The 1950s were the golden age of the American automobile, and the cars were faster, bigger, and more boldly styled than ever before. Sunday driving--Cleaver-style--in the regal family Ford, Edsel or Plymouth topped the list of national pastimes; and teenagers, behind the wheels of their daddies' thundering T-birds, had fun, fun, fun across America's highways. The economic prosperity of the country made for an "ultramatic" boom in car manufacturing, and the advertising industry followed suit. This reprint of a Chronicle Books classic collects the "masterpieces" of automobile advertising, culled from the pages of such popular periodicals as Life, The Saturday Evening Post, Collier's, Look, and Holiday. Their colorful illustrations and catchy copy give these ads a "power-packed beauty" all their own, offering a fun look at 50s culture and values. So take a cruise down memory lane with this fond look back on a time when tail fins and chrome were the standard, and the American car was the true King of the Road.

Hidden Valley Road Simon and Schuster

#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • ONE OF GQ's TOP 50 BOOKS OF LITERARY JOURNALISM IN THE 21st CENTURY • The heartrending story of a midcentury American family with twelve children, six of them diagnosed with schizophrenia, that became science's great hope in the quest to understand the disease. "Reads like a medical detective journey and sheds light on a topic so many of us face: mental illness." —Oprah Winfrey Don and Mimi Galvin seemed to be living the American dream. After World War II, Don's work with the Air Force brought them to Colorado, where their twelve children perfectly spanned the baby boom: the oldest born in 1945, the youngest in 1965. In those years, there was an established script for a family like the Galvins--aspiration, hard work, upward mobility, domestic harmony--and they worked hard to play their parts. But behind the scenes was a different story: psychological breakdown, sudden shocking violence, hidden abuse. By the mid-1970s, six of the ten Galvin boys, one after another, were diagnosed as schizophrenic. How could all this happen to one family? What took place inside the house on Hidden Valley Road was so extraordinary that the Galvins became one of the first families to be studied by the National Institute of Mental Health. Their story offers a shadow history of the science of schizophrenia, from the era of institutionalization, lobotomy, and the schizophrenogenic mother to the search for genetic markers for the disease, always amid profound disagreements about the nature of the illness itself. And unbeknownst to the Galvins, samples of their DNA informed decades of genetic research that continues today, offering paths to treatment, prediction, and even eradication of the disease for future generations. With clarity and compassion, bestselling and award-winning author Robert Kolker uncovers one family's unforgettable legacy of suffering, love, and hope.

The Outsiders Abrams

NATIONAL BESTSELLER From the comedian, television writer, and

host of the Best Show, a revealing and powerful memoir exploring a life of struggle and reinvention "This book is unflinchingly honest, deeply affecting and just relentlessly funny. If you read it and don't like it, it's 100% your fault."—John Oliver, Emmy Award-winning creator and host of HBO's Last Week Tonight with John Oliver Tom Scharpling is good at being funny, which is a miracle, considering what he's survived. Like hitting a deer and narrowly escaping with his life on the night of the 2016 election. But that's nothing compared to the struggles he had earlier in his life. *It Never Ends* is his memoir of a life writing comedy amidst a lifelong struggle with mental illness, a story he has never told before. It's the heartbreaking account of his intense coming-of-age, and the lengths he's undertaken to pull away from the brink of self-destruction. Scharpling brought himself back to life first with punk zines and NBA coverage, then through the world of comedy, writing and executive producing *Monk*, and creating one of the most beloved, longest running comedy radio broadcasts/podcasts, *The Best Show*. Of course, there are also the tangents into auditioning for *The New Monkees*, why Billy Joel sucks, the siren call of the Sex and the City slot machines, and how he made a fool of himself in an elevator with Patti Smith. Tom is the quintessential underdog, and he wears that status on his sleeve as a badge of honor. With this memoir, he lifts the curtain to let the light in on the turmoil that still follows him, even as he racks up accolades and achievements. But most importantly, he reminds us that while many of us carry trauma and shame, we are not alone. *It Never Ends* is about rising above whatever circumstance you find yourself in and getting the most out of your life, while steamrolling the chumps along the way.

