaces* comes a brilliant recasting of the Snow White fairy tale as a story of family secrets, race, beauty, and vanity. In the winter of 1953, Boy Novak arrives by chance in a small town in Massachusetts looking, she believes, for beauty—the opposite of the life she's left behind in New York. She marries Arturo Whitman, a local widower, and becomes stepmother to his winsome daughter, Snow. A wicked stepmother is a creature Boy never imagined she'd become, but elements of the familiar tale of aesthetic obsession begin to play themselves out when the birth of Boy's daughter, Bird, who is dark-skinned, exposes the

Whitmans as light-skinned African-Americans passing for white. And even as Boy, Snow, and Bird are divided, their estrangement is complicated by an insistent curiosity about one another. In seeking an understanding that is separate from the image each presents to the world, Boy, Snow, and Bird confront the tyranny of the mirror to ask how much power surfaces really hold. Dazzlingly inventive and powerfully moving, *Boy, Snow, Bird* is an astonishing and enchanting novel. With breathtaking feats of imagination, Helen Oyeyemi confirms her place as one of the most original and dynamic literary voices of our time.

After the Arbitrary Human Kinetics Merce Cunningham reached the age of 75 in 1994, an age at which many creative artists are content to rest on their laurels, or at least to leave behind whatever controversies they may have caused during their careers. No so Cunningham. In the first place, his 70s have been a time of intense creativity in which he has choreographed as many as four new works a year. Cunningham is a strongly committed as ever to the discovery of new ways of moving and of making movement, refusing to be hampered by the physical limitations that have come with age. Since 1991 every new work has been made at least in part with the use of the computer program Life Forms, which enables him to devise choreographic phrases that he himself would be unable to perform - and which challenge and develop the virtuosity of the young dancers in his company. The essays collected in this special issue of *Choreography and Dance* were written over the last few years and discuss various aspects of the work of Cunningham as seen both from the outside and the inside.

The New York Times bestseller "[An] obscenely enjoyable romp." —The New York Times Book Review The untold story of a New York City legend's education in creativity and style For Bill Cunningham, New York City was the land of freedom, glamour, and, above all, style. Growing up in a lace-curtain Irish suburb of Boston, secretly trying on his sister's dresses and spending his evenings after school in the city's chicest boutiques, Bill dreamed of a life dedicated to fashion. But his desires were a source of shame for his family, and after dropping out of Harvard, he had to fight them tooth-and-nail to pursue his love. When he arrived in New York, he reveled in people-watching. He spent his nights at opera openings and gate-crashing extravagant balls, where he would take note of the styles, new and old, watching how the gowns moved, how the jewels hung, how the hair laid on each head. This was his education, and the birth of the democratic and exuberant taste that he came to be famous for as a photographer for The New York Times. After two style mavens took Bill under their wing, his creativity thrived and he made a name for himself as a designer. Taking on the alias William J.--because designing under his family's name would have been a disgrace to his parents--Bill became one of the era's most outlandish and celebrated hat designers, catering to movie stars, heiresses, and artists alike. Bill's mission was to bring happiness to the world by making

women an inspiration to themselves and everyone who saw them. These were halcyon days when fashion was all he ate and drank. When he was broke and hungry he'd stroll past the store windows on Fifth Avenue and feed himself on beautiful things. Fashion Climbing is the story of a young man striving to be the person he was born to be: a true original. But although he was one of the city's most recognized and treasured figures, Bill was also one of its most guarded. Written with his infectious joy and one-of-a-kind voice, this memoir was polished, neatly typewritten, and safely stored away in his lifetime. He held off on sharing it--and himself--until his passing. Between these covers, is an education in style, an effervescent tale of a bohemian world as it once was, and a final gift to the readers of one of New York's great characters.
