Shorebrilliantly re-creates the summer of 1916, when a rogue Great White shark attacked swimmers along the New Jersey shore, triggering mass hysteria and launching the most extensive shark hunt in history. Close to Shore: The Terrifying Shark Attacks of 1916 is a nonfiction book by American author Michael Capuzzo and was first published in 2001. It centers on the events along

the New Jersey shore in the summer of 1916, when a solitary great white shark left its usual habitat and began attacking beachgoers in the vacation towns of Beach Haven and Spring Lake, even moving inland for an attack, at one point. **Close to Shore: A True Story of Terror in An Age of ...
