understanding of the universalities of human nature to explore the ageless issues of evil, suffering, and the indomitable will of the human spirit. For Kivrin, preparing an on-site study of one of the deadliest eras in humanity's history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her

instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin—barely of age herself—finds she has become an unlikely angel

The reason for her suicide attempt is even more disturbing: She had just identified Ephraim's body at the morgue that day. Among his dead double's belongings, Ephraim finds a strange coin—one that grants wishes when he flips it. With a flick of his thumb, he can turn

his alcoholic mother into a model parent or catch the eye of the girl he's had a crush on since second grade. But the coin doesn't always change things for the better. And a bad flip can destroy other people's lives as easily as it improves his own. Now Ephraim must learn to control the power of the coin before his luck runs out.
