OPEN SECRETS OF WARREN BUFFET Independently Published

The carnival sideshows of the past have left behind a fascinating legacy of mystery and intrigue. The secrets behind such daring feats as fire-eating and sword swallowing and bizarre exhibitions of human oddities as "Alligator Boys" and "Gorilla Girls" still remain, only grudgingly if ever given up by performers and carnival professionals. Working alongside the performers, Joe Nickell blows the lid off these mysteries of the midway. The author reveals the structure of the shows, specific methods behind the performances, and the showmen's tactics for recruiting performers and attracting crowds. He also traces the history of such spectacles, from ancient Egyptian magic and street fairs to the golden age of P.T. Barnum's sideshows. With revealing insight into the personal lives of the men and women billed as freaks, Nickell unfolds the captivating story of the midway show.

**The Beatitudes** Random House India

Kathmandu is the greatest city of the Himalayas—a unique survival of cultural practices that died out in India 1000 years ago. It is a carnival of sexual licence and hypocrisy, a jewel of world art, a hotbed of communist revolution, a paradigm of failed democracy, a case study in bungled Western intervention and an environmental catastrophe. Closed to the outside world until 1951 and trapped in a medieval time warp, Kathmandu's rapid modernization is an extreme version of what is happening elsewhere in many traditional societies. The many layers of the city's developments are reflected in the successive generations of its gods and goddesses, witches and ghosts, the comforts of caste, the ethos of aristocracy and kingship and, of late, the destabilizing spirits of consumer aspiration, individuality, egalitarianism, communism and democracy. Kathmandu follows the author's story over a decade in the city and unravels the city's history through successive reinventions of itself. Erudite, entertaining and accessible, this is the distinctive chronicle of a fascinating city.

"All Her Little Secrets is a brilliantly nuanced but powerhouse exploration of race, the legal system, and the crushing pressure of keeping secrets. Morris brings a vibrant and welcome new voice to the thriller space." —Karin Slaughter, New York Times and international bestselling author In this fast-paced thriller, Wanda M. Morris crafts a twisty mystery about a black lawyer who gets caught in a dangerous conspiracy after the sudden death of her boss . . . A debut perfect for fans of Attica Locke, Alyssa Cole, Harlan Coben, and Celeste Ng, with shades of How to Get Away with Murder and John Grisham's The Firm. Everyone has something to hide... Ellice Littlejohn seemingly has it all: an Ivy League law degree, a well-paying job as a corporate attorney in midtown Atlanta, great friends, and a "for fun" relationship with a rich, charming executive, who just happens to be her white boss. But everything changes one cold January morning when Ellice arrives in the executive suite and finds him dead with a gunshot to his head. And then she walks away like nothing has happened. Why? Ellice has been keeping a cache of dark secrets, including a small-town past and a kid brother who's spent time on the other side of the law. She can't be thrust into the spotlight—again. But instead of grieving this tragedy, people are gossiping, the police are getting suspicious, and Ellice, the company's lone black attorney, is promoted to replace her boss. While the opportunity is a dream-come-true, Ellice just can't shake the feeling that something is off. When she uncovers shady dealings inside the company, Ellice is trapped in an impossible ethical and moral dilemma. Suddenly, Ellice's past and present lives collide as she launches into a pulse-pounding race to protect the brother she tried to save years ago and stop a conspiracy far more sinister than she could have ever imagined...

*Black Women's Mental Health* American Bar Association

Some 2000 years ago a man walked the earth who had a greater impact than any other person in history. Lowly born, he rose to prominence as he spread his vision of redemption of the world. He attracted the attention of both faithful disciples and suspicious local authorities. At the young age of 33 Jesus was tried, convicted, and executed. Today his story is known all over the world. And yet, more than two millennia later people still struggle to understand his Passion. These are some of his teachings. This book is an introduction to the Christian life that will guide you to a closer walk with Jesus. Sometimes you will find it controversial, and sometimes you will find it warm and "touchy-feely." Hopefully it will encourage a new desire for the Sermon on the Mount, and the other teachings of Jesus in the Gospels. If it touches your heart and gets you thinking it will have achieved its purpose.

