Whether you're a wine novice or a budding

sommelier, *Wine All-In-One For Dummies* is the one guide you need on your shelf to make your wine experience complete.
Math Quest-TM Portage & Main Press Black Lives Matter, like its predecessor movements, embodies flesh and blood through local organizing, national and global protests, hunger strikes, and numerous acts of civil disobedience.
Chants like

“All night! All day! We’re gonna fight for Freddie Gray!” and “No justice, no fear! Sandra Bland is marching here!” give voice simultaneously to the rage, truth, hope, and insurgency that sustain BLM. While BLM has generously welcomed a broad group of individuals whom religious institutions have historically resisted or rejected, contrary to general

perceptions, religion neither has been absent nor excluded from the movement’s activities. This volume has a simple, but far-reaching argument: religion is an important thread in BLM. To advance this claim, *Race, Religion, and Black Lives Matter* examines religion’s place in the movement through the lenses of history, politics, and culture. While this collection is not

exhaustive or comprehensive in its coverage of religion and BLM, it selectively anthologizes unique aspects of Black religious history, thought, and culture in relation to political struggle in the contemporary era. The chapters aim to document historical change in light of current trends and current events. The contributors analyze religion and BLM in a current

historical moment fraught with aggressive, fascist, authoritarian tendencies and one shaped by profound ingenuity, creativity, and insightful perspectives on Black history and culture.