A cartoonist follows reporters across the Middle East, learning about journalism and how stories are told Cartoonist Sarah Glidden follows up her acclaimed debut, *How to Understand Israel in 60 Days or Less*, with *Rolling Blackouts*, which details her two-month long journey through Turkey, Iraq, and Syria. Glidden accompanies her two friends--reporters and founders of the journalistic non-profit *The Seattle Globalist*--as they research stories on the Iraq War's effect on the Middle East and, specifically, the war's refugees. Joining them is a former Marine and childhood friend of one of the journalists whose deployment to Iraq in 2007 adds an unexpected and sometimes unwelcome viewpoint, both to the people they come across and perhaps even themselves. The crew works their way through the region with the goal of asking civilians, refugees, and officials: "who are you?" Everyone has a story to tell: the Iranian blogger, the United Nations Refugee administrator, a taxi driver, the Iraqi refugee deported from the US, the Iraqis seeking refuge in Syria, and even the American Marine. The journalists struggle equally with how to tell these stories and with how to market them into articles people will want to read. Glidden records all that she encounters with a sympathetic and searching eye--What is journalism? What is its purpose? What is honesty? Painted in her trademark soft muted watercolors and written with a self-effacing humor, *Rolling Blackouts* cements Glidden's place as one of comics's most original nonfiction voices.

In March 2019, the Viking Sky cruise ship was struck by a bomb cyclone in the North Atlantic. Rocked by 50-foot swells and 40-knot gales, the ship lost power and began to drift straight toward the notoriously dangerous Hustadvika coast in Norway. This is the suspenseful, harrowing, funny, touching story by one passenger who contemplated death aboard that ship. Chaney Kwak is a travel writer used to all sorts of mishaps on the road, but this is a first even for him: trapped on the battered cruise ship, he stuffs his passport into his underwear just in case his body has to be identified. As the massive cruise ship sways in surging waves, Kwak holds on and watches news of the impending disaster unfold on Twitter, where the cruise ship's nearly 1,400 passengers are showered with "thoughts and prayers." Kwak uses his twenty-seven hours aboard the teetering ship to examine his family history, maritime tragedies, and the failing relationship back on shore with a man he's loved for nearly two decades: the Viking Sky, he realizes, may not be the only sinking ship he needs to escape. The Passenger takes readers for an unforgettable journey from the Norwegian coast to the South China Sea, from post-WWII Korea to pandemic-struck San Francisco. Kwak weaves his personal experience into events spanning decades and continents to explore the serendipity and the relationships that move us--perfect for readers who love to discover the world through the eyes of a perceptive and humorous observer.

A BEHIND-THE-SCENES LOOK AT THE ADVENTURES OF FIRST-RATE STORYTELLER, GUITARIST, AND RELENTLESS ROAD WARRIOR JESSE DAYTON Jesse Dayton's story reads like a who's who of American music. In his debut memoir *Beaumont*, Dayton reveals the stranger-than-fiction encounters and outlandish experiences that have ensued across his wide-ranging career. After sneaking into night clubs to play gigs in his youth, eighteen-year-old Dayton and his trio began packing clubs and theaters across Houston, Dallas, and Austin. His first solo record which featured great luminaries like Doug Sahm, Flaco Jiménez, and Johnny Gimble, hit number one on the Americana radio charts and then he was off to the races—touring the world solo and with punk legends Social Distortion and the Supersuckers. While doing press in Nashville, he caught the attention of Waylon Jennings and was whisked off to Woodland Studios, where he was greeted by none other than Johnny Cash, who told Dayton, "We've been waiting for you." Since then, Dayton's ride across the entertainment industry, traversing genres and formats, has only gotten wilder. Whether it's playing guitar on records and film with the likes of Cash, Ray Price, Willie Nelson, Johnny Bush, Glen Campbell and Duff McKagan; writing and recording soundtracks for horror director/rockstar Rob Zombie; directing Malcolm McDowell and Sid Haig in his own horror movie; filling in for the iconic punk band X's guitarist; joining Ryan Bingham on tour; or the many solo and guest projects he continues to work on, Dayton is down to leave his mark, making *Beaumont* a uniquely entertaining tale that will impress new and old fans alike.
