Adeeb Khalid offers the first extended examination of cultural debates in Central Asia during Russian rule. With the Russian conquest in the 1860s and 1870s the region came into contact with modernity. The Jadids, influential Muslim intellectuals, sought to safeguard the indigenous Islamic culture by adapting it

to the modern state. Through education, literacy, use of the press and by maintaining close ties with Islamic intellectuals from the Ottoman empire to India, the Jadids established a place for their traditions not only within the changing culture of their own land but also within the larger modern Islamic world. Khalid uses previously untapped literary sources from Uzbek and Tajik as well as archival materials from Uzbekistan, Russia, Britain, and France to explore Russia's role as a colonial power and the politics of Islamic reform movements. He shows how Jadid efforts paralleled developments elsewhere in the world and at the same time provides a social history of the Jadid movement. By including a comparative study of Muslim societies, examining indigenous

intellectual life under colonialism, and investigating how knowledge was disseminated in the early modern period, *The Politics of Muslim Cultural Reform* does much to remedy the dearth of scholarship on this important period. Interest in Central Asia is growing as a result of the breakup of the former Soviet Union, and Khalid's book will make an important contribution to current debates over political and cultural autonomy in the region.

The book examines the military history of Aden Colony from 1839 including the fractious turn of the century Border Commissions with Turkey and the defeat of British forces near Aden by the Turks in 1915. Great Britain successfully defended the base for the rest of The Great War and throughout the Second World War. The period after 1945 was one of rising tension as Great Britain drew down its Imperial commitments from the Near and Middle East. Britain's intention to retain a military base in Aden was rejected by Egypt, who, having

embarrassed Great Britain during the 1956 Suez Crisis, set about supporting Yemeni aspirations with subversion, in concert with the Soviet Union and China. This led to Aden coming under increasing pressure from Yemeni nationalism during the late 1950 and early 1960s. When an attempt was made to murder the British High Commissioner, a State Emergency was declared. Initially, while operations were confined to the mountainous Radfan region near the border, the internal security of Aden became increasingly fragile as nationalists escalated attacks on the Security Forces and Service dependants with grenade, shootings and bomb attacks in the narrow streets. When the British declared that they would leave in 1967, the

British forces were caught up in interfactional fighting with 20 June 1967 proving a black day with twenty British soldiers murdered. This led to the famous occupation of Crater district by Lt Col 'Mad Mitch' Mitchell and his Argyll and Sutherland Highlanders. By November that year, after conducting a masterly withdrawal in contact, the British left Aden for good.

The Arab Lands under Ottoman Rule assesses the effects of Ottoman rule on the Arab Lands of Egypt, Greater Syria, Iraq, and Yemen between 1516 and 1800. Drawing attention to the important history of these regions, the book challenges outmoded perceptions of this period as a demoralizing prelude to the rise of Arab nationalism and Arab nation-states in the nineteenth and twentieth centuries. As well as exploring political events and developments, it delves into the extensive social, cultural, and economic changes that helped to shape the foundations of today's modern Middle and Near East. In doing so, it provides a detailed view of society,

incorporating all socio-economic classes, as well as women, religious minorities, and slaves. This second edition has been significantly revised and updated and reflects the developments in research and scholarship since the publication of the first edition. Engaging with a wide range of primary sources and enhanced by a variety of maps and images to illustrate the text, The Arab Lands under Ottoman Rule is a unique and essential resource for students of early modern Ottoman history and the early modern Middle East.

Familiar to tourists at Buckingham Palace, the Coldstream Guards are also a fully operational combat unit. The regiment played a key role at Blenheim

and Waterloo, fought at Monmouth in the American Revolution, served in both World Wars and is frequently deployed on short notice to the world's trouble spots even today. This lavishly illustrated volume has been produced to mark the regiment's 350th anniversary. Contributors include numerous distinguished British historians and past members of the regiment. Full details are given for both the Coldstream Guards' ceremonial duties and their participation in some of the key events in European history.
