The SAGE Handbook of the History, Philosophy and Sociology of International Relations SAGE

Chosen by Library Journal as one of the best reference texts of 2016. Occupy. Indignados. The Tea Party. The Arab Spring. Anonymous. These and other terms have become part of an emerging lexicon in recent years, signalling an important development that has gripped many parts of the world: millions of people are increasingly involved, whether directly or indirectly, in movements of resistance and protestation. However, resistance and its conceptual "companions", protest, contestation, opposition, disobedience and mobilization, all seem to be still mostly seen in public and private discourses as illegitimate and problematic forms of action. The time is, therefore, ripe to delve into the concerns, themes and legitimacy. The SAGE Handbook of Resistance offers theoretical essays enabling readers to forge their own perspectives of what "is" resistance and emphasizes the empirical and experiential dimension of resistance - making strong choices in terms of how contemporary topics related to resistance help to rethink our societies as "protest societies". The coverage is divided into six key sub-sections: Foundations Sites of Resistance Technologies of Resistance Languages of Resistance Geographies of Resistance Consequences of Resistance

The SAGE Handbook of the History, Philosophy and Sociology of International Relations offers a panoramic overview of the broad field of International Relations by integrating three distinct but interrelated foci. It retraces the historical development of International Relations (IR) as a professional field of study,

explores the philosophical foundations of IR, and interrogates the sociological mechanisms through which scholarship is produced and the field is structured. Comprising 38 chapters from both established scholars and an emerging generation of innovative meta-theorists and theoretically driven empiricists, the handbook fosters discussion of the field from the inside out, forcing us to come to grips with the widely held perception that IR is experiencing an existential crisis quite unlike anything else in its hundred-year history. This timely and innovative reference volume reflects on situated scholarly practices in a way that projects our collective thinking into the future. PART ONE: THE INWARD GAZE: INTRODUCTORY REFLECTIONS PART TWO: IMAGINING THE INTERNATIONAL, ACKNOWLEDGING THE GLOBAL PART THREE: THE SEARCH FOR (AN) IDENTITY PART FOUR: INTERNATIONAL RELATIONS AS A PROFESSION PART FIVE: LOOKING AHEAD: THE FUTURE OF META-ANALYSIS

The SAGE Handbook of Propaganda tells a radical new story about propaganda, fake news and information warfare and their toxic impact on the communications revolution of the past twenty years. It explains how propaganda invades the human psyche, in

what ways it does so, and in what contexts. As a beguiling tool of political persuasion in times of war, peace, and uncertainty, propaganda incites people to take, often violent, action, consciously or unconsciously. This pervasive influence is particularly prevalent in world politics and international relations today. In this interdisciplinary Handbook, the editors have gathered together a group of world-class scholars from Europe, America, Asia, and the Middle East, to discuss leadership propaganda, war propaganda, propaganda for peace marketing, propaganda as a psychological tool, terror-enhanced propaganda, and the contemporary topics of internet-mediated propaganda. This is the first book of its kind, shedding a harsh new light on many current forms and processes ranging from Islamist and Far Right, troll farms and fake news institutes, to the more salient everyday manipulative practices of corporations and brands as well as political parties. In its four parts, the Handbook offers researchers and academics of propaganda studies, peace and conflict studies, media and communication studies, political science and governance marketing, as well as intelligence and law enforcement communities, a comprehensive overview of the tools and context of the development and evolution of propaganda from the twentieth century to the present: Part One: Concepts, Precepts and Techniques in Propaganda Research Part Two: Methodological Approaches in Propaganda Research Part Three: Tools and Techniques in Counter-Propaganda Research Part Four: Propaganda in Context
