UnaVerse 1.0 is a versed compilation and collection of AIAPGET (Unani) previous year questions- thoroughly explained and masterly cataloged. This book is well focused and quite strict to the objective of the author - that's the strength I must say. The best part is the explanation of correct answers- which will be captivating learning

for readers as it ensures brain exercise while solving the assertion reason portion. Subject wise weightage, current pattern, and solved papers of various recent MO examinations are out-and-out anthological. With the turn of every page of this book, I found the methodology of compilation is widely followed in "UnaVerse 1.0" which will ease and provoke intense reading. There have never been adequately grouped or compiled such huge questions as per the current pattern with proper explanation in any previous Unani books. I believe that the content and style of this compilation constitute a powerful appeal for the revival of 'reading interest'. In one

swoop I may conclude that this is the maiden effort of quality, discipline, thorough and need-based researched writing. By being bold at this moment; right now, there is no other moment to wait for "UnaVerse 1.0"- going to be a factual helpmate for AIAPGET aspirants. *Illustrated Weekly of Pakistan* Blue Rose Publishers

Out of the generation that grew up in the Great Depression and World War II, thousands of young Christians felt called by God to the ends of the earth. Pauline A. Brown, with her husband Ralph, and two other families, went to the Sindh Province in southern Pakistan in 1954 -- their goal, to share God's message love with Muslim Sindhis. This book is not just about North Americans abroad, but about a fellowship of ordinary people crossing cultural and linguistic barriers to take on the extraordinary challenge of establishing the Church in the Sindh desert. *Jars of Clay* is a story of laughter and tears, of danger and deliverance, of despair and hope, of victory and defeat. Above all, it is a story of perseverance in the face of great odds. The story of how the Church of Jesus Christ, small and fragile as it is, is taking

root in the barren desert soil of Sindh in Pakistan, an Islamic Republic, is relevant more than ever in our post 9/11 world. Educational Guide of Pakistan Prabhat Prakashan

This book looks at madrasas and educational institutions run by Muslim communities in India focusing on the history, social relevance and importance of these institutions. It provides a sensitive and in-depth analysis of the push and pull of tradition, religiosity and modernity within these establishments. The book studies several institutions in Kozhikode, Surat, Mumbai, Hyderabad, Barak Valley in Assam, Ladakh, Delhi and several cities in Uttar Pradesh and examines new initiatives, curricula, models of education and professional training being offered. It contextualises educational reforms in madrasas in response to changing policies

and larger socio-economic realities in contemporary India. It also interrogates stereotypes associated with Islam and madrasa education, paying particular attention to their syllabi and desired outcomes. This book also looks at the roles and positions of women in these institutions. Emphasising the long and complex history of Muslim communities and madrasas, the book showcases the remarkable diversity of approaches and pedagogical practices which combine deeni and duniyati education across India today. This book will be of interest to students and researchers of the history of education, religious education, comparative education and sociology. It will also be useful to people working with NGOs and policymakers in the field of educational reform and planning.
