How to Improve the Return on Your Social Marketing Investment  
This book more than adequately covers this increasingly important topic, as social media begins to take its rightful place on the center stage of not just marketing but a number of business disciplines. ROI of Social Media is an excellent analysis of the current landscape. I cannot recall any book that singularly tackles ROI at this level, most media books simply give a passing reference or chapter on ROI, this is the first comprehensive study. -Larry Weber, Founder and chairman of W2 Group, Formerly of Weber Shandwick We know that for 2011 and the foreseeable future, ROI is one of the top priorities for the social media strategist at many companies, ROI of Social Media is the right book at the right time as social media strategists are needing to work the various department within the enterprise and show that the investments in social tactics and tools are a good investment. The 15 case studies contained in this book will help the social media strategist understand how global brands are successfully using social marketing to connect to their audience. -Jeremiah Owyang, Partner, Altimeter Group The ROI of Social Media is a must-read for any business looking to get the most out of their investments in social marketing. It sets the stage for marketers to interact with influencers, individuals and consumers and explains the relationships between them. This book breaks down into simple terms both "dollars" and "sense" for social marketers to live by. Fundamentals, strategies and tactics ...this book has it all. The ROI of Social Media will be the dog-eared book that sits on the corner of your desk used to prove many a point. -John Lovett, Senior Partner & Principal Consultant, Web Analytics Demystified Analytics are the core to a consistently successful marketing program. This book offers the metrics to manage social marketing programs, to measure their success, to diagnose underperforming elements, and to deliver extraordinary results. Kudos to this team of marketers in putting this essential book together. -Professor JC Larreche, InSEAD, Author of The Momentum Effect

### Corporate Social Responsibility? PublicAffairs

The Critical Path to Corporate Renewal is a practical and effective agenda for revitalizing the corporation. Through an in depth analysis of six companies that have undergone fundamental changes, the authors describe what works and what doesn't in corporate renewal. Describes the many common errors companies make in getting started. The human sources of competitive advantage--coordination, commitment, and competence--cannot be enhanced through programs. Successful corporate renewal occurs only when plants, divisions, and departments involve employees. That must be done through a carefully designed series of steps--the critical path--led by unit general managers. Companies that have followed this strategy have flatter and less hierarchical organizations, employees who take initiative to reduce costs and improve quality, and enhanced teamwork at all levels.

### Network World Harvard Business Press

"Warning: Your career might be in danger of going off the rails. You probably have blind spots that are leaving you closer to the edge than you realize. Fortunately, Carter Cast has the solution. In this smart, engaging book he shows you how to avoid career derailment by becoming more self-aware, more agile, and more effective. This is the book you wish you had twenty years ago, which is why you should read it now." -- Daniel H. Pink, New York Times bestselling author of Drive and To Sell Is Human The Right - and Wrong -- Stuff is a candid, unvarnished guide to the bumpy road to success. The shocking truth is that 98 percent of us have at least one career-derailment risk factor, and half to two-thirds actually go off the rails. And the reason why people get fired, demoted, or plateau is because they let the wrong stuff act out, not because they lack talent, energy, experience, or credentials. Carter Cast himself had all the right stuff for a brilliant career, when he was called into his boss's office and berated for being obstinate, resistant, and insubordinate. That defining moment led to a years-long effort to understand why he came so close to getting fired, and what it takes to build a successful career. His wide range of experiences as a rising, falling, and then rising star again at PepsiCo, an entrepreneur, the CEO of Walmart.com, and

now a professor and venture capitalist enables him to identify the five archetypes found in every workplace. You'll recognize people you work with (maybe even yourself) in Captain Fantastic, the Solo Flyer, Version 1.0, the One-Trick Pony, and the Whirling Dervish, and, thanks to Cast's insights, they won't be able to trip up your future.

