After being sent back from the light, Alona Dare - former homecoming queen, current Queen of the Dead - finds herself doing something she never expected: working. Instead of spending days perfecting her tan by the pool (her typical summer routine when she was, you know, alive), Alona must now cater to the needs of other lost spirits. By her side for all of this, ugh, “helping of others” is Will Killian: social outcast, seer of the dead, and someone Alona cares about more than she’d like. Before Alona can make a final ruling on Will’s “friend” or “more than friend” status, though, she discovers trouble at home. Her mom is tossing out Alona’s most valuable possessions, and her dad is expecting a new daughter with his wicked wife. Is it possible her family is already moving on? She’s only been dead for two months! Thankfully, Alona knows just the guy who can put a stop to this mess. Unfortunately for Alona, Will has other stuff on his mind, and Mina, a young (and beautiful) seer, is at the top of the list. She’s the first ghost-talker Will’s ever met—aside from his father—and she may hold answers to Will’s troubled past. But can she be trusted? Alona immediately puts a check in the “clearly not” column. But Will is, ahem, willing to find out, even if it means leaving a hurt and angry Alona to her own devices, which is never a good idea. Packed with romance, lovable characters, and a killer cliffhanger, Queen of the Dead is the out-of-this-world sequel to The Ghost and the Goth.

In this sizzling companion to the critically acclaimed 738 Days, Stacey Kade once again creates a masterful combination of romance, angst, and thrills in the backdrop of a Hollywood film set. At twenty-two, Calista Beckett is trying to overcome her early fame and fortune. The former savior of the world on Starlight is now a freshman at college—miles away from L.A. and her former existence. She sees it as her start to a new life, a normal life, one where she won’t make the same mistakes she made before—a brush with heroin addiction and losing her freedom to her controlling mother, thanks to a court order. Eric Stone played her older brother, Byron, on Starlight. But she’s been in love with him pretty much since they kissed—her first kiss—while auditioning. When Eric shows up on campus out of the blue, Calista’s struck immediately by two things: first, in spite of everything that’s happened, she still feels something dangerous for him, and second, she’s absolutely determined not to let him ruin her life again. Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.
