trading volumes and resource usage to increase, but buying patterns are shifting, skewing the benefits. Our research underscores the opportunities from multi-asset investing, a \$3.5trn segment today that we estimate could grow 10-15% pa. Our interviews suggest few banks are serving these clients well. Wholesale & Investment Banking

Our report finds that during the last three years about USD15BN of costs (10% of total costs for the industry globally) in banking and about USD1.5TN of risk-weighted assets (about 40% of the total) have been pulled out. This has mainly been achieved through moving legacy assets or whole businesses to non-core areas. Wholesale and Investment Banking Outlook
