### The Power You Need to Never Give Up Simon and Schuster

In order, then, to attach ourselves to this great means of salvation, we must first of all consider how necessary it is to us, and how powerful it is to obtain for us all the graces that we can desire from God, if we know how to ask for them as we ought. Hence, in the first part, we will speak first of the necessity and power of prayer; and next, of the conditions necessary to make it efficacious with God. Then, in the second part, we will show that the grace of prayer is given to all; and there we will treat of the manner in which grace ordinarily operates. Aeterna Press

"This volume of measurement instruments in the English language arts is the second one produced by the Research Instruments Project (TRIP), which was designed to collect and evaluate research instruments in language arts, language and language development, literacy, literature, oral language, reading, teacher knowledge/attitudes, and writing. The 160 measurement instruments are arranged alphabetically by category; within each category, measures are listed alphabetically by author. All instruments are cross-referenced by author. The age range indicated is the specific age grouping as stated by the authors or the age of the sample to whom the instrument was administered. The description of the instrument provides the purpose of the instrument, the date of construction, and a physical description of the instrument—often including sample items and administration data (directions, time, scoring procedures, and so forth). The lack of reliability and validity data for instruments is indicated when the information was unavailable. In the case of tables of difficulty, indexes, and so on, the data contained are summarized and the complete data are made available with the test or references cited. God delivered Israel from Egyptian bondage to captivate them for Himself. In the arid wilderness He planned to reveal His nature and ways to them, but they drew back. How different are we today? Many confess the Lordship of Jesus and acknowledge His saving power, yet like Israel, they've drawn back. Rather than pursuing His heart they have cleaved to this world's form of worship—the worship of self. As a result we have changed the image of Jesus to be like us. Fire can alter these images. The fire we need is found in the Holiness of God. God is calling us to draw nearer still...to tremble on Mt. Zion...transformed to touch others.

**The Life of Oscar Wilde** Pearson Higher Ed

During forty years of caring for districts of churches and isolated believers, besides raising up new churches by evangelistic effort, the author of this work became greatly impressed with the need of educating the people in the fundamental doctrines of the Holy Scriptures. He has found very few who could give from the word of God an intelligent reason for even its most prominent and important truths. This spiritual poverty any minister will discover by personal investigation. When we add to this condition the fact that during the past thirty years new errors have been stealthily introduced among Christians generally—errors which undermine the very foundations of Bible truth and Christianity—it becomes evident that even professing Christians are unprepared for the crises they will be obliged to meet in the near future.

"Marked by [McDermid's] trademark stunners, including a climax that packs a vicious punch. And readers are again left to marvel at her ingenuity." —Jay Strafford, *Richmond Times-Dispatch* From one of the finest crime writers we have, *The Vanishing Point* kicks off with a nightmare scenario—the abduction of a child in an international airport. Stephanie Harker is in the screening booth at airport security, separated from Jimmy Higgins, the five-year-old boy she's in the process of adopting, when a man in a TSA uniform leads the boy away. The more Stephanie sounds the alarm, the more the security agents suspect her, and the further away the kidnapper gets. It soon becomes apparent that nothing in this situation is clear-cut. For starters, Jimmy's birth mother was a celebrity—living in a world where conspiracy and obfuscation are excused for the sake of column inches. And then there are the bad boys in both women's pasts. As FBI agent Vivian McKuras and Scotland Yard Detective Nick Nicolaides investigate on both sides of the pond, Stephanie learns just how deep a parent's fear can reach. And the horrifying reality is that she has good reason to be afraid—for reasons she never saw coming. "[McDermid's] work is taut, psychologically complex and so gripping that it puts your life on hold." —*The Times* (London)
