From the Preface: This manual, Child Protective Services: A Guide for Caseworkers, examines the roles and responsibilities of child protective services (CPS) workers, who are at the forefront of every community's child protection efforts. The manual describes the basic stages of the CPS process and the steps necessary to accomplish each stage: intake, initial assessment or investigation, family assessment, case planning, service provision, evaluation of family progress, and case closure. Best practices and critical issues in casework practice are underscored throughout. The primary audience for this manual includes CPS caseworkers, supervisors, and administrators. State and local CPS agency trainers may use the manual for preservice or inservice training of CPS caseworkers, while schools of social work may add it to class reading lists to orient students to the field of child protection. In addition, other professionals and

concerned community members may consult the manual for a greater understanding of the child protection process. This manual builds on the information presented in A Coordinated Response to Child Abuse and Neglect: The Foundation for Practice. Readers are encouraged to begin with that manual as it addresses important information on which CPS practice is based-including definitions of child maltreatment, risk factors, consequences, and the Federal and State basis for intervention. Some manuals in the series also may be of interest in understanding the roles of other professional groups in responding to child abuse and neglect, including: Substance abuse treatment providers; Domestic violence victim advocates; Educators; Law enforcement personnel. Other manuals address special issues, such as building partnerships and working with the courts on CPS cases. *How to Count Animals, more or less* McGraw-Hill Humanities, Social Sciences & World Languages
The law of Equity, a latecomer to the field of private law theory, raises fundamental questions about the relationships between law and morality,

the nature of rights, and the extent to which we are willing to compromise on the rule of law ideal to achieve social goals. In this volume, leading scholars come together to address these and other questions about underlying principles of Equity and its relationship to the common law: What relationships, if any, are there between the legal, philosophical, and moral senses of 'equity'? Does Equity form a second-order constraint on law? If so, is its operation at odds with the rule of law? Do the various theories of Equity require some kind of separation of law and equity-and, if they do, what kind of separation? The volume further sheds light on some of the most topical questions of jurisprudence that are embedded in the debate around 'fusion'. A noteworthy addition to the Philosophical Foundations series, this volume is an important contribution to an ongoing debate, and will be of value to students and scholars across the discipline.

Philosophical Foundations of the Law of Equity Quinn Loftis Books, LLC
 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • A Pulitzer Prize-winning historian takes us as close as we have ever been to the real John F. Kennedy in this revelatory biography of the iconic, yet still elusive, thirty-fifth president. “An utterly incandescent study of one of the most consequential figures of the twentieth century.”—Jill Lepore, author of *These Truths: A History of the United States* WINNER OF THE ELIZABETH LONGFORD PRIZE • NAMED BIOGRAPHY OF THE YEAR BY *The Times* (London) • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Sunday Times* (London) • *New Statesman* • *The Daily Telegraph* • *Kirkus Reviews* By the time of his assassination in 1963, John F.

Kennedy stood at the helm of the greatest power the world had ever seen, a booming American nation that he had steered through some of the most perilous diplomatic standoffs of the Cold War. Born in 1917 to a striving Irish American family that had become among Boston’s wealthiest, Kennedy knew political ambition from an early age, and his meteoric rise to become the youngest elected president cemented his status as one of the most mythologized figures in American history. And while hagiographic portrayals of his dazzling charisma, reports of his extramarital affairs, and disagreements over his political legacy have come and gone in the decades since his untimely death, these accounts all fail to capture the full person. Beckoned by this gap in our historical knowledge, Fredrik Logevall has spent much of the last decade searching for the “real” JFK. The result of this prodigious effort is a sweeping two-volume biography that properly contextualizes Kennedy amidst the roiling American Century. This volume spans the first thirty-nine years of JFK’s life—from birth through his decision to run for president—to reveal his early relationships, his formative experiences during World War II, his ideas, his writings, his political aspirations. In examining these pre-White House years, Logevall shows us a more serious, independently minded Kennedy than we’ve previously known, whose distinct international sensibility would prepare him to enter national politics at a critical moment in modern U.S. history. Along the way, Logevall tells the parallel story of America’s midcentury rise. As Kennedy comes of age, we see the charged debate between isolationists and interventionists in the years before

Pearl Harbor; the tumult of the Second World War, through which the United States emerged as a global colossus; the outbreak and spread of the Cold War; the domestic politics of anti-Communism and the attendant scourge of McCarthyism; the growth of television's influence on politics; and more. JFK: Coming of Age in the American Century, 1917-1956 is a sweeping history of the United States in the middle decades of the twentieth century, as well as the clearest portrait we have of this enigmatic American icon.