*Open Secrets* Paul Dry Books

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and

heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

*How Rich People Think* University Press of Kentucky

Open Secrets is Richard Lischer's story of his early career as a Lutheran minister. Fresh out of divinity school and full of enthusiasm, Lischer found himself assigned to a small conservative church in an economically depressed town in southern Illinois. This was far from what this overly enthusiastic and optimistic young man expected. The town was bleak, poor, and clearly not a step on his path to a brilliant career. It's an awkward marriage at best, a young man with a Ph.D. in theology, full of ideas and ambitions, determined to improve his parish and bring them into the twenty-first century, and a community that is "as tightly sealed as a jar of home-canned pickles." In their own way, they welcome him and his family, even though they think he's "got bigger fish to fry." Thus begins Richard Lischer's first year as a pastor: bringing communion to the sick (but forgetting to bring the wafers); marrying two unlikely couples--a pregnant teenager and her boyfriend, and two people who can't stop fighting. Often he doesn't understand his congregation, and sometimes they don't understand him; for instance, why does his wife hire a baby-sitter and instead of leaving, put on her bathing suit, grab a stack of novels, and hide from the kids? Or why can't Pastor Lischer see how important it is for a woman with little money to buy an elaborate coffin to bury her husband in? There are also the moments of grace, when pastor and parishioner unite for a common goal: when he asks for prayers for his infant son, and can feel everyone in the congregation ministering to him; when old hurts are put aside to help a desperate young woman finish college and raise her baby; or when he helps save a woman from dying of a drug overdose. In Open Secrets Lischer tells not only his own story but also the story of New Cana and all of its inhabitants--lovable, deeply flawed, imperfect people that stick together. With his sharp eye and keen wit, Lischer perfectly captures the comedy of small town life with all of its feuds, rumors, scandals, and friendships. In the end he learns to appreciate not only the life New Cana has to offer, but also the people who have accepted him, at last, as part of themselves.

Just Tell the Truth Xulon Press

". . . a rare jewel, a powerhouse of spiritual wisdom that you can read and reread."—Joan Borysenko, Ph.D. author of A Woman's Journey to God and Seven Paths to God "[Open Secrets] invites us into the most intimate of settings, the whispered wisdom passed from an authentic Hasidic master to his student. It radiates warmth, passion for the divine, and earthy confidence in sacredness. A treasure for the spiritual seeker of any tradition." —Judith Simmer-Brown, Naropa University, author of Dakini's Warm Breath "Open Secrets is my favorite way to introduce readers to the essence and depth of Judaism."—Bo Lozoff, author and founder of the Human Kindness Foundation "A master teacher."—Thomas Keating "A prophetic voice for a 21st-century Judaism"—Reb Zalman Schachter-Shalomi The fictional East European Hasidic Master Reb Yerachmeil writes to his hasid Herschel who has moved to America, in response to his student's perennial questions about God, what it means to be Jewish, whether all religions are true, about death, the soul, good deeds, intermarriage and more. The rebbe writes, "My Judaism seeks only the heart of the teaching and the essence of the practice and leaves the details to others." At the urging of his own rebbe, Shapiro, through these letters, creates a ". . . a Judaism for people who wish to learn from it as they do from Buddhism or Sufism, a Judaism for everyone." Rabbi Rami M. Shapiro is regarded as one of the most creative voices in contemporary American Judaism. He is an award-winning poet and essayist, and his liturgies are used in prayer services throughout North America. His previous books include *Minyan: 10 Principles for Living a Life of Integrity* and *The Way of Solomon: Finding Joy and Contentment in the Wisdom of Ecclesiastes*.

**Open Secrets** Harper Collins

Are our elections for sale? Americans have long asked this question in the face of skyrocketing campaign spending by candidates and parties. Then, in the 1990s, came a wave of wealthy individuals whose deep pockets seemed to be buying political offices across the country. Our worst suspicions were confirmed. Or were they? What effect do self-financers really have on electoral outcomes? Jennifer Steen's authoritative empirical study of self-financed candidates is a landmark in American politics. Steen thoroughly dispels the notion that self-funded candidates can buy legislative seats, proving that the vast majority of self-financers do not win their elections. Her book gives us a truer understanding of self-financers' actual influence on campaign competition and rhetoric. Jennifer A. Steen is Assistant Professor of Political Science at Boston College and a former political consultant. She is one of the nation's leading authorities on self-financed candidates.

*Tiny Habits* State University of New York Press

Open Secrets contests the dominant influences of utilitarianism, expressive individualism, and imperatives to self-improvement by examining a series of texts in which "nothing happens" and arguing that these works, far from hiding from narrative demands, make an open secret of fulfilled

experience and yield a revelation without insistence or rhetorical underscoring.

