Communion with God Love Inspiration

The interfaith movement, which began with the 1893 World’s Parliament of Religions in Chicago, has grown worldwide. Although this movement has been largely unknown to the public, it now provides a spiritual face for globalization, the economic and political forces leading us all from nationalism to “One World”. The most ambitious organization in today’s interfaith movement is the United Religions Initiative (URI), founded by William Swing, the Episcopal Bishop of California. Investigative reporter Lee Penn, a Catholic ex-Marxist, exhaustively documents the history and beliefs of the URI and its New Age and globalist allies, the vested interests that support these movements, and the direction they appear to be taking. The interfaith movement is no longer merely the province of a coterie of little-heeded religious idealists with grandiose visions. The URI’s proponents have ranged from billionaire George Soros to President George W. Bush, from the far-right Rev. Sun Myung Moon to the liberal Catholic theologian Hans Küng, and from the Dalai Lama to the leaders of government-approved Protestant churches in the People’s Republic of China. The interfaith movement, including the URI, is being promoted by globalist and New Age reformers who favor erosion of national sovereignty, marginalization of traditional religions, establishment of “global governance”, and creation of a new, Earth-based “global spirituality” in effect, a one-world religion. Therefore, the URI and the interfaith movement are poised to become the spiritual foundation of the New World Order: the “new civilization” now proposed by Mikhail Gorbachev, the last leader of the Soviet Union. In *The Reign of Quantity and the Signs of the Times*, French metaphysician René Guénon spoke of the “anti-tradition” (the forces of materialism and secular humanism) finally giving way to the “counter-tradition” (the satanic inversion of true spirituality), leading to the regime of Antichrist. The “anti-tradition” weakens and dissolves traditional spiritualities, after which the “counter-tradition” sets up a counterfeit in their place. Since Guénon’s time, as is well known, anti-traditional forces have greatly advanced worldwide. It is less well-known that counter-traditional movements have also made great strides, and now stand closer to the centers of global political and religious power than ever before. The “counter-tradition” is making inroads on the political and cultural Right, as much as it is doing on the Left. False Dawn painstakingly documents these trends, and speculates on their future development. In so doing, the author takes investigative reporting to the threshold of prophecy, and gives us a stunningly plausible picture of the global religious landscape of the 21st century. This extraordinary project is the literary equivalent of turning over a flat rock. There is much to be seen and learned here—all of it unsettling, disquieting, occasionally downright scary. “William Murchison, Radford Distinguished Professor, Baylor University When a bishop of a Christian church happily worships alongside a Wiccan invoking other gods, something has gone horribly wrong. In *False Dawn*, Lee Penn has produced a comprehensive and critical history of the United Religions Initiative. This book sounds a clear warning: Anyone who makes theological truth subservient to utopianism denigrates all religions. “Douglas LeBlanc, Editor, GetReligion.org *Lessons in Living* Andrews McMeel Publishing God’s number one message to the world: “You’ve got me all wrong.” Inspired by his nine-book *Conversations with God* series, many people have asked Neale Donald Walsch to find a way to deliver the most essential pieces of God’s message to us in a more succinct way. This concise text details and expands just what we need to know about life and how to live it. Bringing his many conversations over the years into sharper focus than ever before, Walsch in *What God Said* encourages readers to cast aside religious and cultural trappings. To experience life as fallible—and human—beings, open-minded, open-hearted, and all-embracing, and to build on, broaden, and enrich our Ancient Story. But to move forward on this ever-expanding and encompassing spiritual voyage means not only understanding what Walsch considers the most

important insights of his *Conversations with God*, but also applying them in the most practical ways. And so Walsch has included solid suggestions on how to apply each of the 25 Core Messages in daily life. Should humanity begin carrying these messages forward, starting today, we can change the world.

Life After Near Death Red Wheel/Weiser

ONE DAY IN 2084 EARTH’S ORIGINAL MOUNTAINS SUDDENLY REAPPEARED ON THE PLANET—AS 85,000 DOMED CANOPIES OF LIGHT FROM THE STARS. The story of this return is told by Blaise, a well-informed but mysterious figure who claims to be an engineer 134 years old and part of an ancient team that first designed the planet. It’s a chronicle of his last field assignment, a unique career retrospective, and a firsthand account of the momentous return of the domes. These are giant half-spheres of Light that originally helped create the biosphere and were the Earth’s first mountains. They generated the Earth’s sacred sites and the mythic homes of the gods and linked them all in a global pattern of Light. The domes arrived all at once and started to reorganize the global landscape. It was their fourth visit, and it would be several perilous years as the planet adjusts to it. Blaise and his team of geomancers travel across the Earth and time to deal with the unprecedented perturbations set in motion by this celestial rescue of the planet. Problems are rife—the revolt of Pan and the Nature Spirits, the continuing dark interference by humanity’s ghostly forebears, the resurgence of Babylon and its imperious agenda, and the planet’s dangerous drift towards becoming flattened like a hockey-puck. But the opportunities are fabulous too as the planet enters an era of unceasing Light and beatific conditions. The return of the domes lays bare the true history of the Earth, how it diminished from perfection, the benign superintendents of this bold experiment, and who its earliest inhabitants were and the massive problems they created which still affect us today. It is a genuinely apocalyptic moment, as the Earth reveals its original bright pattern of energy and consciousness and starts at last to fulfill its destiny.

