K.N.King; Edition - 2nd; Pages - 832; Format - pdf; Size: 105MB; The 1st edition of *C Programming: A Modern Approach* by K.N. King was a hit! It was liked by teachers and students both for its comprehensiveness, clarity and trademark question & answer sections. 225 college around the globe used the first edition, and this made this book one of the leading C textbooks of the last ten years. *C Programming (a Modern Approach - 2nd Edition) - K. N ... C Programming: A Modern Approach* by K.N. King. is a solid, in depth introduction to C. King covers all of the major points of the language using a lucid style with a good sense of how much needs to be said to get a point across. At the same time, like many good textbooks, King doesn't shy away from advanced, interesting features of the language. This is one of the strong points of this book: it isn't just about how to program in C, but about how to think about programming and make good programs. *C: A Modern Approach (K.N.
