The Public Policy Process Amacom Books

Financial Management is so crucial for any organization--public or private sector--as profit maximization and increasing the shareholder value depend, to a large measure, on efficient and effective financial management of the company or firm. With this end in view, Professor Bhabatosh Banerjee, drawing from his expertise and his rich and long years of experience, gives a masterly analysis of the fundamental principles of financial management along with their applications. While retaining the distinguishing features of the previous edition, the book is now a much more comprehensive one on Financial Management. Significant changes have been incorporated into the chapters relating to cost of capital, analysis of leverages, capital structure theories and planning, capital budgeting decision, working capital management, changes in financial position, accounting ratios and financial statement analysis, mergers and acquisitions and corporate governance for further value addition of the book. The book is logically organized into five parts—Part I: Basic Concepts, Part II: Financial and Dividend Decisions, Part III: Investing in Long-term and Short-term

Assets, Part IV: Performance Analysis and Measurement, Part V: Contemporary Topics—to enable the students to understand the concepts, with suitable cases, chronologically and more effortlessly. This book is primarily intended as a text for the students of commerce and management courses. It will also be highly useful for those appearing in CA and ICWAI examinations. In addition, the text will benefit practising finance and accounting professionals, corporate managers, and participants in management development programs. **KEY FEATURES** • Includes numerous illustrations, worked-out problems and exercises covering recent questions in university and professional examinations. • Gives corporate practices in professional management, wherever found necessary. This will enable the students to acquaint themselves with real-life situations. • Provides Case Studies in a few complex chapters to enhance the analytical and presentation skills of the students in a classroom setting. Human Resource Management Lippincott Williams & Wilkins In this fully updated revision, expert

instructor and librarian Peggy Johnson addresses the art in controlling and updating your library's collection. Munson, Young and Okiishi's Fundamentals of Fluid Mechanics Cengage Learning

Praised as the greatest source of quality and quantity of application and skill development experiential learning! Packed with experiential exercises, self-assessments, and group activities, the Eighth Edition of Management Fundamentals helps students develop essential management skills they can use in their personal and professional lives. Bestselling author Robert N. Lussier uses the most current cases and examples to illustrate management concepts in today's ever-changing business world. This fully updated new edition provides in-depth coverage of key AACSB topics such as diversity, ethics, technology, and globalization. New to This Edition New case studies highlight contemporary challenges and opportunities facing managers at well-known organizations such as Whole Foods, Wells Fargo, and the Chicago Cubs. The book is completely updated with hundreds of new references

and examples. Expanded and updated Trends and Issues sections explore timely topics such as the changing nature of work, managing multiple generations, and virtual teams. All of the Applying the Concept boxes are new and engage students in applying the concepts to their own experiences and provide situational analysis opportunities to develop critical thinking skills. Management in Action videos illustrate fundamental management concepts using a variety of relatable scenarios and assessment questions to challenge students to apply and analyze workplace situations.

Library Programs and Services: The Fundamentals, 8th Edition McGraw-Hill Education

With its three-pronged approach of concepts, applications, and skill development, MANAGEMENT FUNDAMENTALS gives you a solid foundation of management concepts and real skills you can use in the workplace. Through a variety of thought-provoking applications, Lussier challenges you to think critically and apply concepts to your own experiences. Proven skill-building exercises, behavioral models, self-

assessments, and group exercises throughout the text will help you realize your own managerial potential. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introducing Human Resource

Management South-Western Pub

Laytime and Demurrage is the leading authority for all queries pertaining to this vital aspect of maritime law. It has continued to offer reliable, authoritative, and in-depth analysis since the first edition published in 1986. Praised for its unrivalled coverage and lucid writing style, this book provides a comprehensive overview of all aspects of laytime and demurrage, tracing the development of the law from its origins in the nineteenth century right up to the present day. The author delivers an in-depth analysis of both fixed and customary laytime clauses, the rules relating to commencement of laytime in berth, dock and port charters, and discusses under which circumstances laytime can be suspended. Furthermore, it analyses demurrage rules and vital issues such as despatch, detention and frustration. This seventh edition includes

all key judicial and arbitral decisions reported since the sixth edition published in 2011. It also covers suffixes in connection with laytime measured in terms of Working days and Weather Working Days, and disputes arising from tender of NORs at the end of the sea passage. Laytime and Demurrage is an invaluable guide for both legal practitioners and maritime professionals worldwide, including commodity traders and brokers, shipping companies, P&I Clubs, shipowners, charterers, and arbitrators.

Essential Concepts and Applications

Cengage Learning

Introducing Human Resource Management is a lively and engaging introduction to the key topics and issues surrounding people management. Clearly linking HR theory to the work environment, this book explores core areas such as HR strategy and planning, employee engagement, diversity and equality, and talent management and development.
