George Orwell's famous satire of the Soviet Union, in which "all animals are equal but some animals are more equal than others."

Journey to the Centre of the Earth Zondervan Academic

Moments after Lisbeth is born, she's taken from her mother and handed over to an enslaved wet nurse, Mattie, a young mother separated from her own infant son in order to care for her tiny charge. Thus begins an intense relationship that will shape both of their lives for decades to come. Though Lisbeth leads a life of privilege, she finds nothing but loneliness in the company of her overwhelmed mother and her distant, slave-owning father. As she grows older, Mattie becomes more like family to Lisbeth than her own kin and the girl's visits to the slaves' quarters—and their lively and loving community—bring them closer together than ever. But can two women in such disparate circumstances form a bond like theirs without consequence? This deeply moving tale of unlikely love traces the journey of these very different women as each searches for freedom and dignity.

The Frozen Heart Simon and Schuster

When *The Unbearable Lightness of Being* was first published in English, it was hailed as "a work of the boldest mastery, originality, and richness" by critic Elizabeth Hardwick and named one of the best books of 1984 by the New York Times Book Review. It went on to win the Los Angeles Times Book Prize for Fiction and quickly became an international bestseller. Twenty years later, the novel has established itself as a modern classic. To commemorate the anniversary of its first English-language publication, HarperCollins is proud to offer a special hardcover edition. A young woman in love with a man torn between his love for her and his incorrigible womanizing; one of his mistresses and her humbly faithful lover -- these are the two couples whose story is told in this masterful novel. Controlled by day, Tereza's jealousy awakens by night, transformed into ineffably sad death-dreams, while Tomas, a successful surgeon, alternates loving devotion to the dependent Tereza with the ardent pursuit of other women. Sabina, an independent, free-spirited artist, lives her life as a series of betrayals -- of parents, husband, country, love itself -- whereas her lover, the intellectual Franz, loses all because of his earnest goodness and fidelity. In a world in which lives are shaped by irrevocable choices and by fortuitous events, a world in which everything occurs but once, existence seems to lose its substance, its weight. Hence we feel, says the novelist, "the unbearable lightness of being" -- not only as the consequence of our private acts but also in the public sphere, and the two inevitably intertwine. This magnificent novel encompasses the extremes of comedy and tragedy, and embraces, it seems, all aspects of human existence. It juxtaposes geographically distant places (Prague, Geneva, Paris, Thailand, the United States, a forlorn Bohemian village); brilliant and playful reflections (on "eternal return," on kitsch, on man and animals -- Tomas and Tereza have a beloved doe named Karenin); and a variety of styles (from the farcical to the elegiac) to take its place as perhaps the major achievement of one of the world's truly great writers.

Journey to the Centre of the Earth has been consistently praised for its style and its vision of the world. It explores the prehistory of the globe, but can also be read as a psychological quest, for the journey itself is as important as arrival or discovery. Professor Lidenbrock and his nephew Axel travel across Iceland, and then down through an extinct crater towards a sunless sea where they enter a living past and are confronted with the origins of man. A classic of nineteenth-century French literature, the novel's distinctive combination of realism and Romanticism has marked figures as diverse as Sartre and Tournier, Mark Twain and Conan Doyle. This new translation of the complete text is faithful to the lyricism, verve, and humour of the original. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The #1 New York Times bestselling author of *Beautiful Tempest* and *Make Me Love You* brings her "mastery of historical romance" (*Entertainment Weekly*) to 1880s Montana where passions and gold fever run high as an American heiress turns to a rugged mountain man to help her locate her father's fortune. After a social whirlwind in London, Violet Mitchell is summoned back to Philadelphia only to discover her family living on the edge of the financial ruin while their father seeks new wealth in Montana's gold fields. With the family's home and social standing at risk, Violet makes a drastic decision. Meanwhile, Montana rancher Morgan Callahan rode away from his family's cattle farm to make his own fortune. Now as he finishes exploiting a mother lode of silver, a young woman claiming to be his late partner's daughter turns up wanting to be taken to her father's mine. Suspecting that the pretty schemer works for the mining outfit that is trying to steal his land, he has no qualms about snatching her and holding her at his camp where she can do no harm. But he underestimated the new thorn in his side. Determined to claim what rightfully belongs to her family, Violet summons up the courage and grit to cope with the hazards and discomforts of an untamed land and the disturbingly masculine stranger who holds her fate in his hands. But an error of judgment brings down a hailstorm of danger that upends her plans and deepens her bond to a man who may turn out to be all she desires. With her signature "strong characters, humor, interesting plots—and, of course—romance" (*The Cincinnati Enquirer*), Johanna Lindsey crafts another irresistible and adventurous love story.

