### Confessions of a Boy-Crazy Girl

Hamide Yeşilyurt

Winner of the 2014 Christian Book of the Year Award "I'M TOO BUSY!" We've all heard it. We've all said it. All too often, busyness gets the best of us. Just one look at our jam-packed schedules tells us how hard it can be to strike a well-reasoned balance between doing nothing and doing it all. That's why award-winning author and pastor Kevin DeYoung addresses the busyness problem head on in his newest book, *Crazy Busy* — and not with the typical arsenal of time management tips, but rather with the biblical tools we need to get to the source of the issue and pull the problem out by the roots. Highly practical and super short, *Crazy Busy* will help you put an end to "busyness as usual."

**Crazy Faith** Moody Publishers

A WORD FROM LOUIS L'AMOUR "Almost forty years ago, when my fiction was being published exclusively in 'pulp' western magazines, I wrote several novel-length stories, which my editors called 'magazine novels.' In creating them, I became so involved with my characters that their lives were still as much a part of me as I was of them long after the issues in which they appeared became collector's items. Pleased as I was about how I brought the characters and their adventures to life in the pages of the magazines, I still wanted the reader to know more about my people and why they did what they did. So, over the years, I revised and expanded these magazine works into fuller-length novels that I published in paperback under other titles. "These particular early magazine versions of my books have long been a source of great speculation and curiosity among many of my readers, so much so of late, that I'm now pleased to collect three of them in book form for the first time. "I hope you enjoy them."

THE REVEALiNG, RiP-ROARiNGLY FUNNY GiDE TO MAKiNG EVERY RELATiONSHiP SMARTER, SANER, AND HAPPiER. Since the dawn of time, when the first smitten caveboy tried to woo the object of his affections by shoving her into the mud, men have demonstrated that when it comes to women, they are profoundly

stupid. And when it comes to men, women -- no matter how intelligent or mature -- are completely crazy. Based on this simple yet groundbreaking insight, comedy writers and real-life couple Howard J. Morris and Jenny Lee have devised a relationship guide that is refreshingly honest, completely hilarious, and surprisingly practical. Using their own crazy/stupid romance as an example of these forces in action, they set out to explain why women ask questions that they absolutely do not want answered -- and why men persist in answering them. What are men really thinking -- or crucially, not thinking? Why do women view even the most mundane events through an emotional prism? Why do guys suck at being romantic? And why does every conversation with a woman lead back to whether or not she's fat? Using wit, hard-earned wisdom, and a highly entertaining he said/she said format, the authors explore the surprising method to his dumbness and the valid reasons behind her insanity, while providing real solutions to perennial relationship problems. By teaching men how and why they're stupid around women and showing women how to "control the crazy" for everybody's sake, *Women Are Crazy, Men*

*Are Stupid* helps couples to reach the place where giving isn't giving in, needing isn't needy, and where the sexes can break the dysfunctional patterns and find a way to live lovingly, happily ever after.
