[Oxford A-Z of English Usage](#) Oxford University Press

The purpose of this book English, like all languages, is full of problems for the foreign learner. Some of these points are easy to explain - for instance, the formation of questions, the difference between since and for, the meaning of after all. Other problems are more tricky, and cause difficulty even for advanced students and teachers. How exactly is the present perfect used? When do we use past tenses to be polite? What are the differences between at, on and in with expressions of place? We can say a chair leg - why not * a cat leg? When can we use the expression do so? When is the used with superlatives? Is unless the same as if not? What are the differences between come and go, between each and every, between big, large and great, between fairly, quite, rather and pretty? Is it correct to say There's three more bottles in the fridge? How do you actually say $3 \times 4 = 12$? And so on, and so on. Practical English Usage is a guide to problems of this kind. It deals with over 600 points which regularly cause difficulty to foreign students of English. It will be useful, for example, to a learner who is not sure how to use a particular structure, or who has made a mistake and wants to find out why it is wrong. It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point. There is very full coverage of grammar, as well as explanations of a large number of common vocabulary problems. There are also some entries designed to clarify more general questions (e.g. formality, slang, the nature of standard English and dialects) which students and teachers may find themselves concerned with.

[An A-Z of English Grammar & Usage](#) OXFORD University Press

The English Language Laid Bare Oxford University Press

What is it to 'cock a snook', where is the land of Nod, and who was first to go the extra mile? Find the answers to these questions (and many more!) in the new edition of the Oxford Dictionary of Idioms. This dictionary uncovers the meanings of myriad phrases and sayings that are used daily in the English language, encompassing more than 10,000 figurative expressions, similes, sayings, and proverbs. More than 400 idioms have been added to this new edition, and comprise recently coined and common sayings alike. New additions include 'back of the net', 'drag and drop', 'go it alone', 'how come?', 'if you ask me', 'make your skin crawl', and 'woe betide'. Illustrative quotations sourced from the Oxford corpora give contextual examples of the idioms and their standard usage, and many entries include background information on the origins of the idiom in question. An updated thematic index makes for easy navigation, and anyone who is interested in the origins and diversity of English vernacular will have hours of fun browsing this fascinating dictionary.

The Oxford Guide to English Usage Oxford University Press, USA
Unlike most grammar series, this one simplifies and clarifies what is often perceived as the most difficult aspect of learning a foreign language. Oxford Easy Grammar texts cover all the fundamental and essential points of a language's grammar in a clear and user-friendly way, with every grammatical point clearly explained and backed up by examples in English before being illustrated in the foreign language. Each area of grammar is presented on a double-page spread for easy access and navigation, with all example sentences highlighted to show what is being illustrated. Finally, a full A-Z list of grammatical terms with clear descriptions rounds out each volume.

The Concise Oxford Dictionary of English Etymology Oxford University Press, USA

New Oxford English Grammar is Oxford's brand new and definitive guide to grammar usage. This book has been written by a leading expert in the field, covers both British and American English, and makes use of the unrivalled language monitoring of Oxford's English Dictionaries programme. Arranged in three clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly and engagingly. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate students of all disciplines, and for anyone who would like a clear guide to English grammar and how to use it.

Vol. 1 - Oxford A-Z of English Usage

Good spelling is fundamental to making the right impression with any type of writing; reports, homework, CVs, and letters all require correct spelling in order to get the message across in clear and straightforward English. Adaptable or adaptable? Definite or definate? Delirious or delireous? What is the difference between assent and ascent, dual and duel, or forbear and forebear? How do you make the plural of halo? Is it halos or haloes? Actually it's both, but not so for potato, the plural of which is potatoes. Knowing the difference between easily confusable words, making plurals, and adding endings are just some of the aspects of spelling that confront us with endless pitfalls. This easy-to-use A-Z guide does what no spellchecker can do: it gives immediate access not only to individual word spellings but also to general rules that will help you develop good spelling. The book covers the topics in simple and helpful terms and also offers advice on how to use apostrophes and hyphens, and the differences between British and American spelling. The core of the book is a list of over 2,000 words laid out for quick and easy reference. Based on evidence of misspelling gathered from real situations, this guide is the most useful and comprehensive help on spelling available. This new edition makes the benefits of the material more explicit to the general reader: better organization of the supplementary features, simplified and more transparent design, additional and updated content, and more clearly written rules. One of a mini-series of titles on spelling, grammar and punctuation, and usage.

OXFORD DIC ENGLISH GRAMMAR(P) Oxford University Press

The Oxford Dictionary of American Usage and Style Oxford University Press

Oxford A-Z of English Usage Oxford University Press

Oxford Dictionary of Idioms Oxford University Press, USA

The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.

Oxford A-Z of English Usage Oxford University Press

A consistent best-seller, the wide-ranging and authoritative Dictionary of Sociology was first published in 1994 and contains more than 2,500 entries on the terminology, methods, concepts, and thinkers in the field, as well as from the related fields of psychology, economics, anthropology, philosophy, and political science. For this fourth edition, Professor John Scott has conducted a thorough review of all entries to ensure that they are concise, focused, and up to date. Revisions reflect current intellectual debates and social conditions, particularly in relation to global and multi-cultural issues. New entries cover relevant contemporary concepts, such as climate change, social media,

terrorism, and intersectionality, as well as key living sociologists. This Dictionary is both an invaluable introduction to sociology for beginners, and an essential source of reference for more advanced students and teachers.