### The Critical Path Macmillan

Starting out with Critical Path means being unsure about what to do, how to start and how to get the most out of it; preparing for success, and avoiding failure. There is enormous satisfaction in seeing the change succeed, overcoming the obstacles in the way to reap the rewards and benefits that using Critical Path brings. The job can be accomplished by having a roadmap and experiences from previous Critical Path changes. This is where this book is your guide and roadmap. You will be able to relate to the experiences laid out in its resources covering all aspects of any Critical Path initiative. Use it, and its INCLUDED Working Documents for Leaders, to get a strong foundation. It will provide aid, advice, blueprints, road maps en templates when you need it most. The book reflects the reality that the fastest way to learn about Critical Path is from experiences, knowing about the ins and outs of employment and career developments, trends and popularity, relevant knowledge and patents AND the INCLUDED downloadable resources on Critical Path Blueprints, Templates and Presentations: Working Documents for Leaders. Whatever makes you decide to take on the change: growing business initiatives or career development plans, you are ready for a Critical Path Change. The book and accompanying toolkit is your gateway and will fully support your commitment in moving forward and energize yourself and others.

### InfoWorld OUP Oxford

This volume presents corporate social responsibility (CSR) as a series of economic and political strategies that are currently shifting the focus of international human rights activism and signalling the rise of new forms of global governance. In as much as the work demonstrates the limitations of CSR and offers a critical perspective on corporate techniques of market domination, it also posits a future for CSR within the human rights movement.

### A Preliminary Literature Search Morgan Kaufmann

The masterwork of a brilliant career, and an important document of the crisis now facing mankind. Today we find ourselves in the midst of the greatest crisis in the history of the human race. Technology has placed in our hands almost unlimited power at the very moment when we have run up against the limits of our resources aboard Spaceship Earth, as the crises of the late twentieth century—political, economic, environmental, and ethical—determine whether or not humanity survives. In this masterful summing up of an entire lifetime's thought and concern, R. Buckminster Fuller addresses these crucial issues in his most significant, accessible, and urgent work. Critical Path traces the origins and evolution of humanity's social, political, and economic systems from the obscure mists of prehistory, through the development of the great political empires, to the vast international corporate and political systems that control our destiny today to show how we got to our present situation and what options are available to man. With his customary brilliance, extraordinary energy, and unlimited devotion, Bucky Fuller shows how mankind can survive, and how each individual can respond to the unprecedented threat we face today. The crowning achievement of an extraordinary career, Critical Path offers the reader the excitement of understanding the essential dilemmas of our time and how responsible citizens can rise to meet this ultimate challenge to our future.

### From Requirements to Value Delivery Routledge

OCEB 2 Certification Guide, Second Edition has been updated to cover the new version 2 of the BPMN standard and delivers expert insight into BPM from one of the developers of the OCEB Fundamental exam, offering full coverage of the fundamental exam material for both the business and technical tracks to further certification. *Human Rights in the New Global Economy* Human Resource Development

A definitive new reference on the major failures of American corporate governance at the start of the 21st century. Tracing the market boom and bust that preceded Enron's collapse, as well as the aftermath of that failure, the book chronicles the meltdown in the telecom sector that gave rise to accounting scandals globally. Featuring expert analysis of the Sarbanes-Oxley legislation that was adopted in response to these scandals, the author also investigates the remarkable market recovery that followed the scandals. An exhaustive guide to the collapse of the Enron Corporation and other financial scandals that erupted in the wake of the market downturn of 2000, this book is an essential resource for students, teachers and professionals in corporate governance, finance, and law.

**Business Process Management - Fundamental Level**  
Complete Publishing

A year ago it would have been difficult to conceive of an anthology of stories solely devoted to corporate malfeasance. Today, the challenge has been to keep it confined to one volume. From P.J. O'Rourke's hilarious "How To Stuff A Wild Enron," in which he compares trying to understand Enron's finances to

trying to buy an airline ticket at the best price, to Marc Peyser's's perceptive look at that American institution, Martha Stewart, to Joe Nocera's investigation of how it all went wrong, the stories here are sometimes infuriating, often entertaining, and invariably informative. Best Business Crime Writing Of The Year is a report from the front lines of the war zone that has become American business today by some of our most talented and perceptive writers. Includes: • "The New Bull Market" by Michael Kinsley from Slate • "In Praise of Corporate Corruption Boom" by Michael Lewis from Bloomberg News • "HardBall" by David McClintick from Forbes • "The Accountants' War" by Jane Mayer from the New Yorker • "Enron Debacle Highlights the Trouble With Stock Options" by Thomas Stewart from Business 2.0 • "Investigating ImClone" by Alex Prud'homme from Vanity Fair

*A Professional and Development Approach* Psychology Press