Sedimentology and Stratigraphy
Clarendon Press

Maggie and Caleb are married, leaders of their people, parents to their children, and happier than they ever dreamed, even with the visions they saw of it to prove it so. The council is still rebelling against Maggie's changes, but this time it's different. It's almost as if something...or someone is behind them, pulling the strings and making decisions for them. And Maggie is having strange visions that only she can see, leaving Caleb helpless to help her. But when her visions start to warn her that their daughter, Ava, will one day be in danger, they'll do anything it takes to find out what's going on and how to stop it, even paying a visit to a previous Visionary. Maggie and Caleb must find out who or what is behind it all and stop them before Maggie is one vision too late.

Devour John Wiley & Sons

A story by NEW YORK TIMES and USA TODAY bestselling author, Shelly Crane. Maggie is a seventeen year old girl who's had a bad year. Her mom left, her dad is depressed, she's graduating, barely, and her boyfriend of almost three years dumped her for a college football scholarship. Lately she thinks life is all about hanging on by a thread and is

gripping tight with everything she has. Then she meets Caleb. She saves his life and instantly knows there's something about him that's intriguing but she is supposed to be on her way to a date with his cousin. But things change when they touch, sparks ignite. Literally. They imprint with each other and she sees their future life together flash before her eyes. She learns that not only is she his soul mate, and can feel his heartbeat in her chest, but there is a whole other world of people with gifts and abilities that she never knew existed. She herself is experiencing supernatural changes unlike anything she's ever felt before and she needs the touch of his skin to survive. Now, not only has her dad come out of his depression to be a father again, and a pain as well, but Caleb's enemies know he's imprinted and are after Maggie to stop them both from gaining their abilities and take her from him. Can Caleb save her or will they be forced to live without each other after just finding one another? Read the epic love story before the TV show!

Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product. Frames of Reference for Pediatric Occupational Therapy, Fourth Edition, uses frames of reference for diagnostic categories (neuro-development, social participation, etc.) as effective blueprints for applying theory to pediatric OT practice. Updated with new chapters, case examples, and a new focus on evidence-based practice. This proven approach helps students understand the "why" of each frame of reference before moving on to the "how" of creating effective treatment programs to help

pediatric clients lead richer, fuller lives. The book first covers the foundations of frames reference for pediatric OT (Section I), and then covers commonly used frames of reference such as motor skill acquisition, biomechanical, and sensory integration (Section II). A final section discusses newer focused/specific frames of reference like handwriting skills and social participation. A standardized format within each frame of reference chapter covers the same elements (Theoretical Base, Supporting Evidence, the Function/Dysfunction Continuum, Guide to Evaluation, and Application to Practice) to help students build the knowledge and skills needed for effective practice.

Significance Kiss Me Publications, LLC This fully revised and updated edition introduces the reader to sedimentology and stratigraphic principles, and provides tools for the interpretation of sediments and sedimentary rocks. The processes of formation, transport and deposition of sediment are considered and then applied to develop conceptual models for the full range of sedimentary environments, from deserts to deep seas and reefs to rivers. Different approaches to using stratigraphic principles to date and correlate strata are also considered, in order to provide a comprehensive introduction to all aspects of sedimentology and stratigraphy. The text and figures are designed to be accessible to anyone completely new to the subject, and all of the illustrative material is provided in an accompanying CD-ROM. High-resolution versions of these images can also be downloaded from the companion website for this book at:

The Rime of the Ancient Mariner

John Wiley & Sons

In the third installment of the Significance series, we begin with Maggie and Caleb in the clutches of a new enemy; the Virtuoso council. Not only do they have to deal with the consequences of taking the lives of the Watsons and the council attempting to take Maggie away to keep their precious Visionary safe, but they must deal with Marla as well. All are determined to undermine, control and use Caleb and Maggie's rare gifts for their own uses, some wish to destroy them entirely. Then Maggie's father and Bish are threatened but the council forbids the presense of humans. Peter and the family fight and stand beside them every step of the way to save Maggie's father, to keep Caleb and Maggie together when the corrupted council is so set on keeping them apart and to stop Marla and whatever she has up her sleeve. Then Maggie has the shock of her life when she discovers something about her real father. It may change everything for everyone. Stay tuned as the story continues.

Down to You Kiss Me Publications, LLC

Most people agree that animals count morally, but how exactly should we take animals into account? A prominent stance in contemporary ethical discussions is that animals have the same moral status that people do, and so in moral deliberation the similar interests of animals and people should be given the very same consideration. In *How to Count Animals*, more or less, Shelly Kagan sets out and defends a hierarchical approach in which people count more than animals do and some animals count more than others. For the most part, moral theories have not been developed in such a way as to take account of differences in status. By

arguing for a hierarchical account of morality - and exploring what status sensitive principles might look like - Kagan reveals just how much work needs to be done to arrive at an adequate view of our duties toward animals, and of morality more generally.