**Self-Financed Candidates in Congressional Elections** Lulu Press, Inc

Creates a new framework for approaching Black women's wellness, by merging theory and practice with both personal narratives and public policy. This book offers a unique, interdisciplinary, and thoughtful look at the challenges and potency of Black women's struggle for inner peace and mental stability. It brings together contributors from psychology, sociology, law, and medicine, as well as the humanities, to discuss issues ranging from stress, sexual assault, healing, self-care, and contemplative practice to health-policy considerations and parenting. Merging theory and practice with personal narratives and public policy, the book develops a new framework for approaching Black women's wellness in order to provide tangible solutions. The collection reflects feminist praxis and defines womanist peace in terms that reject both "superwoman" stereotypes and "victim" caricatures. Also included for health professionals are concrete recommendations for understanding and treating Black women. This book speaks not only to Black women but also educates a broader audience of policymakers and therapists about the complex and multilayered realities that we must navigate and the protests we must mount on our journey to find inner peace and optimal health. From the Foreword by Linda Goler Blount

**Reading the Parables** The New York Times Company

Examines how Black women elders have managed stress, emphasizing how self-care practices have been present since at least the mid-nineteenth century, with roots in African traditions. How have Black women elders managed stress? In *Black Women's Yoga History*, Stephanie Y. Evans uses primary sources to answer that question and to show how meditation and yoga from eras of enslavement, segregation, and migration to the Civil Rights, Black Power, and New Age movements have been in existence all along. Life writings by Harriet Jacobs, Sadie and Bessie Delany, Eartha Kitt, Rosa Parks, Jan Willis, and Tina Turner are only a few examples of personal case studies that are included here, illustrating how these women managed traumatic stress, anxiety, and depression. In more than fifty yoga memoirs, Black women discuss practices of reflection, exercise, movement, stretching, visualization, and chanting for self-care. By unveiling the depth of a struggle for wellness, memoirs offer lessons for those who also struggle to heal from personal, cultural, and structural violence. This intellectual history expands conceptions of yoga and defines inner peace as mental health, healing, and wellness that is both compassionate and political. Stephanie Y. Evans is a Professor of Black Women's Studies, Director of the Institute for Women's, Gender, and Sexuality Studies, and Affiliate Faculty in the Department of African American Studies and in the Center for the Study of Stress, Trauma, and Resilience at Georgia State University. Her books include *Black Women and Social Justice Education: Legacies and Lessons* (coedited with Andrea D. Domingue and Tania D. Mitchell); *Black Women's Mental Health: Balancing Strength and Vulnerability* (coedited with Kanika Bell and Nsenga K. Burton); and *African Americans and Community Engagement in Higher Education: Community Service, Service-Learning, and Community-Based Research* (coedited with Colette M. Taylor, Michelle R. Dunlap, and DeMond S. Miller), all published by SUNY Press.

*Apartheid Guns and Money* Oxford University Press

What does it mean to live the Christian life with conviction? Richard Lischer insists that Christians have a stake in the political and social conflicts that are dividing our culture. In whatever circumstance, Christians are obligated to tell the truth about what it means to be a follower of Jesus. In *Just Tell the Truth*, Lischer explores seasons of suffering, hope, and triumph in the light of the gospel. Drawing upon Scripture and the lives of both well-known and anonymous Christians, he helps his readers imagine what truthful living looks like. While remaining biblically and theologically rooted, the sermons eloquently engage the present moment, showing how Christian conviction has a place in the controversial realms of politics, racial justice, and the COVID-19 crisis. The nourishing meditations in *Just Tell the Truth* align the rhythm of the gospel with the curvature of human experience, empowering Christians to find the heart of God in what is too often a heartless world.

**Open Secrets** A&C Black

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

**Kathmandu** HarperCollins

Darío Ezcurra is one of the thousands of Argentinians unlucky enough to be 'disappeared' by the military government - murdered by the local chief of police with the complicity of his friends and neighbours. Twenty years later, Fefe returns to the town where Darío met his fate and attempts to discover how the community let such a crime happen. Lies, excuses and evasion ensue - desperate attempts to deny the guilty secret of which the

whole community, even Fefe himself, is afraid.

**Tiny Habits** The New Press

Parables make up one-third of Jesus' speech in the New Testament. In this volume, Richard Lischer provides an expert guide to these parables and proposes an important distinction between reading and interpreting the parables. Emphasizing the importance of reading the parables versus interpreting them, Lischer asserts that reading offers a kind of breathing space to explore historical, literary, theological, and socio-political dimensions of the parables and their various meanings, whereas interpreting implies an expert and critical position that must be defended. In this volume, Lischer lays out four theories for reading parables: 1) parables obscure truth; 2) parables teach many truths; 3) parables teach one truth; and 4) parables undermine the truth. Ultimately, he concludes that biblical parables undermine dominant myths called "the truth" to shine light on the Truth that is Jesus, God's presence with us.

