A multi-tasking mama, Summer Finley has found ways to handle whatever life throws at her with grace and a grin. Until now, that is. An “abnormal” medical test result sends Summer into an emotional tailspin and prompts her to fulfill a life-long dream of “meeting” her best friend and pen pal since fourth grade, Noelle Van Zandt, face-to-face. Their blissful week together in the Netherlands finds Summer and Noelle floating down a canal in Amsterdam, visiting Corrie Ten Boom’s Hiding Place, sipping decadent Dutch cocoa in Delft, and bobbing merrily along through a sea of brilliant, spring-fresh tulips. Each day takes them further from midlife anxiety and closer to trusting God in deeper ways. When Summer finally confides in Noelle about the abnormal test results, Summer’s honesty prompts Noelle to share a long-held heartache. The two friends find they both needed to be together more than either of them realized. Could it be this adventure was tucked away in God’s imagination long before Summer bought her ticket to fly to the land of merry tulips and kalomping wooden shoes?

Noelle I was having a very bad day. The worst day of my life. With only eight weeks left until my thirtieth birthday (oh, and Christmas) I was determined to cram every last ounce of fun into my life before I officially became an 'adult'. But my pursuit of the perfect lead-up to my thirtieth birthday was ruined when I turned up at work to find out I no longer had a job. Then I got home to find my boyfriend in bed with someone else. I didn’t hang around for his explanation, instead packing my stuff and walking out, leaving him and the apartment we’d shared behind. Now I was jobless, homeless, and broke. Things couldn't get much worse. Logan I was having a very bad day. With less than an hour before I was due to address the board of investors about the next round of funding for my medical research, I couldn't find a damn thing. My PA had abandoned me for marriage, leaving me high and dry (well, not really, she did arrange for a replacement, but apparently I was impossible to work for) so now I was stuck with an office that looked like a tornado had torn through it and no report to give the investors and the very possibility of being refused the money I needed to make the medical breakthrough I knew was within my grasp. I was a genius—my mother had me tested—but I really sucked when it came to filing. One drunken online ad later and Noelle walked into my life, turning it upside down and leaving me wondering how I ever survived without her. But being a PA is just a temporary solution for Noelle, and she has no intention on staying permanently. No matter how good we are together. *This is a sexy office romance set at Christmas time in Australia where things get hot and steamy (and I don't just mean the weather). **This book was previously published as 'Girl Friday'
