Cost Accounting 4E International Thomson Publishing Services
The new edition of Corporate Accounting continues to provide a complete learning resource of the latest company accounting principles and practice. Written in teach-yourself style, the book offers panoramic coverage of the process of preparation of accounts and its presentation in conformity with the accounting standards and norms. It is enriched with illustrative examples and solved problems which makes it an indispensable text for the undergraduate students of commerce and management. Making it easier than ever, the book provides practical grounding of corporate accounting principles. The book has been revised as per Schedule III to The Companies Act, 2013.

Cost Accounting: Text and Problems Vikas Publishing House
This textbook provides students with the knowledge of basic accounting principles and practices concerned with preparing and presenting corporate accounts in a systematic manner. The unique feature of this book is the simplicity of presentation which enables students to understand the subject and solve practical problems with ease. The main strengths of the book are the plentiful illustrative examples and the end-of-chapter exercises with answers. The wide coverage and user-friendly approach makes the book to comprehensively meet the requirements of students studying Corporate Accounting as a subject at B.Com & BBA examinations of different Indian universities based on Choice Based Credit System (CBCS).