**Open Secrets** Courier Corporation

Clientelism is a prominent feature of many of the world's democracies and electoral authoritarian regimes. Yet the comparative study of this practice, which involves exchanging personal favours for electoral support, remains strikingly underdeveloped. This book makes the case that clientelistic politics take different forms in different countries, and that this variation matters for understanding democracy, elections, and governance. Involving collaboration by experienced observers of politics in several countries - Mexico, Ghana, Sudan to Turkey, Indonesia, the Philippines, Caribbean and Pacific Island states, and Malaysia - the chapters in this volume unpack the concept of clientelism and show that it is possible to identify different types of patronage democracies. The book proposes a comparative framework that focuses on the networks that politicians use, the type of resources they hand out, their degree of control over the distribution of state resources, and shows that the comparative study of a key informal dimension of politics offers much analytical promise for scholars of democracy and governance. Varieties of Clientelism is essential reading for scholars and students interested in clientelism, patronage democracies, comparative political economy, as well as party politics. The chapters in this book were originally published as a special issue of *Democratization*.

**The New Life After Death, Or, Secrets of the Grave Laid Open. Being a Selection of Authentic and Miraculous Appearances of Spectres and Apparitions to Several Persons Yet Living, Etc** Routledge

What if I told you that you did not come across this book by mistake? What if I told you that you have wanted to download and buy this book all your life? What if I told you that you have searched for this book more than once today? I am sure by now I already sound like a mind reader or some shaman, right? Well, I am not. I am just someone who has studied human behavior for a long time and I have realized that we all have typecasted, patterns of behavior and similar ways of doing things. Show me a champion and I would show you his daily habits. It is a well-known fact that his daily habits create a man's (or woman's) life. It is what you do daily that eventually creates who you are and the results you achieve. In this book, the outcome we want to make is financial freedom. I want you to be financially free and that is why I created this book. From my years of research and experience, I have realized that financial freedom comes from the things we do daily and the tiny habits we develop in ourselves. Rather than set goals and targets for ourselves that seem almost impossible to achieve, I have, in this book, shown you how to develop tiny daily habits that would help you create a life of financial freedom. This book is not a book of theories or principles that don't work. Instead, the book takes you to step by step to achieve a life of true financial freedom. I assure you this book is every pennyworth. Try it yourself and see. You have FINANCIAL goals. Everyone does, but our environment and unplanned events CRIPPLE our efforts many times and stop us from achieving these goals. It looks like every time you make plans, a thousand and one factors are mocking your ideas, but that can STOP and NEVER happen again. *Tiny Habits* is a revolutionary tool that takes you by the hand through PRACTICAL hands-on habits that you can incorporate in your life to never let external factors stop you from SMASHING your MONEY goals. CHAMPIONS are simply people who knew better and did better, beginning from their DAILY habits. *Tiny Habits* doesn't contain "theories" and "principles" that you get tired of, after trying for a couple of weeks. It shows you (by DOUBTLESS pieces of evidence) the habits that you need to overcome financial obstacles and to HIT your GOALS.

**Open Secrets; Ninety-four Women in Touch with Our Time** Presbyterian Publishing Corp

When Fyodor Dostoevsky proclaims that he is a "realist in a higher sense," it is because the facts are irrelevant to his truth. And it is in this spirit that Apollonio approaches Dostoevsky's work, reading through the facts--the text--of his canonical novels for the deeper truth that they distort, mask, and, ultimately, disclose. This sort of reading against the grain is, Apollonio suggests, precisely what these works, with their emphasis on the hidden and the private and their narrative reliance on secrecy and slander, demand. In each work Apollonio focuses on one character or theme caught in the compromising, self-serving, or distorting narrative lens. Who, she asks, really exploits whom in *Poor Folk*? Does "White Nights" ever escape the dream state? What is actually lost--and what is won--in *The Gambler*? Is Svidrigailov, of such ill repute in *Crime and Punishment*, in fact an exemplar of generosity and truth? Who, in *Demons*, is truly demonic? Here we see how Dostoevsky has crafted his novels to help us see these distorting filters and develop the critical skills to resist their anaesthetic effect. Apollonio's readings show how Dostoevsky's paradoxes counter and usurp our comfortable assumptions about the way the world is and offer access to a deeper, immanent essence. His works gain power when we read beyond the primitive logic of external appearances and recognize the deeper life of the text.
