For people of African descent, music constitutes a unique domain of expression. From traditional West African drumming to South African kwaito, from spirituals to hip-hop, Black life and history has been dynamically displayed and contested through sound. Shana Redmond excavates the sonic histories of these communities through a genre emblematic of Black solidarity and citizenship: anthems. An

interdisciplinary cultural history, Anthem reveals how this “sound franchise” contributed to the growth and mobilization of the modern, Black citizen. Providing new political frames and aesthetic articulations for protest organizations and activist-musicians, Redmond reveals the anthem as a crucial musical form following World War I. Beginning with the premise that an analysis of the composition, performance, and uses of Black anthems allows for a more complex reading of racial and political formations within the twentieth century, Redmond expands our understanding of how and why diaspora was a formative conceptual and political framework of modern Black identity. By tracing key compositions and performances around the world—from

James Weldon Johnson's “Lift Ev'ry Voice and Sing” that mobilized the NAACP to Nina Simone's “To Be Young, Gifted & Black” which became the Black National Anthem of the Congress of Racial Equality (CORE)—Anthem develops a robust recording of Black social movements in the twentieth century that will forever alter the way you hear race and nation. Shana L. Redmond is Assistant Professor of American Studies and Ethnicity at the University of Southern California. She is a former musician and labor organizer. This open access book looks at how a democracy can devolve into a post-factual state. The media is being flooded by populist narratives, fake news, conspiracy theories and make-believe. Misinformation is turning into a challenge for all of us, whether politicians, journalists, or citizens. In the age of information, attention is a prime asset and may be converted into money, power, and influence – sometimes at the cost of facts. The point is to obtain exposure on the air and in print media, and to generate traffic on social media platforms. With information in abundance and attention scarce, the competition is ever fiercer with truth all too often becoming the first victim. *Reality Lost: Markets of Attention, Misinformation and Manipulation* is an analysis by philosophers Vincent F. Hendricks and Mads Vestergaard of the nuts and bolts of the information market, the attention

economy and media eco-system which may pave way to postfactual democracy. Here misleading narratives become the basis for political opinion formation, debate, and legislation. To curb this development and the threat it poses to democratic deliberation, political self-determination and freedom, it is necessary that we first grasp the mechanisms and structural conditions that cause it. *Dropping Acid* Eagle Stock Publishing ... Shows how popular music is created across a series of relationships that link together industry and audiences, producers and consumers. Explores the equally significant social processes that intervene between and across the production-consumption divide, examining the ways that popular music is mediated by a series of technological, cultural, historical, geographical and political factors. This broad framework provides signposts to various tracks taken by the sounds and images of popular music, and also highlights distinctive theoretical routes into the study of contemporary music. *Credit Analysis and Lending Management* Wesleyan University Press

Perfect for fans of Rita Williams-Garcia, Thanhha Lai, and Rebecca Stead, internationally bestselling author Nadia Hashimi's first novel for young readers is a coming-of-age journey set in modern-day Afghanistan that explores life as a bacha posh—a preteen girl dressed as a boy. Obayda's family is in need of some good fortune, and her aunt has an idea to bring the family luck—dress Obayda, the youngest of four sisters, as a boy, a bacha posh. Life in this in-between place is confusing, but once Obayda meets another bacha posh, everything changes. Their transformation won't last forever, though—unless the two best friends can figure out a way to make it stick and make their newfound freedoms endure. Nadia Hashimi's first novel for adults, *The Pearl That Broke Its Shell*, was a bestseller that shares a bacha posh character with *One Half from the East*.

Although Bunnybear was born a bear, he feels more like a bunny. He prefers bouncing in the thicket to tramping in the forest, and in his heart he's fluffy and tiny, like a rabbit, instead of burly and loud, like a bear. The other bears don't understand

him, and neither do the bunnies. Will Bunnybear ever find a friend who likes him just the way he is?

Resonant Witness gathers together a wide, harmonious chorus of voices from across the musical and theological spectrum to show that music and theology can each learn much from the other and that the majesty and power of both are profoundly amplified when they do. With essays touching on J. S. Bach, Hildegard of Bingen, Martin Luther, Karl Barth, Olivier Messiaen, jazz improvisation, South African freedom songs, and more, this volume encourages musicians and theologians to pursue a more fruitful and sustained engagement with one another. What can theology do for music? Resonant Witness helps answer this question with an essential resource in the burgeoning interdisciplinary field of music and theology. Covering an impressively wide range of musical topics, from cosmos to culture and theology to worship, Jeremy Begbie and Steven Guthrie explore and map new territory with incisive contributions from the very best musicians, theologians, and philosophers.

