**The Lincoln Deception (A Fraser and Cook Historical Mystery, Book 1)** Majalah Franchise Indonesia

In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. Stand Firm: Apologetics and the Brilliance of the Gospel argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God, the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Binary options - is is betting or trading? A debate that has been raging ever since binary options exploded onto the market, sweeping away convention, tearing up the rule book, and dividing opinion. Indeed, simply mention the word binary and instantly a heated debate will ensue. But love them or loathe them, binary options are here to stay, and Binary Options Unmasked has been written to provide traders with a balanced and considered view of these deceptively simple yet powerful instruments. There are many traps for the unwary, but there are also some solid gold nuggets, if you know where to look. Are Binary Options For Me? This is the question I hope will be answered for you in this book. In writing it, I have tried to provide a complete introduction to the subject, with practical examples of how to approach these innovative instruments. Every aspect of this market is explained - both the good and the bad. Nothing is left unsaid. Binary options have much to offer, and used with common sense and thought, are perfectly valid trading instruments. Applied unthinkingly, they become like any other instrument - a quick way to lose money fast. Binary Options Unmasked reveals the true characteristics of this market. It covers the current market participants, along with their product offering. Moreover, not only are binary options explained in detail, but their application as a trading instrument is also illustrated. Trading strategies and approaches too are explored, along with an innovative and practical approach to interpreting volatility, a key component of any options trading. I hope this book, will give you the confidence at least to consider these instruments in more detail for yourself, with an open mind and your eyes wide open.

The First Life of Bernard of Clairvaux, traditionally known as the Vita Prima, originated to prepare the case for canonization of Bernard, first abbot of Clairvaux. The work was begun by William of Saint-Thierry, continued by Arnold of Bonneval, and completed by Geoffrey of Auxerre. When the initial case put forth for Bernard was rejected by Innocent II, Geoffrey undertook a revision of the original vita (Recension A) and submitted another version (Recension B) to Pope Alexander III, who declared Bernard a saint in 1174. This work emphasizes the deep love in which Bernard was held during his life by his monks and the people of France and Italy as well as his role as a powerful public figure. This book contains the first English translation of Recension B, drawn from what is apparently the only manuscript of the work found today in a Cistercian monastery, Mount Saint Bernard Abbey. The introduction begins with the story of how this manuscript came to Mount Saint Bernard, so fixing this translation of the Vita prima within Cistercian life from the twelfth century to today.

A rogue Chinese missile field commander duped Axis of Evil member nations into a joint attack on the United States with a North Korean super missile. When the commander pressed the launch button, a seven-nation, 60-megaton nuclear warhead was blasted into a flight path that was meant to end on California's fragile San Andreas Fault. Fortunately for the United States, its Central Intelligence Agency learned of the pending missile attack and was able to respond with Operation Nonferrous, the only viable, quick-reaction plan it had available. TAKING OUT NORTH KOREA'S SUPER MISSILE (The Axis of Evil & West Coast 11/26) describes in complete detail all of the events that occurred before and after the launch button was depressed at the Lop Nor, China, missile complex on November 26. It is must-read material for anybody deeply concerned about rapidly unfolding, spiraling-out-of-control type of world events that can lead to nuclear war. It is must-read material also for those in love, those who have lost loved ones (esp. an infant), and for those special couples blessed with true conjugal love.

"The key to health is on your face and in your hands" This book presents a self-care method unique in its genre, which offers extraordinary, sometimes amazing and often immediate results for all kinds of disharmony in the body. The method began life in 1980s Vietnam - like many important discoveries, a result of war and necessity - independent of resource availability. It was developed by a group of acupuncturists to put healing in the hands of the masses by replacing needles with equally effective blunt rounded tools. It is the most recent reflexology on the planet and has nothing to do with other oriental techniques related to the face. Today 'Dien Chan' is a popular and accepted method of healthcare in its home

country and part of their official system. However, it is the work of two self declared Italian 'free-sprits', over the past twenty years, which has suitably translated the technique and advanced it to meet the needs of modern Westerners. No longer a painful stimulation of pre-defined points; it has evolved to a relaxing massage of zones and individual, personalised points. 'Dien Chan Zone' incorporates simplified principles and teachings of Traditional Chinese Medicine, protocols for allergies and intolerances, a unique Facial-Cranial reflexology and a beauty treatment to tone muscle and regulate skin function. It is the authors' overriding intention to facilitate learning and to make this method accessible to everyone. In this book they share full instructions for self-treatment which they know present a great frontier of freedom, and the medicine of the future. Contains 95 full colour maps Beatrice Moricoli, founder of S.I.R.F.A./A.I.R.F.I. in Milan, is the first female teacher of Dien Chan (Zone) in Italy, but for many years has practiced also as a therapist and teacher of Reiki, Shiatsu, Tui Na, Chinese Medicine and 'The Blowing Technique'. Vittorio Bergagnini, founder of S.I.R.F.A./A.I.R.F.I. in Milan, is a teacher of Dien Chan Zone as well as Tai Chi Chuan, Reiki, Foot Reflexology and Wung Chun.

"One who does not have a Muslim training finds it difficult to understand what he or she sees and hears when observing a Muslim at worship alone or with others in a mosque. The eleventh century writer Al-Ghazzali supplies the required information in his Book of the Worship, of which the present work is a translation. The Introduction brings together the acts and utterances which constitute the formal ceremony, which is still practiced today, called 'the Worship', and gives an account of the times when this ceremony is used in the religious life of the Muslim. Annotations attempt to make clear the allusions and the technical terms, the knowledge of which Al-Ghazzali takes for granted because he wrote his description of the Worship for Muslims."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
