Mrs. Hartwell feels like the event is a disaster, but the students have a great time! Not only do they already know that she cares, it turns out they care a lot about her as well.

*Monet by Himself* Editions Hazan, Paris Part of the highly-successful Anholt's Artists series about great painters, which tells the stories of real meetings between world-famous artists and the children who knew them. When Julie's dog disappears into a mysterious garden, Julie follows him - and finds herself in a beautiful garden-

within-a-garden where the roses grow like splashes of paint and a Japanese bridge bows over a silent pool. There she finds not only her dog, but also Claude Monet. The famous artist introduces her to his work and his garden, giving her encouragement that the young would-be artist will never forget. Set against the romantic, world-famous backdrop of Monet's garden at Giverny, the story is accompanied by reproductions of the artist's most celebrated paintings and a biographical note on Monet.

**Monet Paints a Day** Charlesbridge  
In November 1885, impressionist painter Claude Monet vacationed in Étretat, France, where he spent his days outside, painting scenes of the seaside village. One morning he rose early and carried all of his supplies and half-finished paintings out to the cliffs and rocky beach, finally stopping to paint the arch called Manneporte. Eager to capture the scene before him, and aware that he must work quickly to catch the light, Monet became so engrossed in his work that he forgot to watch the incoming tide. Based on a true incident, **MONET PAINTS A DAY** introduces readers to the life and nature of this illustrious

impressionist. Interspersed throughout the story are excerpts from the painter's notes and letters, while a second layer of text and back matter includes information about Impressionism as a whole. Lush watercolor illustrations in the Impressionist style give readers a visual for this artistic movement. A bibliography is also included.

Monet Knopf Books for Young Readers  
A vividly-rendered portrait of both the rise of Impressionism and of the artist at the center of the movement, Claude and Camille is above all a love story of the highest romantic order. In the mid-nineteenth century, a young man named Claude Monet decided that he would rather endure a difficult life painting landscapes than take over his father's nautical supplies business in a French seaside town. Against his father's will, and

with nothing but a dream and an insatiable urge to create a new style of art that repudiated the Classical Realism of the time, he set off for Paris. But once there he is confronted with obstacles: an art world that refused to validate his style, extreme poverty, and a war that led him away from his home and friends. But there were bright spots as well: his deep, enduring friendships with men named Renoir, Cézanne, Pissarro, Manet—a group that together would come to be known as the Impressionists, and that supported each other through the difficult years. Even more illuminating was his lifelong love, Camille Doncieux, a beautiful, upper-class Parisian girl who threw away her privileged life to be by the side of the defiant painter and embrace the lively Bohemian life of their time. His muse, his best friend, his passionate lover, and the mother to his two children, Camille stayed with Monet—and believed in his work—even as they lived in wretched rooms and often suffered the indignities of destitution. But Camille had her own demons—secrets that Monet could never penetrate—including one that when eventually revealed would pain him so

deeply that he would never fully recover from its impact.

**If Monet Painted a Monster** Frances Lincoln Children's Books

This book contains 81 paintings from the 40 years Monet spend at his country home in Giverny, accompanied by a narrative on Monet's life, loves, and influences. It recounts Monet's development from an Impressionist to an innovative abstractionist.

**Everyday Monet** Gibbs Smith

In a garden of spectacular beauty in Giverny, France, Claude Monet painted flowers. Dazzled by the light, he painted with rich colors of vermilion, emerald, and violet. His poppies, tulips, irises, and waterlilies have awed the world. In her radiant watercolors, Bijou Le Tord uses Monet's own palette of only eight colors. Her magnificent paintings and poetic words celebrate the extraordinary vision of the beloved impressionist painter, Claude Monet.