Bennett Zon Durham University This volume represents a burst of cross-disciplinary energy and insight that can be celebrated by musicians and theologians, music-lovers and God-lovers alike. John D. Witvliet (from afterword)

In this M/M homage to the classic novel, *Valley of the Dolls*, Lambda-winning author Ryan Fields introduces us to six gay men searching for love and fame in the celebrity-fueled worlds of Broadway and Hollywood. The wide-eyed lawyer Rush Goodwin abandons his quaint New England life for the bright lights of New York City, where he meets singers/actors Cody and Anderson, and their partners, who are all just as young and innocent as he is. When Rush meets his new boss, handsome lawyer Lance Sharp, it's love at first sight and the beginning of a turbulent affair. As fame and fortune knock on each of their doors, Rush and his friends each learn, in their own different ways, that nothing ever goes according to plan. They each find themselves seeking the comforts of drugs (nicknamed 'dudes' to those in the know) to deal with the stress of

success, which leads to its own spiral down the proverbial rabbit hole of broken hearts and dreams. But sometimes, we learn from our mistakes, and Rush and Lance find themselves when they let go and follow their hearts.

It is ideologically driven to build a group of church historians who will tell the story of African Christianity, not Christianity in Africa, as an African story, by intentionally privileging the patterns of African agency without neglecting the noble roles played by missionaries. The effort has been to identify the major themes or story lines in African encounters and in the appropriation of the gospel. --from publisher description.

**An Anglican Prayer Book** Springer

This book studies the long-term developments in the South African recording industry and adds to the existing literature an understanding of the prevalence of informal negotiations over rights, rewards and power in the recording industry. It argues that patronage features often infiltrate the contractual relationships in the industry.

It also explains how and why the reflux epidemic is related to the use of acid as a food preservative. Dr. Koufman defines the symptoms this shockingly common disease and explains why a change in diet can alleviate some of the most common symptoms. *Dropping Acid* offers a dietary cure for acid reflux, as well as lists of the best and worst foods for a reflux sufferer. Second Edition! "THANK YOU !!!! I have been suffering from IBS and SIBO for years .... I came across your "gut health protocol" and followed it to a T... and I truly have not felt this good in years !!!!! You have given me my life back !!!!! I never realized how sick I was, and I forgot how a healthy person should feel. I thought I had to live my life feeling the way I did. Not the case at all !! To everyone out there.... read the gut protocol, follow what is suggested...its so worth it !!!" — Jackie A. "I've been doing John's protocol for the last two months and it has helped immensely with my SIBO. My bloating and stomach distention are pretty much gone, ditto stools pretty much normal and motility much better. I had a glucose breath test (unfortunately only for hydrogen) a couple of weeks ago and it was negative... I did the protocol full

swing, all of the supplements and extra antimicrobials, as well as lifestyle changes. I'm not necessarily 100% better, but it's the first thing I've done beside a ridiculously restrictive diet that has actually helped me heal. In fact, previously my diet was slowly becoming more and more restricted. Give it a try, it's good stuff. And, hey John Herron, thank you!" — Michelle M. "I would like to share that I have had such great success. My gut is probably about 90% better. I realize that it still probably has issues and this is a journey of healing and keeping it well, but I have had no bloating, belching, constipation or diarrhea, and limited moments of soreness. I feel that I am now digesting my food and the shortness of breath, heart palpitations, and discomfort in my throat are gone too." — Berea F. "I just looked at your latest protocol and I have to say it is totally amazing! It seems more thorough than most of the 5 books I have read. Were/are you something famous for your job?" — Debbie H. The Gut Health Protocol outlines natural approaches to tackling dozens of stomach and intestinal health issues using only scientifically studied natural herbs,

supplements and diet. Supplements commonly available in local health foods stores and at your favorite online retailer. Many common ailments often have gut issues as their underlying cause, conditions such as: recurring stomach aches, diarrhea, constipation, heartburn, IBS, acid reflux, nausea, eating disorders, eczema, obesity, Chronic Fatigue Syndrome and even major depression have all been linked to gut issues. The Gut Health Protocol, and The Gut Health Diet, can usually resolve these issues, and without damaging antibiotics or steroids. Even if you choose to go the antibiotic route The Gut Health Protocol can make the treatment more effective and can help prevent serious complications. The Gut Health Protocol contains over 1200 published scientific studies summarized and explained in easy to understand

language, over 500 pages on paper, and reviews of several treatment options. Unlike many self-help books nearly everything in the book is based on science, not opinion. The book is written in such a way as allow your doctor to easily look up the scientific studies to validate the claims and treatment suggestions. No need to take the author's word for anything, you and your doctor can read the research. It is recommended that everyone works with a doctor to determine a treatment plan. Though everyone's condition is different, you can be feeling much better in as little as 2 weeks, naturally and without risky antibiotic treatments.