Frames of Reference for Pediatric Occupational Therapy

Penguin Reimagining our global economy so it becomes more sustainable and prosperous for all Our global economic system is broken. But we can replace the current picture of global upheaval, unsustainability, and uncertainty with one of an economy that works for all people, and the planet. First, we must eliminate rising income inequality within societies where productivity and wage growth has slowed. Second, we must reduce the dampening effect of monopoly market power wielded by large corporations on innovation and productivity gains. And finally, the short-sighted exploitation of natural resources that is corroding the environment and affecting the lives of many for the worse must end. The debate over the causes of the broken economy—laissez-faire government, poorly managed globalization, the rise of technology in favor of the few, or yet another reason—is wide open. Stakeholder Capitalism: A Global Economy that Works for Progress, People and Planet argues convincingly that if we don't start with recognizing the true shape of our problems, our current system will continue to fail us. To help us see our challenges more clearly, Schwab—the Founder and Executive Chairman of the World Economic Forum—looks for the real causes of our system's shortcomings, and for solutions in best practices from around the world in places as diverse as China, Denmark,

Ethiopia, Germany, Indonesia, New Zealand, and Singapore. And in doing so, Schwab finds emerging examples of new ways of doing things that provide grounds for hope, including: Individual agency: how countries and policies can make a difference against large external forces A clearly defined social contract: agreement on shared values and goals allows government, business, and individuals to produce the most optimal outcomes Planning for future generations: short-sighted presentism harms our shared future, and that of those yet to be born Better measures of economic success: move beyond a myopic focus on GDP to more complete, human-scaled measures of societal flourishing By accurately describing our real situation, Stakeholder Capitalism is able to pinpoint achievable ways to deal with our problems. Chapter by chapter, Professor Schwab shows us that there are ways for everyone at all levels of society to reshape the broken pieces of the global economy and—country by country, company by company, and citizen by citizen—glue them back together in a way that benefits us all. *Significance* Oxford University Press A short, THREE CHAPTERS from Caleb's point of view from each of the first three books in the series given as a Thank You to fans. It is not necessary to read to continue on with the series, but you'll miss out Caleb's yumminess if you don't read it...

Critical Thinking Harper Collins

Ava has watched her parents, Caleb and Maggie, live the perfect fairy tale, the perfect love story, played out in front of her eyes her entire life. Her family is love, life, and happiness. The Jacobsons are everything a family should be and Ava is loved and well taken care of. But the one thing that's missing from her life

is the one thing she's waited for every day, the one thing her kind knows will make them complete, the one thing they thought was gone and lost forever. Her significant. Seth has lived with the Watsons his entire life. They're the only family he knows, but he knows that there are things they keep from him. He knows that they lie and they do unspeakable evil, things from when he was a child that he can barely remember that cling to the edges of his memory. He barely remembers his real mother and all he knows is what he's told. He doesn't know what to trust. He wants to believe that the Watsons love and care for him, have his best interest at heart, but isn't so sure of that anymore when he finally-after a lifetime of waiting for her-meets his soulmate, and the Watson's first act is to try to take her away from him. The Virtuoso worlds collide, hearts are exposed, humans are endangered, and the lives of Seth and Ava are changed forever. They'll have to love without judgment or reservation, they'll have to be wise and accepting beyond their years, they'll have to forgive for things before they've even happened, they'll have to trust without seeing, have faith without knowing, and they'll have to light their own way in the dark when everyone else is blind to show them the way. And more than anything else... they'll fight like hell to keep each other.

Managing aquifer recharge Random House

Jaque Pierce was an ordinary 17-year-old girl getting ready to start her senior year in high school in Coldspring, TX when a mysterious foreign exchange student from Romania moves in across the street. Jacque and her two best friends Sally and Jen don't realize the last two weeks of their summer are going to get

a lot more interesting. From the moment Jacque sets eyes on Fane, she feels an instant connection, a pull like a moth to a flame. Little does she know that the flame she is drawn too is actually a Canis Lupus, werewolf, and she just happens to be his mate, the other half of his soul. The problem is Fane is not the only wolf in Coldspring. Just as Fane and Jacque are getting to know each other, another wolf steps out to try and claim Jacque as his mate. Fane will now have to fight for the right to complete the mating bond, something that is his right by birth but is being denied him by a crazed Alpha. Will the love Fane has for Jacque be enough to give him the strength to defeat his enemy and will Jacque accept she is Fane's mate and complete the bond between them?