**Monet** Wide Eyed Editions

From bestselling author Ross King, a brilliant portrait of the legendary artist and the story of his most memorable achievement. Claude Monet is perhaps the

world's most beloved artist, and among all his creations, the paintings of the water lilies in his garden at Giverny are most famous. Monet intended the water lilies to provide "an asylum of peaceful meditation." Yet, as Ross King reveals in his magisterial chronicle of both artist and masterpiece, these beautiful canvases belie the intense frustration Monet experienced in trying to capture the fugitive effects of light, water, and color. They also reflect the terrible personal torments Monet suffered in the last dozen years of his life. Mad Enchantment tells the full story behind the creation of the Water Lilies, as the horrors of World War I came ever closer to Paris and Giverny and a new generation of younger artists, led by Henri Matisse and Pablo Picasso, were challenging the achievements of Impressionism. By early 1914, French newspapers were reporting that Monet, by then seventy-three, had retired his brushes. He had lost his beloved wife, Alice, and his eldest son, Jean. His famously acute vision--what Paul Cezanne called "the most prodigious eye in the history of painting"--was threatened by cataracts. And yet, despite ill health, self-

doubt, and advancing age, Monet began painting again on a more ambitious scale than ever before. Linking great artistic achievement to the personal and historical dramas unfolding around it, Ross King presents the most intimate and revealing portrait of an iconic figure in world culture.

The catalogue of the sold-out exhibition at the Art Institute of Chicago, a rich and unprecedented exploration of Chicago's embrace of Claude Monet's modernism "Monet and Chicago is a stunner."—The Chicago Tribune (exhibition review) In 1903, the Art Institute of Chicago became

the first American museum to buy a painting by Claude Monet (1840-1926), beginning a tradition of collecting that has inextricably connected this midwestern city to the French Impressionist master. Tracing Chicago's unique relationship with the artist, this generously illustrated volume not only features well-known works in the Art Institute's holdings, such as the six Stacks of Wheat paintings and four Water Lilies, but also includes works on paper and rarely seen still lifes, landscapes, and photographic material from private Chicago collections. Stunning reproductions of details at actual size, a delightful essay by Adam Gopnik, and a richly illustrated chronology combine to reveal the depth of the city's continuing devotion to an adopted artistic hero.

**Machiavelli** Harper Collins

Spanning the artist's entire career, this book explores Claude Monet's enduring relationship with nature and the landscapes he returned to again and again. Capturing fleeting natural

impressions played a central role in the art of Claude Monet. He deeply engaged with the landscape and light of different places, from the metropolis of Paris to the Seine villages of Argenteuil and Giverny. This lavishly illustrated volume explores the development of Monet's art from the 1850s to the 1920s, focusing on the places, both at home and on his frequent travels, from which he drew inspiration for his painting. In addition, the book traces the critical shift in Monet's art that occurred when he began to focus on series of the same subjects such as haystacks, poplars, and the water lilies and pond at his meticulously designed garden in Giverny. Insightful and revealing, the book deepens our appreciation of Monet's art and allows us to experience anew his gift for bringing the natural world to life.

As well as his fellow Impressionists -- in

particular Renoir, Pissarro, Sisley, Degas and Cezanne --

*Claude Monet* Metropolitan Museum of Art  
Monet was the most typical and the most individual Impressionist painter. But while the painter was faithful and persevering in the pursuit of his motifs, his personal life followed a more restless course. Parisian by birth, he discovered painting as a youth in the provinces, where one of his homes, Argenteuil, has come to represent the artistic flowering and official establishment of Impressionism as a movement.

*A Picnic with Monet* Charlesbridge

This volume on the life and work of Claude Monet is quite unlike any other book on this popular artist, as for the first time his letters have been brought together with his paintings, pastels and drawings. There are letters to his fellow artists and youthful friends, long affectionate letters to family and loved ones and begging letters in times of hardship. We read of Monet's persistence in money matters, his frustrations and successes while on painting expeditions to Italy, Brittany and Norway, and his experience of solitude, illness and bereavement in later life.

Monet emerges from the correspondence

as a more troubled and complex individual than his sun-filled canvases might suggest. Alongside the artist's letters are more than 200 superb colour

reproductions. These accompany the text and enable the reader to follow the young artist through his first encounters with the Parisian art scene, his days as a

commanding presence in the Impressionist movement and the final chapter of his life when he produced some of his most ambitious and colourful work at Giverny.
