Inglés: Ejercicios prácticos para escribir y hablar fácilmente

McGraw-Hill Humanities, Social Sciences & World Languages

Hemos diseñado este libro dividiéndolo en cinco partes. En la Primera Parte, presentamos los puntos gramaticales que hemos seleccionado y que consideramos de mayor importancia. Estos están acompañados de breves explicaciones para facilitar el aprendizaje. Luego, se dan ejemplos

traducidos al español, en los que se usan reglas gramaticales. Y, para un aprendizaje más permanente, ofrecemos por ultimo, los ejercicios en los que deben aplicarse las reglas o puntos ya presentados, explicados y usados en ejemplos. En la Segunda Parte, podemos encontrar las respuestas a todos los ejercicios. Estas pueden ser usadas para la auto evaluación o para la aclaración en caso de que se haga un poco difícil al tratar de responder o completar algunas partes

de los ejercicios. En la Tercera Parte, ofrecemos una variedad de temas misceláneos, que incluye listados de palabras correspondientes a diversos puntos gramaticales de uso frecuente, así como diferentes vocabularios por temas, que resultan útiles y necesarios para una buena comunicación. En la Cuarta Parte, hemos colocado una interesante selección de verbos regulares e irregulares. Estos últimos dados con el pasado y participio pasado correspondientes.

Y en la Quinta Parte, damos el vocabulario completo de todas las palabras que hemos usado en este libro, sin incluir los cambios o transformaciones que pueden darse en cada una de ellas. Este vocabulario es de mucha utilidad, ya que pueden aparecer algunas palabras desconocidas al momento en que se hacen los ejercicios presentados en la Primera Parte. Después de este, también hemos incluido en orden alfabético, los nombres propios que hemos usado.

No esta demás agregar, que la Bibliografía, dada al final del libro, puede ser aprovechada para seguir profundizando el conocimiento del idioma ingles. Hemos preparado este libro con el fin de que se pueda dominar y usar correctamente la Gramatica Inglesa para la Comunicación Internacional.

Franz Eduard von Liszt es una figura ineludible en el desarrollo del derecho penal alemán de los siglos XIX y XX. Considerado durante décadas como el representante cabal de un derecho penal liberal moderno, su venerada figura comenzó, sin embargo, a ser cuestionada más recientemente, tanto en la doctrina alemana como internacional. El debate en torno a la figura de Liszt se centró exclusivamente en la materia jurídica, en el análisis de sus

publicaciones y en la proyección de sus ideas a través de los discípulos, a lo largo de aproximadamente 80 años durante el siglo XX. En este libro, el autor elige un camino distinto, aún inexplorado, cual es el de analizar la prolífica tarea político-parlamentaria de von Liszt, en tres parlamentos de Prusia y del Reich alemán entre 1908 y 1918. Además, se interpreta esa actuación en su contexto histórico, social y político, ya que el desempeño de Liszt

coincidió casi exactamente con la última etapa de la monarquía alemana (1888-1918), con la cual sin duda se sentía identificado, o cuanto menos, parte de su proyecto. La derrota alemana en la primera guerra mundial, el complejo nacimiento de la república de Weimar y el posterior acceso al poder del nacionalsocialismo, así como la creación de dos Alemanias en la posguerra son hechos que, no obstante haber acontecido tras el

fallecimiento de Liszt en 1919, fueron impregnados también por sus ideas político-criminales, tan arduamente discutidas a lo largo de más de un siglo. El autor pretende con este trabajo, en suma, brindar un aporte novedoso al debate en torno a una figura de proyección internacional, objeto de interminables controversias.

After the Second Vatican Council, there has been within the Indian Church a

growing interest in and concern for whatever is of perennial value in Hinduism. Keeping this in mind, the present study aims at comparing and contrasting the teachings of the Bhagavad-Gita and the Spiritual Exercises of Saint Ignatius of Loyola on the process of spiritual liberation. It is striking that in these two books under investigation the process of spiritual liberation is interwoven with the vision of service, the knowledge of God and His ways, and the experience of the love of

God. The study makes use of the comparative method which incorporates historical, exegetical and critical analyses of the relevant texts of the two sources.

Los ejercicios son una parte integrante y esencial en el estudio de una lengua, tanto para quien no tiene el tiempo o la posibilidad de seguir un curso con un profesor como para quien asiste o ha asistido a un curso y quiere verificar sus

propios conocimientos. El lector encontrará en este libro numerosos ejercicios con una línea de dificultad creciente; además, cada unidad está precedida de una síntesis con las reglas gramaticales y sintácticas que se tratan en los ejercicios. Los resultados de los ejercicios, además de permitir verificar la exactitud de las respuestas, constituyen también ejemplos que se pueden aplicar a determinadas reglas que, de otra manera, no serían más que abstracciones destinadas a ser

olvidadas. Una obra útil, tanto para quien ya tiene una base como para quien no se ha planteado hasta ahora aprender una lengua que actualmente es indispensable para el trabajo, la diversión, el turismo, la navegación por Internet...
