Use and abuse of law in the Athenian courts Cengage Learning

Unstable social climates are causing the displacement of large numbers of people around the world. Thus, the issue of safe replacement arises, causing the need for examining and improving the policies and strategies regarding immigration and helping these individuals integrate into new societies. Immigration and Refugee Policy: Breakthroughs in Research and Practice is an authoritative resource for the latest research on the challenges, risks, and policies of current relocation and refugee flows and security problems, in relation to these aspects of immigration. Additionally, techniques for assimilating immigrants into important foundations of society, such as educational programs and healthcare systems, is examined. Highlighting a range of pertinent topics such as civil protection, humanitarian aid, and the refugee resettlement process, this publication is an ideal reference source for policymakers, managers, academicians, practitioners, and graduate-

level students interested in current immigrant and refugee policies.

Cases and Rulings as They Apply to Individuals and Groups in Australia Bloomsbury Publishing

Hair Salon and Day Spa Rowman & Littlefield

This comprehensive treatment of legal philosophy and general jurisprudence is designed for jurists as well as legal and practical philosophers. The treatise is presented in two sections: The 5-volume Theoretical part (2005) covers topics of contemporary debate; The 6-volume Historical part (2006-2007) traces the development of legal thought from ancient Greece through the twentieth century. This release incorporates Vol. 6: A History of the Philosophy of Law from the Ancient Greeks to the Scholastics; Vol. 7: The Jurists' Philosophy of Law from Rome to the Seventeenth Century; and Vol 8: A History of the Philosophy of Law in the Common Law World, 1600-1900.

Archaeologia Graeca, or the Antiquities of Greece; chiefly designed to illustrate the Greek Classics. To which are prefixed, a brief history of the Grecian States, and biographical sketches of the principal Greek writers Cengage Learning

This concise intellectual history of the law offers an accessible introduction to the ideas and contexts of law from ancient Babylon to eighteenth-century Europe. Robert W. Shaffern examines a rich array of sources to illuminate ideas about law and justice in Western civilization. He identifies four main sources for traditional jurisprudence—the civilizations of the Fertile Crescent and classical Athens, the legal legacy of ancient Rome, the legal traditions of the Middle Ages, and developments in early modern Europe. By focusing on the recurring issues and historical contexts of the law, the author shows the extensive influence earlier sources had on the later development of Western law. For instance, the ancient code of Hammurabi pledged to obtain justice for the "widow and the orphan," a phrase that appeared again in later laws. Also, the tragedies of Aeschylus insisted that private individuals pursue vengeance, but government judiciaries upheld justice, an idea that the early modern European monarchies advanced when they promulgated new codes of criminal law. Additionally, Roman, medieval, and modern jurists all believed that natural law theory served as a rational criterion for legislators and judges. Throughout the span of centuries covered in the text, governments used law to regulate or monopolize the employment of violence. Designed to introduce

undergraduates to the significant developments and ideas about the law and justice, this book will be invaluable for courses on the history of law and jurisprudence.

Your Step-by-Step Guide to Success Cengage Learning

A Practical Guide to Beauty Therapy for NVQ Level 2 BRILL

This is the third edition of the widely acclaimed and successful casebook on contract in the *Ius Commune* series, developed to be used throughout Europe and beyond by anyone who teaches, learns or practises law with a comparative or European perspective. The book contains leading cases, legislation and other materials from English, French and German law as the main representatives of the legal traditions within Europe, as well as EU legislation and case law and extracts from the Principles of European Contract Law. Comparisons are also made to other international restatements such as the Vienna Sales Convention, the UNIDROIT Principles of International Commercial Contracts, the Draft Common Frame of Reference and so on. Materials are chosen and ordered so as to foster comparative study, complemented with annotations and comparative overviews prepared by a multinational team. The third edition includes many new developments at the EU level (including the ill-fated proposal for a Common European Sales Law and further developments linked to the digital single market) and in national laws, in particular the major reform of the French Code civil in 2016 and 2018, the UK's Consumer Rights Act 2015 and new

cases. The principal subjects covered in this book include: An overview of EU legislation and of soft law principles, and their interrelation with national law The distinctions between contract and property, tort and restitution Formation and pre-contractual liability Validity, including duties of disclosure Interpretation and contents; performance and non-performance Remedies Supervening events Third parties.

Citizenship is a major feature of contemporary national and international politics, but rather than being a modern phenomenon it is in fact a legacy of ancient Greece. The concept of membership of a community and participation in its social and political life first appeared some three millennia ago, but only towards the end of the fourth century BC did Aristotle offer the first explicit statement about it. Though long accepted, this definition remains deeply rooted in the philosophical and political thought of the classical period, and probably fails to account accurately for either the preceding centuries or the dynamics of emergent cities: as such, historians are now challenging the application of the Aristotelian model to all Greek cities regardless of chronology, and are looking instead for alternative ways of conceiving citizenship and community. Focusing on archaic Greece, this volume brings together an array of renowned international scholars with the aim of exploring new routes to archaic Greek citizenship and constructing a new image of archaic cities, which are no longer to be considered as primitive or incomplete classical poleis. The essays collected here have not been tailored to endorse any specific view, with each contributor bringing his or her own approach and methodology to bear across a range of specific fields of enquiry, from law, cults, and military obligations, to athletics, commensality, and descent. The volume as a whole exemplifies the living diversity of approaches to archaic Greece and to the Greek city, combining both breadth and depth of insight with an opportunity to venture off the beaten track.

Business Law: Text & Cases - Commercial Law for Accountants

Athenian Law and Society focuses upon the intersection of law and society in classical Athens, in relation to topics like politics, class, ability, masculinity, femininity, gender studies, economics, citizenship, slavery, crime, and violence. The book explores the circumstances and broader context which led to the establishment of the laws of Athens, and how these laws influenced the lives and action of Athenian citizens, by examining a wide range of sources from classical and late antique history and literature. Kapparis also explores later literature on Athenian law from the Renaissance up to the 20th and 21st centuries, examining the long-lasting impact of the world's first democracy. Athenian Law and Society is a study of the intersection between law and society in classical Athens that has a wide range of applications to study of the Athenian polis, as well as law, democracy, and politics in both classical and more modern settings.
