In the explosive finale to New York Times bestselling author Jeaniene Frost's Night Prince series, Vlad is in danger of losing his bride to an enemy whose powers might prove greater than the Prince of Vampires' . . . In the wrong hands, love can be a deadly weapon For nearly six hundred years, Vlad Tepesh cared for nothing, so he had nothing to lose. His brutal reputation ensured that all but the most foolhardy stayed away. Now, falling in love with Leila has put him at the mercy of his passions. And one adversary has found a devastating way to use Vlad's new bride against him. A powerful spell links Leila to the necromancer Mircea. If he suffers or dies, so does she. Magic is forbidden to vampires, so Vlad and Leila enlist an unlikely guide as they search for a way

to break the spell. But an ancient enemy lies in wait, capable of turning Vlad and Leila's closest friends against them . . . and finally tearing the lovers apart forever.

The Risk Theatre Model of Tragedy G K Hall & Company

WHEN YOU LEAST EXPECT IT, BIRNAM WOOD COMES TO DUNSINANE HILL The Risk Theatre Model of Tragedy presents a profoundly original theory of drama that speaks to modern audiences living in an increasingly volatile world driven by artificial intelligence, gene editing, globalization, and mutual assured destruction ideologies. Tragedy, according to risk theatre, puts us face to face with the unexpected implications of our actions by simulating the profound impact of highly improbable events. In

this book, classicist Edwin Wong shows how tragedy imitates reality: heroes, by taking inordinate risks, trigger devastating low-probability, high-consequence outcomes. Such a theatre forces audiences to ask themselves a most timely question---what happens when the perfect bet goes wrong? Not only does Wong reinterpret classic tragedies from Aeschylus to O'Neill through the risk theatre lens, he also invites dramatists to create tomorrow's theatre. As the world becomes increasingly unpredictable, the most compelling dramas will be high-stakes tragedies that dramatize the unintended consequences of today's risk takers who are taking us past the point of no return. Social Psychology Cosimo, Inc. Srinivas Aravamudan here reveals how

Oriental tales, pseudo-ethnographies, sexual fantasies, and political satires took Europe by storm during the eighteenth century. Naming this body of fiction Enlightenment Orientalism, he poses a range of urgent questions that uncovers the interdependence of Oriental tales and domestic fiction, thereby challenging standard scholarly narratives about the rise of the novel. More than mere exoticism, Oriental tales fascinated ordinary readers as well as intellectuals, taking the fancy of philosophers such as Voltaire, Montesquieu, and Diderot in France, and writers such as Defoe, Swift, and Goldsmith in Britain. Aravamudan shows that Enlightenment Orientalism was a significant movement that criticized irrational European practices even while

sympathetically bridging differences among civilizations. A sophisticated reinterpretation of the history of the novel, *Enlightenment Orientalism* is sure to be welcomed as a landmark work in eighteenth-century studies.

Engaging in action is at the heart of our most meaningful experiences. And given the fast-paced, goal-driven nature of modern society, engagement in action is also central to how we perceive ourselves. Action has traditionally been viewed as an end product of the counseling process, but now a bold new redefinition makes counseling not only a driver of action, but an action in itself. Counseling and Action couples a timely update on the multiple roles of action in counseling with an action-based

framework for enhancing progress between client and professional. Grounded in the core concepts of contextual action theory as well as key aspects of counseling (e.g., identity, intentionality, emotion), the book explicates an approach that is responsive to client complexities and the larger social conditions that frame them. Expert-penned chapters apply theory to practice, illustrating levels of engagement in action as counselor and client negotiate goals and work toward their realization. And an especially useful section offers guidelines for intervening with specific populations and addressing particular issues. Among the topics covered: Designing projects for career construction. Agentic action in context. Counseling intentional addiction

recovery grounded in relationships and social meaning. The action of mindfulness in counseling. A contextual action theory perspective on self-efficacy in individual counseling. Counseling processes and procedures through the lens of contextual action theory. With its forceful argument for a quantum leap in both theory and practice, *Counseling and Action* is transformative reading for professionals, educators, and graduate students in social work, psychotherapy, psychology, and counseling.

Phantoms in the Brain New York :
Holmes & Meier

First published in 1909, W.E.B. Du Bois's biography of abolitionist John Brown is a literary and historical classic. With a rare combination of scholarship and passion, Du Bois defends Brown against all

detractors who saw him as a fanatic, fiend, or traitor. Brown emerges as a rich personality, fully understandable as an unusual leader with a deeply religious outlook and a devotion to the cause of freedom for the slave. This new edition is enriched with an introduction by John David Smith and with supporting documents relating to Du Bois's correspondence with his publisher. Copyright © Libri GmbH. If you accept evolutionary theory, can you also believe in God? Are human beings superior to other animals, or is this just a human prejudice? Does Darwin have implications for heated issues like euthanasia and animal rights?

