Divorce Dilemma

PRATT JAYVON

The Dilemma of Divorced Catholics Univ of California Press

Written in a concise but engaging style, *The Divorce Dilemma* is a lawyer's common-sense analysis of how divorce has evolved, historically and socially, why it has reached these levels, and what its implications are for the individuals and families involved, for future generations, as well as the nature of family life as we have traditionally come to understand it. Goodall does not hesitate to engage in debate and intends *The Divorce Dilemma* to act as the catalyst in advancing a radical rethink on the future of the family. *The Divorce Dilemma* Saint Pauls/Alba House

'You must be willing to be a healed single person rather than an ever-grieving divorcee, ' says the author. This book answers the questions for those who 'didn't want a divorce, ' but now have to face the reality of i

The Divorce and Remarriage Dilemma Paul Norbury Global Books Limited (UK)

When Tammy Wynette sang "D-I-V-O-R-C-E," she famously said she "spelled out the hurtin' words" to spare her child the pain of family breakup. In this innovative work, Ted Ownby considers how a wide range of writers, thinkers, activists, and others

defined family problems in the twentieth-century American South. Ownby shows that it was common for both African Americans and whites to discuss family life in terms of crisis, but they reached very different conclusions about causes and solutions. In the civil rights period, many embraced an ideal of Christian brotherhood as a way of transcending divisions. Opponents of civil rights denounced "brotherhoodism" as a movement that undercut parental and religious authority. Others, especially in the African American community, rejected the idea of family crisis altogether, working to redefine family adaptability as a source of strength. Rather than attempting to define the experience of an archetypal "southern family," Ownby looks broadly at contexts such as political and religious debates about divorce and family values, southern rock music, autobiographies, and more to reveal how people in the South used the concept of the family as a proxy for imagining a better future or happier past.

The Divorce Dilemma, Book 3: Academic Monographs

"If you have been away from the Church for a long time, please have the courage to take the next step.... If for some reason you cannot obtain an annulment through no fault of your own, then learn more about the internal forum solution. It may be a viable option in your situation." Book jacket.

The Concept of Dilemma in Legal and Judicial Ethics Dayone C/O Grace Books

Common Dilemmas in Couple Therapy addresses four common problems that couples therapists face everyday in their offices - problems that leave therapists exhausted, drained, challenged, alive, racing, and on edge. These dilemmas encompass not only the difficult challenges therapists face everyday, but also the passions and profound disappointments of human intimate partnerships. The purpose of this book is not only to explore and give case illustrations of these dilemmas, but also to give therapists strategies to use and help them understand and handle their own profound experiences while doing this work.

The Divorce Dilemma Zondervan

This is a 30- day devotional for women. It includes stories, Bible verses, a place for date and notes. It is the third and final book in the series: Stop, Think, and Do the Right Thing, written by an author with both biblical study and practical experience.

But I Didn't Want a Divorce Routledge Solutions for negotiating one of life's most difficult events *Healthy Divorce* is a very valuable book, containing practical answers to difficult questions. --Dan Kiley, author of *The Peter Pan Syndrome* and *The WAndy Dilemma* The authors have devoted their careers to counseling divorcing families. In this encouraging book, they outline the fourteen stages of divorces and offer families practical advice and solutions for negotiating one of life's most difficult events. With sensitivity and sensibility they explain how to recognize the different stages of the divorce; what to expect during each phase; and how to deal with the predictable patterns of the divorce process. *Healthy Divorce* explores ways of confronting such tough issues as how to tell your children you're getting a divorce; how to plan a separation; and how to cope with your feelings of anger, grief, and abandonment. The authors offer practical advice on using mediation as an alternative to the adversarial court battle; co-parenting to maintain stability for the children after the divorce; and organizing and structuring a happy blAnded family. *The Divorce Dilemma* Thomas Nelson Judges and lawyers have to shape their moral competences in order to maintain their professional ethics at a high standard if they want to effectively meet the challenges that modern society will throw at them. This requirement is due to the growing expectation that they will be socially and morally responsible for the law. Thus, the need to place ethics at the heart of legal education, and to make ethical reflection pervasive in academic courses, becomes more obvious every day. Using the concept and examples of moral dilemmas is a way of facilitating this task. The main purpose of this book is to analyse the concept of moral dilemma in context of judicial and legal ethics, and to provide material for legal education. The structure of this book is designed with this

