*The Rejection of
Consequentialism*
Springer
L'ouverture d'un
chantier de

HOWARD

construction devant ses fenêtres incite le narrateur de En chantier à se remettre à son travail de romancier. L'écriture redevient possible et progresse alors au même rythme que le chantier. Jour après jour, avec une régularité obstinée, et une fascination bientôt obsessionnelle. D'un côté un homme qui vit seul, reçoit son fils adolescent une fin de semaine sur deux, et parfois une amante fugitive ; de l'autre, des ouvriers qui travaillent ensemble, exposés aux quatre vents, avec des machines, des camions, et une énergie physique et virile. Au fil du temps, l'écrivain entretient un dialogue imaginaire avec les hommes du chantier, qui

deviennent son unique horizon, en installant sur son balcon un grand tableau sur lequel il note toutes sortes d'informations, jusqu'aux résultats du tour de France dont il les informe étape par étape... Et c'est cette relation impossible entre ces êtres qui, chacun dans leur domaine, construisent une oeuvre, qui donne à ce roman très original toute sa densité. Quand le romancier est contraint d'abandonner son poste d'observation pour partir en vacances avec son fils et pêcher dans les lacs de Haute-Loire, l'écrivain devient alors pleinement un père. Se joue ici une autre relation, celle d'un père avec son garçon, qui s'invente dans une nature et une façon de

vivre au plus dépouillé, mais aussi au plus profond. D'une écriture précise, directe et très fluide, *En chantier* est un roman qui interroge ce qui sépare ou unit les hommes, questionne la place du masculin et dit l'impossibilité de communiquer entre différents mondes, dans une société contemporaine rongée par l'enfermement. En plus d'un humour discret, un vrai suspense s'installe au fil des pages habilement construites, puisque la fin du chantier approche et qu'on se demande comment le narrateur-écrivain va supporter l'idée de réintégrer une vie de solitude.

Readers will learn what dentists do, the tools they use, and how people get this exciting job"--

FASB's Proposed Standard on "employer's Accounting for Defined Benefit Pension and Other Post-retirement Plans"

Createspace
Independent Publishing Platform

Fictional story of Jon's adventures to locate one remaining Sami (Lapp) shamanic drum, based on dreams directing him to make the "roots" search through northern Norway. History relates that Sami culture was almost destroyed when nearly all shamanic drums were burned. Jon, along with his wife,

Lajla journey to physical landscapes containing real & mystical qualities & beings, some helpful, some malicious. Jon's task: return the ancient wisdom of the drum to his tribal people.

Hearing Before the Committee on Banking, Housing, and Urban Affairs, United States Senate, One Hundred Ninth Congress, Second Session, on Examining a Financial Accounting Standards Board (FASB) Proposal that Will Provide Enhanced Transparency of Corporate Accounting for Defined Benefit Pension and Other Post-retirement Plans, June 14, 2006
 Muse Publications

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of

the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

Legendary tails. II.

Oxford University Press
 Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for

Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. (Back cover).

Dentists Knopf

While many have argued in the past decade that peace and conflict studies must engage more with local actors and communities, and scholars regularly describe the importance of local context and culture for building sustainable peace, there are substantial challenges methodologically to fulfilling this 'local turn'. Many peace and conflict studies scholars are inexperienced with methods appropriate

for engaging with local communities, contexts and cultures, and many of the important institutions in the field, from key journals to important funders, exhibit a continuing preference for quantitative studies. The Ethnographic Peace Research (EPR) agenda has recently been developed in response to these challenges and is one of the key avenues to providing a methodological complement to the more theoretically-focused local turn literature. This volume explores the application of the EPR approach in a number of post-conflict and conflict-affected societies around the world. While some chapters take a largely theoretical approach,

most consider the practical application and the different kinds of methods that may be useful components of an EPR project. Together, the authors provide new insights into the benefits, challenges, and ethics of the emerging EPR agenda. This book was originally published as a special issue of the journal *International Peacekeeping*.

Amelia Kurt was different. And she knew it. That didn't stop her from loving her best friend, Annabelle Johnson. They spent an entire summer making love, and growing into what was promising to be the only relationship either ever knew. Then, one day, the

unexpected happens. Anna disappears. No reason, no forwarding address, no number. She was simply gone. Eleven years later, Anna returns. Her truth is heartbreaking but it's only the beginning of their journey to recovery.