Who am I? Why am I here? What is my life’s purpose? These seem like reasonable questions that should automatically come with answers at the time of our birth, but they don’t. Instead, we spend our lives trying to figure them out through trial and error or what Rena calls enlightenment through life experience. Encouraged to share her experience by her guides, she reveals how easy it is to ask for help and ignore the answers. To allow internal fears and preconceived ideas blind us from our true calling. But most importantly, she shows us how patient the universe is knowing that we are energetic beings living a physical life who need their help. Through her book, Rena shares her sacred journey to finding her life’s purpose—a journey that began with hearing the name Starchild. When we are ready, we will hear, see, feel, and know the answers to our questions and have the undeniable knowledge of who we are, and why we are here (Rena Huisman). Rena is the author of *The Would-Be Medium: My Ten-Year Journey as a Workshop Junkie*. She lives in Fairfax, Virginia, with her husband (Kurt), son (Travis) and little furry one, Stitch. Her daughter, Sydney, is a proud member of the US Navy. www.RenaHuisman.com

The Caucasus region of Eurasia, wedged in between the Black and Caspian Seas, encompasses the modern territories of Armenia, Azerbaijan, and Georgia, as well as the troubled republic of Chechnya in southern Russia. A site of invasion, conquest, and resistance since the onset of historical record, it has earned a reputation for fearsome violence and isolated mountain redoubts closed to outsiders. Over extended efforts to control the Caucasus area, Russians have long mythologized stories of their countrymen taken captive by bands of mountain brigands. In *The Captive and the Gift*, the anthropologist Bruce Grant explores the long relationship between Russia

and the Caucasus and the means by which sovereignty has been exercised in this contested area. Taking his lead from Aleksandr Pushkin’s 1822 poem “Prisoner of the Caucasus,” Grant explores the extraordinary resonances of the themes of violence, captivity, and empire in the Caucasus through mythology, poetry, short stories, ballet, opera, and film. Grant argues that while the recurring Russian captivity narrative reflected a wide range of political positions, it most often and compellingly suggested a vision of Caucasus peoples as thankless, lawless subjects of empire who were unwilling to acknowledge and accept the gifts of civilization and protection extended by Russian leaders. Drawing on years of field and archival research, Grant moves beyond myth and mass culture to suggest how real-life Caucasus practices of exchange, by contrast, aimed to control and diminish rather than unleash and increase violence. The result is a historical anthropology of sovereign forms that underscores how enduring popular narratives and close readings of ritual practices can shed light on the management of pluralism in long-fraught world areas.

Life After Near Death is the only book to explore the deeper meaning of the near-death experience (NDE) through the prism of its miraculous aftereffects. You don’t need to be declared clinically dead to experience an NDE. Nor must you experience many of Raymond Moody’s nine elements, including a life review, an out-of-body experience, encounters with deceased loved ones, and a decision to return to one’s body. The key is whether you return from the experience permanently transformed. *Life After Near Death* profiles a dozen cases of specific cognitive and physiological near-death aftereffects, including newfound musical and artistic talents, mathematical gifts, enhanced hearing, elevated IQ, improved eyesight, spontaneous healing, and electrical sensitivity. It explores new evidence to shed light on this phenomenon and reveals for the first time: The link between predisposition and the NDE. The role of manifestation and intent in the creation of the NDE. The unmistakable connections among the energetic world, frequency, and the NDE. The circumstances and conditions that give rise to a NDE. *Life After Near Death* offers a new, science-based paradigm to unravel the NDE and our assumptions regarding the afterlife. Although you can return from an NDE, you will never return to your former life.

With compassion and compelling insight, the Pleiadians, those system-busting time-travelers from the future, take us on a journey through the uncharted lands of *The Book of Earth*, which comprises all human experience. While “our world goes belly-up in these most absurd of times,” they offer us “tools for survival.” During the crucial period between 1987 and 2012—a nanosecond in the annals of existence where secrets and solutions are stored—we have the unique opportunity to move from the deepest of density to the highest of frequencies—where we shift from linear to multi-dimensional living. To make this transition, we must face not only the limitations of our 3-D world with its electronic manipulation and mind control, we must embrace our own wounds, and those of our ancestors and our leaders. To heal ourselves, to raise our frequency from one of despair and fear to one of great inspiration and love, the Pleiadians urge us to rethink and reevaluate our lives: “You shall change, you will change, you must change, because this is the season of change.”