The Madman's Tale Profile Books

First published in 1927, *Men Without Women* represents some of Hemingway's most important and compelling early writing. In these fourteen stories, Hemingway begins to examine the themes that would occupy his later works: the casualties of war, the often uneasy relationship between men and women, sport and sportsmanship. In "Banal Story," Hemingway offers a lasting tribute to the famed matador Maera. "In Another Country" tells of an Italian major recovering from war wounds as he mourns the untimely death of his wife. "The Killers" is the hard-edged story about two Chicago gunmen and their potential victim. Nick Adams makes an appearance in "Ten Indians," in which he is presumably betrayed by his Indian girlfriend, Prudence. And "Hills Like White Elephants" is a young couple's subtle, heart-wrenching discussion of abortion. Pared down, gritty, and subtly expressive, these stories show the young Hemingway emerging as America's finest short story writer.

Jesus Christ did not die on the cross so you and I could have a nice day. Ministers and teachers who water down the gospel of Christ in order to make it more popular and appealing may be leading their fun-loving audiences down the road to eternal punishment. This book is John MacArthur's unflinching, unapologetic treatise on the modern tendency to alter the true message of Christianity in order to meet the whims and desires of a culture hoping for nonconfrontational messages, easy answers, and superficial commitments. Too many people just want a Madison Avenue Jesus to make them well, make them happy, and make them prosperous. But Jesus Christ isn't a personal genie. He is the Savior. He died in agony to satisfy the wrath of a holy God and to forgive the sins of humankind. Faith in Him demands a willingness to make any sacrifice He asks. The hard truth about Christianity is that the cost is high, but the rewards are priceless: abundant and eternal life that comes only from faithfully following Christ.

This provides great satisfaction to teachers and parents because the students' reading comprehension is high. The "Reading by Words Method", created with the book *Coquito Clásico*, is built on the children's vocabulary and on the unique feature of the Spanish language that is read as it is written and written as it is spoken, unlike other languages, whose phonetic complexity is remarkable. The constant interest of the author and his team of specialists is to restructure and update the book according to the improvements and suggestions from teachers who use Coquito with remarkable success, exceeding expectations in most Spanish-speaking countries. *Coquito Clásico* brings graphic colored themes, illustrated with captivating visuals that engage and develop the child's imagination. On his thirtieth birthday, Jeff Goins quit his job and began his pursuit of becoming a full-time writer. While certainly that was a milestone day, it was still less significant than the ones that lead to that memorable moment. The journey he took leading up to that daring decision involved twists, turns, and surprises he never expected. In the end, he found his life's purpose, his calling; and in *The Art of Work*, he wants to share his journey with you and help you, too, discover your life's work, along with the invaluable treasure that comes with doing so. As writer, keynote speaker, and award-winning blogger Jeff Goins explains, our search for discovering the task we were born to do begins with passion but does not end there. Only when our interests connect with the needs of the world do we begin living for a larger purpose. Those who experience this intersection experience something exceptional and enviable. Though it is rare, as Jeff discovered along the journey he shares in this one-of-a-kind book, such a life is attainable by anyone brave enough to try. Through personal experience, compelling case studies, and current research on the mysteries of motivation and talent, Jeff shows readers how to find the vocation they were meant for and what to expect during the long, arduous journey to discovering and pursuing it.

No Longer Human Harper Collins

A brilliant inquiry into the origins of human nature from the author of *Rationality*, *The Better Angels of Our Nature*, and *Enlightenment Now*. "Sweeping, erudite, sharply argued, and fun to read..also highly persuasive." --Time Updated with a new afterword One of the world's leading experts on language and the mind explores the idea of human nature and its moral, emotional, and political colorings. With characteristic wit, lucidity, and

insight, Pinker argues that the dogma that the mind has no innate traits—a doctrine held by many intellectuals during the past century—denies our common humanity and our individual preferences, replaces objective analyses of social problems with feel-good slogans, and distorts our understanding of politics, violence, parenting, and the arts. Injecting calm and rationality into debates that are notorious for ax-grinding and mud-slinging, Pinker shows the importance of an honest acknowledgment of human nature based on science and common sense.

Ranked as one of the 100 best English-language novels of the 20th century by the Modern Library, *Brave New World* is one of the first truly dystopian novels. The title's fantastic world is derived from Huxley's understanding of history and current events—including the aftermath of the Russian Revolution and World War I—and its depiction of the conflict between progress and the human spirit still resonates today.