double aim in mind. The theoretical part presents the concept of dilemmas on grounds of metaethics and the perspectives for its application in a professional legal context. The former encompasses situations of conflict of duties or obligations, in which the choice of one conduct necessarily prevents a different conduct, and therefore leads to an unacceptable outcome. Hence, the situation of dilemma always involves an issue of moral responsibility and the problem of "dirty hands". How such situations are present in legal practice and how to deal with them is the main concern of this part. The considerations are divided into three levels of reflection – deontological, axiological, and moral responsibility. The practical part of the book contains an overview of 150 dilemmas that can be useful in legal ethics or other legal courses. The dilemmas are divided into chapters covering the following branches of law: criminal law, civil and commercial law, family and custody law, labour and social security law, and constitutional law. Every dilemma presents a description of the facts, a reconstruction of dilemma, its standard solution and some critical remarks from a meta-ethical perspective. The dilemmas cover situations regularly met in everyday practice, as well as examples of more exceptional challenges in connection with constitutional crises that have occurred in Poland in recent years.

A pastoral approach to resolving the situation of troubled marriages which end in divorce.

Solve the Divorce Dilemma

AuthorHouse

Although Shariah Courts have been established for economical and speedy justice for matters including Divorce and matrimonial affairs, their credibility has been questioned regularly. They are accused of being biased against Muslim women. They have been accused of interpreting the Quran incorrectly in matters including Divorce related issues. Their patriarchal attitude and coercing women in matters relating to Divorce in favour of men is a constant source of discussion and condemnation. The inefficiency and autocratic behaviour of the Muslim Institutions, entrusted to hold the principles of Shariah, have betrayed the trust of the Muslims. In the case of Divorce, there has been a total letdown by incorrect application of the injunctions of the Quran. A case in point is the Instant Triple Talaq widely publicised to the embarrassment of the Indian Muslims. 100% of the women responded that they would like a codification of Muslim Divorce Laws provided the Islamic Injunctions were not tampered with and correctly interpreted. 90% of the women were unhappy with the All India Muslim Personal Law Board blaming them for having a

patriarchal mindset and laid-back approach. The rest 10% had not heard of them.

[Parental Separation and Divorce](#) UNC Press Books

A father's guide to understanding, grieving and growing beyond the losses of divorce, and to developing a deeper, ongoing relationship with his children.

[Clergy Divorce](#) Jossey-Bass

Muslim women in Australia are at the forefront of a culture war, and not necessarily by choice. As visible representatives of Islam, veiled women face discrimination and abuse, and carry the stigma of a culture frequently deemed unacceptable and inferior. Despite these adverse conditions, Muslim women have demonstrated a remarkable resilience by maintaining their presence in the public domain and by continuing to make a positive contribution to Australia. The experiences of Muslim women in Australia cannot be typecast as a sisterhood of oppressed females. Challenging Identities questions the assumption of incompatible 'Australian values' and 'Islamic values', and provides valuable first-person accounts from the lives of Muslim women in Australia.

This Workbook is the companion to the empowerment guide: "Solve the Divorce Dilemma: Do You Keep Your Husband or Do You Post Him on Craigslist?" It provides a roadmap to help you assess your relationship with your husband and decide whether your marriage can be repaired, or whether you should rebuild your life on your own as a single woman.

Divorce, a Christian Dilemma

Framing American Divorce is a boldly innovative exploration of the multiple meanings of divorce in American life during the formative years of both the nation and its law, roughly 1770 to 1870. Drawing on a wide array of sources, Basch enriches and complicates our understanding of the development of divorce law by telling her story from three discrete but overlapping perspectives. In "Rules" she tracks the broad public debate and legislation over the appropriate grounds for and long-term consequences of divorce. "Mediations" shifts to a close-up analysis of the way ordinary women and men tested the rules in the county courts. And "Representations" charts the spiraling imagery of divorce through stories that made their way into American popular culture.