 This atlas presents
 normal and pathologic
 findings observed on
 CT angiography with
 3D reconstruction in a
 diverse range of
 clinical applications,
 including the imaging
 of cerebral, carotid,
 thoracic, coronary,
 abdominal and
 peripheral vessels. The
 superb illustrations
 display the excellent
 anatomic detail

obtained with CT
 angiography and
 depict the precise
 location of affected
 structures and lesion
 severity. Careful
 comparisons between
 normal imaging
 features and
 pathologic
 appearances will assist
 the reader in image
 interpretation and
 treatment planning
 and the described
 cases include some
 very rare pathologies.
 In addition, the
 technical principles of
 the modality are
 clearly explained and
 guidance provided on
 imaging protocols. This
 atlas will be of value
 both to those in
 training and to more
 experienced
 practitioners within not
 only radiology but also
 cardiovascular surgery,
 neurosurgery,
 cardiology and

neurology.

 The lord of snark,
 Lawrence Dorfman, is
 back! With this
 treasury of
 backhanded
 compliments, sarcastic
 insults, and catty
 comebacks, Dorfman
 gives us transformative
 wisdom that's sure to
 change your life—or at
 least induce a light
 chuckle. One question
 plagues us all: How do
 we survive all the
 Sturm und Drang of
 everyday life? The
 answer is but one
 word: snark. “She
 wears her clothes as if
 they were thrown on
 by a pitchfork.”
 —Jonathan Swift “Why
 don't you get a

haircut? You look like a
 chrysanthemum.” —P.
 G. Wodehouse “He's a
 mental midget with the
 IQ of a fence post.”
 —Tom Waits “They
 hardly make 'em like
 him anymore—but just
 to be on the safe side,
 he should be castrated
 anyway.” —Hunter S.
 Thompson “He has a
 Teflon brain . . .
 nothing sticks” —Lily
 Tomlin “He has no
 more backbone than a
 chocolate éclair.”
 —Theodore Roosevelt
 Snark will keep the
 wolves at bay (or at
 least out on the porch).
 Snark, much like a
 double scotch, will help
 you deal with relatives,
 shopping, and
 rudeness; it is an outlet
 for the unleashed
 vitriolic bile that's
 saved itself up over the
 months. Like a shield,
 it will protect you while
 you go about your life.

Snark is your answer!

Vogue has always been on the cutting edge of popular culture, and Vogue x Music shows us why. Whether they're contemporary stars or classic idols, whether they made digital albums or vinyl records, the world's most popular musicians have always graced the pages of Vogue. In this book you'll find unforgettable portraits of Madonna beside David Bowie, Kendrick Lamar, and Patti Smith; St. Vincent alongside Debbie Harry, and much more. Spanning the magazine's 126 years, this breathtaking book is filled with the work of acclaimed photographers like Richard Avedon and

Annie Leibovitz as well as daring, music-inspired fashion portfolios from Irving Penn and Steven Klein. Excerpts from essential interviews with rock stars, blues singers, rappers, and others are included on nearly every page, capturing exactly what makes each musician so indelible. Vogue x Music is a testament to star power, and proves that some looks are as timeless as your favorite albums.

A Moral, Political, and Economic Imperative for the Twenty-first Century

Random House

When you come from nothing, following your heart can be everything...She was born a society miss. He never even had a proper name until he made one up for

himself. Even though Ammie has always been a part of Ethan's world, she was still far above the reach of a street urchin turned ranch hand. But that doesn't stop her from haunting his dreams each night. Ammie has turned down every eligible match, waiting for Ethan to see her as more than just another honorary-type cousin. But considering how much time he spends out on the trail, she might have to wait forever. Until a deadly killer has Ethan sticking like glue to her side because he's convinced that no one could protect her the way he can. But spending so much time close to Ammie and becoming part of her life is pure torture. Once the job is done, Ethan is determined to

hit the trail, and this time it might be for good. Unless he finally puts his pride aside and succumbs to his feelings ... or being her protector costs him his life. Loving Amelia has romance, suspense, heat and a love story that will keep you turning pages far into the night. Get your copy today and fall in love all over again! Loving Amelia is the third book in The Crimson Rose Series, but can easily be read as a stand-alone novel. *Ellora's Cavemen* Berrett-Koehler Publishers In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist

theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air

of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always

permitted, but not always required, to produce the best outcomes.

Python 101 Afrikan World Infosystems

This collection of new sizzling tales from the "Mistresses of Romantica" is another excellent sampling of the variety of heroines and heroes available from Ellora's Cave.

Bible Lesson 3

Skyhorse

This is a brilliant examination of the complex processes of the post-1990 transformation in the

Czech automotive industry and its selective integration into the West European system. The post-1990 restructuring of the industry is analyzed in the context of its pre-1990 development and in the context of the East European automobile industry as a whole. Specifically, the book examines the development and post-1990 restructuring of the Czech car, components, and truck industries.