Does evolution tell us the purpose of life, or does it imply that life has no ultimate purpose? Does evolution tell us what is morally right and wrong, or does it imply that ultimately 'nothing' is right or wrong? In this fascinating and intriguing book, Steve Stewart-Williams addresses these and other fundamental philosophical questions raised by evolutionary theory and the exciting new field of evolutionary psychology. Drawing on biology, psychology and philosophy, he argues that Darwinian science supports a view of a godless universe devoid of ultimate purpose or moral structure, but that we can still live a good life and a happy life within the confines of this view.

The Memo is the riveting account of Rich

Higgin's taking the red pill over the course of his twenty years inside the Deep State -- and how that experience led him to recognize, before anyone else, the ferocity of Donald Trump's enemies, how embedded they were within the administration and how far they would go to destroy him. Convinced Trump was the right person at the right time, Higgins sounded the alarm with chilling prescience and paid for it with his job. But few have ever been more fully vindicated by events, or history.

The Marriage Wager WaterBrook
 Hammer is a way to wager on a golf match. The game has evolved through generations in several different

directions. This manuscript will cover multiple ways to play Hammer but certainly not all. References will be made throughout this writing to "our game" which simply means the game I prefer and the reasons why. I have been asked many times if I could put together a list of the rules to "our game" as it has become very popular. I often get calls from players at other clubs asking for a rule interpretation. Hammer becomes a game within a game. At the time of this writing, I am a 12.5 Index golfer but I am a scratch at Hammer.

The Memo Princeton University Press
 Sugar Rush by Rachel Astor: There's nothing quite like your first bite. Dulcie Carter has been running her family's homemade sweet shop, Candy Land Confections, on her own since her mom

passed away. But business is slow and rent is high, so Dulcie knows if she wants to keep her mom's dream alive, she'll need a miracle. The annual Assembly of Chocolatiers competition might be just the thing, if she can bring herself to try creating something new for the first time in a long time. Then she meets Nick, a molten-hot guy with a sexy smirk and an attraction stronger than any sugar rush, whose family also happens to own the big-box candy shop in town—her strongest competition for first prize. Nick's got his own reasons for needing the win, but then being around Dulcie is proving addictive. As their competition heats up, so do the sparks between them. Can they keep their sights on winning, when love might be the sweetest prize of all?

One of the world's leading social critics and educational theorists, Henry A. Giroux has contributed significantly to critical pedagogy, cultural studies, youth studies, social theory, and cultural politics. This new book offers a carefully selected cross-section of Giroux's many scholarly and popular writings, which bridge the theoretical and practical, integrate multiple academic disciplines, and fuse scholarly rigor with social relevance. The essays underscore the continuities and transformations in Giroux's thought, just as they offer invaluable approaches to understanding a range of social problems. Giroux's work suggests that a more humane and democratic world is possible and

provides critical tools that can assist concerned citizens in bringing it into being.

Josie's back and she's getting married! Except, how is she supposed to plan a wedding when her mother and her best friend Mattie both think they're the designated wedding planner, and none of their ideas are remotely similar? Mom wants super-traditional and Mattie wants... well, the complete opposite. And that's not all Josie has to deal with. The gossip hounds are as invasive as ever; setting up polls on everything from what shoes she'll wear to when the divorce will be! Can't a girl at least get married first? But the marriage is threatened

when the Disaster Diary provides Josie with an opportunity of a lifetime and the real question becomes: with the stakes so high, is Josie willing to risk it all and take a chance on herself?

 The traditions of the German people, including the personnel of the civil service, are traditions of frugality and parsimony... and these are fortified in this connection by a traditional loyalty of service to a master, to whom the civil servant stands in a relation of personal stewardship.-from "Economic Policy of the Imperial State"
 One of the great thinkers of the early 20th century, American economist and sociologist

THORSTEIN BUNDE VEBLER (1857-1929) is best remembered for coining the phrase "conspicuous consumption" and, in this 1915 work, explaining how the stage was set for something like the Third Reich in Germany decades before its appearance. Veblen describes: . how the pagan past of the Germans gave rise to their modern character. how Germany's appropriation of industrial technology limited its cultural growth. how a medieval perspective endured in Germany into its imperial era. how the dominance of Prussia impacted Germany as a whole. and more.

Josephine McMaster is pretty and smart, but very much a klutzy mess. Finally, at 26, she may have actually lost the dreaded 'McMaster the Disaster' nickname that has followed her around her whole life. Josie's quite content to be single, much to her mother's disappointment. So when a bizarre contest is announced where a socialite is holding a lottery to pick her bridesmaids (and rake in a little extra cash), she can't roll her eyes fast enough, even if it does mean meeting Jake Hall, her one and only movie star crush. Obviously, Josie doesn't enter the bridesmaid lottery, so

you can imagine her surprise when her picture pops up among the winners, thanks to Mom. With a little prodding -- okay bribing -- Josie agrees to participate. The wedding turns into the event of the year, and Josie finds herself in the middle of a paparazzi feeding frenzy, which gets even crazier after Jake Hall takes a special interest in her. Can Josie handle the pressure in the spotlight? Is it possible she might really have a chance with Jake Hall? And if she's busy worrying about all that, how in the heck is she going to keep 'McMaster the Disaster' from showing up in front of the entire world?