JFK Teacher Created Materials

Sherry has always known there was something out there. She's eighteen, works for a tabloid newspaper in Chicago and has a brother, Danny who is a lazy mooch. They live a pretty normal dull life with hippie parents and a normal existence. Then the moon disappears and people start to go missing only to reappear later, but different. She has an abusive ex-boyfriend who shows up and claims to be one of these beings that has been showing up around the world. He's no longer the same person in that body. He tells her he has come to protect her and her brother and takes her underground, against her will to save her, where they meet others like them. She begins to unravel the truth about Merrick, about what he's really doing there, about the way he looks at her, about the crazy dangerous world they live in. Can he convince her that he's there to help? Will she like what she finds when she opens up to the truth? Will he be the one to love her when

everyone else has failed? Will he be able to protect her?

Government Auditing Standards Kiss Me Publications, LLC

Like many Native Americans, Ojibwe people esteem the wisdom, authority, and religious significance of old age, but this respect does not come easily or naturally. It is the fruit of hard work, rooted in narrative traditions, moral vision, and ritualized practices of decorum that are comparable in sophistication to those of Confucianism. Even as the dispossession and policies of assimilation have threatened Ojibwe peoplehood and have targeted the traditions and the elders who embody it, Ojibwe and other Anishinaabe communities have been resolute and resourceful in their disciplined respect for elders. Indeed, the challenges of colonization have served to accentuate eldership in new ways. Using archival and ethnographic research, Michael D. McNally follows the making of Ojibwe eldership, showing that deference to older women and men is part of a fuller moral, aesthetic, and cosmological vision connected to the ongoing circle of life a tradition of authority that has been crucial to surviving colonization. McNally argues that the tradition of authority and the authority of tradition frame a decidedly indigenous dialectic, eluding analytic frameworks of invented tradition and naïve continuity. Demonstrating the rich possibilities of treating age as a category of analysis, McNally provocatively asserts that the elder belongs alongside the priest, prophet, sage, and other key figures in the study of religion.

Pharmaceutical Calculations

Lippincott Williams & Wilkins

An ideal guide for new teachers, this resource provides up-to-date, research-

based theory and practical applications to help teachers effectively establish and maintain classroom discipline. Learn to create and manage an enriching classroom environment with models that are simple and easy to apply to any classroom situation. Topics include classroom rules, standards of conduct, lesson planning, unruly students, students with special needs, communicating with parents, and more! An easy to read guide packed with background information, underlying principles, and ideas. 224 pp.

Accordance Kiss Me Publications, LLC

Maggie and Caleb must tie up all the loose ends of their lives and make a way to be together completely on their own. With everything that happened with Bish and Maggie's father, she's almost reluctant to move on and move out. And now she must figure out all of this...stuff...with Haddock. But of course, nothing can stay simple for the Jacobsons. Enemies who were thought to be dissolved have decided to not go down so easily. And old flames come calling for more than just Maggie. Caleb is torn between leading his family and personal wants. Maggie is torn between Caleb and being the leader of their people. But neither will let what they need most to be pushed to the wayside. They are determined to make it all work, design a plan toward destiny, and make everything right again for themselves and their family. And then there's a wedding...

Prince of Wolves Kiss Me Publications, LLC

In the sequel to *Significance*, Maggie learns much more about all the strange things that have happened to her and has to face many new ones. She learns something about herself, that she is something that the clans have been

waiting for. She rebels against it but, ultimately must face it for her new family's sake and maybe even her life. Bish went from being her biggest supporter to her biggest pain in the butt and Kyle's intentions to attract her interest may not be so innocent. Caleb and Maggie face many new obstacles together as a couple and on their own. They fight to work through them but will one that should be a good thing be too much for Maggie to handle? Will she become who she has to be to save the ones she loves or will she crumble under the pressure as this epic love story continues.

Qualitative Research Methods for the Social Sciences: Pearson New International Edition Quinn Loftis Books, LLC

A New York lawyer remembers his boyhood in Nebraska and his friendship

with a pioneer Bohemian girl.

The Sergeants Major of the Army Oxford University Press

Her first year away is turning out to be near perfect, but one weekend of giving in to heated passion will change everything. Eighteen year old Harper has grown up under her career-Marine father's thumb. Ready to live life her own way and experience things she's only ever heard of from the jarheads in her father's unit, she's on her way to college at San Diego State University. She finds herself being torn in two as she quickly falls in love with Brandon, who becomes her boyfriend—and her roommate's brother Chase. Covered in tattoos, known for fighting in the Underground and ridiculously muscled...they're exactly what she was always warned to stay away from, but just what she needs.