Rahn's personal diary from his travels as occult investigator for the Third Reich • First English translation of the author's journeys in search of a Nordic equivalent to Mt. Sinai • Explains why Lucifer the Light Bringer, god of the heretics, is a positive figure Otto Rahn's lifelong search for the Grail brought him to the attention of the SS leader Himmler, who shared his esoteric interests. Induced by Himmler to become the chief investigator of the occult for the Nazis, Rahn traveled throughout Europe--from Spain to Iceland--in the mid 1930s pursuing leads to the Grail and other mysteries. *Lucifer's Court* is the travel diary he kept while searching for "the ghosts of the pagans and heretics who were [his] ancestors." It was during this time that Rahn grasped the positive role Lucifer plays in these forbidden religions as the bearer of true illumination, similar to Apollo and other sun gods in pagan worship. This journey was also one of self-discovery for Rahn. He found such a faithful echo of his own innermost beliefs in the lives of the heretics of the past that he eventually called himself a Cathar and nurtured ambitions of restoring that faith, which had been cruelly destroyed in the fires of the Inquisition. His journeys on assignment for the Reich--including researching an alleged entrance to Hollow Earth in Iceland and searching for the true mission of Lucifer in the caves of southern France that served as refuge for the Cathars during the Inquisition--also led to his disenchantment with his employers and his mysterious death in the mountains after his break with the Nazis.

They Called Me Starchild Sophia Perennis

Introduction by the Pleiadians Greetings, dear friends. It is our distinct pleasure to partake of your reality once again, and to journey with you for a while on the road to adventure and self-discovery. "What journey?" you may rightly ask, for it may seem that you are traveling in circles, and the idea of a great adventure in your life is a far cry and distant dream from the daily dogma and relentless burdens of living you face. Nonetheless, allow us to accompany you for a while, as companions offering to entertain you and enliven your step as we point out the sites and symbols along the way. We are storytellers extraordinaire, or so we've been told, and we too have traveled in seemingly endless circles, so we have much in common. Our destination is the same as yours, for we are you in another version and form of reality, as deeply entrenched and entrapped as you believe yourselves to be. What sort of paradox is this? And who indeed are we, claiming kin to you and yours? And why do we desire to journey with you? Well, these things you must decide for yourselves. We relate great tales and relish a resplendently irreverent good humor, all intended to figure things out, in all due respect, as best we can. We strive to make sense of existence, gathering multidimensional pieces of a puzzle into a form and shape that encompass untold and

unrecognized societies. "How can pieces of a puzzle be multidimensional and what is multidimensional anyway?" We can hear your questions now, and we guarantee that you will have many more before the journey is complete. So we ask, may we join you and enter your reality by invitation? For it is through your beckoning and with your permission that we spring forth as a part of your life. Feel into the depths of your being before you respond. Seek inside for an answer, for to invite us into your reality as friends and companions will with certainty confound and change your lives, and perhaps some of you are quite content with where you are. Perhaps you are not really interested in multi-dimensional realities and perceive these ideas as vague notions and tidbits of unfounded fiction, fracturing and fragmenting a logic you paid so dearly to achieve. If that is the case, then you may do well to stop short now, and put our tale aside. Perhaps in another time and place, we will meet again. If, however, we have piqued your curiosity and you feel compelled to continue, so be it. It is best to start with the truth. As a matter of fact-if there is such a thing-it is best to end with the truth as well. "And how about the middle and all along the way?" you may ask. Well, the truth is essential throughout the journey; however, the ongoing paradox invariably involves your point of view. Remember that. Now we are travelers through time, which is the best way to describe us. We call ourselves Pleiadians, though we answer to many names and characters. We are as real as you believe yourselves to be. When we encounter you, we meet ourselves located on a slice of time, poised, as you believe, in a solid physical 3-D world. You fascinate us, and perhaps by the end of our travels and tales, you will be fascinated with yourselves as well. For now the task of telling is at hand, and so the tale begins.

When Everything Changes, Change Everything Emnin Books

The bestselling, beloved classic on how to go into the dark side of yourself to bring out the light -- now with new material. Debbie Ford believes that we each hold within us a trace of every human characteristic that exists, the capacity for every human emotion. We are born with the ability to express this entire spectrum of characteristics. But, Ford points out, our families and our society send us strong messages about which ones are good and bad. So when certain impulses arise, we deny them instead of confronting them, giving them a healthy voice, then letting them go. It is to these feelings that Ford turns our attention, these parts of our selves that don't fit the personae we have created for the rest of the world. She shows us the effects of living in the dark, of keeping all our supposedly unsavory impulses under wraps. We find ourselves disproportionately frustrated and angry at the selfishness of friends, the laziness of colleagues, the arrogance of siblings. When we are unable to reconcile similar impulses in ourselves, Ford explains, we waste our own energy judging others instead of empathizing. But most important, we deny ourselves the power and freedom of living authentically. Through the stories and exercises in *The Dark Side of the Light Chasers*, Debbie Ford shows us not only how to recognize our hidden emotions, but also how to find the gifts they offer us. This is for fans of Marianne Williamson, Neale Donald Walsch, and Deepak Chopra. The very impulses we most fear may be the key to what is lacking in our lives.
