The revelations contained in the Bible serve as a supreme guide by which to measure all human conduct, creeds, and religious opinions—and today's Christians are in steady moral and spiritual decline. A 2010 survey by the Barna Research Group reveals that in American churches, Christians have become less knowledgeable about the Bible, less interested in spiritual disciplines, and more desirous of secular techniques to solve life's problems, thus blurring the distinction between their conduct and that of nonbelievers. In *Seven Pillars of Christianity: An Introduction to the Essential Christian Doctrines*, Dr. William Ekane reveals the life-transforming foundations of the Christian faith and issues a clarion call for Christians to return to authentic Christianity. First presenting his compelling case for the scientific reliability and divine origin of the Bible, Dr. Ekane works closely with Scripture as he leads us through everything from the Lord Jesus Christ to trust and faith in the living God to, finally, the five major judgments and Revelation. These practical, strategic insights and essential truths are invaluable to new converts as well as mature believers. The Word of the Holy Spirit offers transformation, illuminating our hearts and minds as we strengthen our spiritual foundation and grow deeper in God.

One of the great mysteries of the Bible is what Daniel was told not to reveal in Daniel 12:9 and what John was told not to write down in Revelation 10:4. This is to be revealed to the generation that shall not only see but experience what you are about to read. I am not a man that have dreams and visions all I can say that in the year 2002 one morning during my prayer time, God spoke to me in my spirit These words Jeremiah 33:3 and thereafter began to reveal to me these mysteries you are about to read concerning what about to happen in America and around the world. What has been so profound about this experience is to have the Holy Spirit walk you through the bible scripturally.

Some oppressed groups fought with guns, some fought in court, some exercised civil disobedience; the Melungeons, however, fought by telling folktales. Whites and blacks gave the name "children of perdition" to mixed Americans during the 300 years that marriage between whites and nonwhites was outlawed. Mixed communities ranked socially below communities of freed slaves although they had lighter skin. To escape persecution caused by the stigma of having African blood, these groups invented fantastic stories of their origins, known generally as "lost colony" legends. From the founding of America, through the American Revolution, the Civil War and World War II, the author documents the histories of several related mixed communities that began in Virginia in 1619 and still exist today, and shows how they responded to racism over four centuries. Conflicts led to imprisonment, whippings, slavery, lynching, gun battles, forced sterilization, and exile--but they survived. America's view of mixing became increasingly intolerant and led to a twentieth-century scheme to forcibly exile U.S. citizens, with as little as ?one drop? of black blood, to Africa even though their ancestors arrived before the Mayflower. Evidence documents the collaboration between American race purists and leading Nazi Germans who perpetrated the Holocaust. The author examines theories of ethnic purity and ethnic superiority, and reveals how mixed people responded to "pure race" myths with origin myths of their own as Nazi sympa-thizers in state and federal government segregated mixed Americans, citing the myth of Aryan supremacy. Finally, Children of Perdition explains why many Americans view mixing as unnatural and shows how mixed people continue to confront the Jim Crow "one drop" standard today. Ingulph's Chronicle of the Abbey of Croyland with the Continuations by Peter of Blois and Anonymous Writers Harvard University Press

The chronicle of Arnold, Abbot of the monastery of St John of Lübeck, is one of the most important sources for the history of Germany in the central Middle Ages, and is also probably the major source for German involvement in the Crusades. The work was intended as a continuation of the earlier chronicle of Helmold of Bosau, and covers the years 1172-1209, in seven books. It was completed soon after the latter date, and the author died not long afterwards, and no later than 1214. It is thus a strictly contemporary work, which greatly enhances its value. Abbot Arnold's very readable chronicle provides a fascinating glimpse into German society in the time of the Emperor Frederick Barbarossa and his immediate successors, into a crucial period of the Crusading movement, and also into the religious mentality of the Middle Ages.

The history of the Order of Friars Minor during the first one and a half centuries of its existence is maybe the most studied period of the 800 years of Franciscan presence in the Church. The publication of the Sources for the lives of Saint Francis and Saint Clare of Assisi in all the main European languages has been of considerable help to spread the historical knowledge regarding Francis of Assisi and his movement and make it available to the average reader. Among these Sources, the *Chronica XXIV Ministrorum Generalium Ordinis fratrum Minorum* by Arnald of Sarrant merits particular attention. It tells the story of the Franciscan Order from the time of Saint Francis till the beginning of the Western Schism in 1378, and therefore contains valuable information regarding the initial period of Franciscan history. Unfortunately it is not easily available in translation because of its voluminous nature. In fact, it covers a total of 712 pages of the third volume of *Analecta Franciscana*, published by the Franciscan editors of Quaracchi in 1897. Our aim has been that of embarking on the arduous task of translating this voluminous work of history into English from the original Latin. This translation is the fruit of three years of work, and we are now happy to present it to the general public. Because of its voluminous nature we intend to divide it into 5 sections, four of which cover the 575 pages of text and one the appendixes. The whole 575 page Chronicle is here available in 4 sections covering respectively the following historical periods: (1) Saint Francis and the early Franciscan fraternity; (2) The Generals from brother Elias as vicar (1227) to Saint Bonaventure (1274); (3) The Generals from Jerome of Ascoli (1274) to Michael of Cesena (1328); (4) The Generals from Gerard Eudes (1329) to Leonard of Giffoni (1378). A last section will be the translation of the appendixes. The translation is enriched by footnotes and explanations on the various historical events narrated and on the personages of the Chronicle. Our aim has been simply that of providing a readable translation, without pretending to be scholars of mediaeval Latin. We hope that the service we are offering at such an enormous cost of time and personal effort will be of benefit both to students of Franciscan history as well as to those who are qualified to correct its inaccuracies, and who we gratefully thank for their eventual advice and corrections

The Gospel Chronicle is one work in three volumes. It is a chronological study of the four narrative gospels, combining Matthew, Mark Luke and John into a single narrative in three stages, using their preexisting sequential content. The Narrative is the culmination of this work. It takes the edited gospel content of the Redaction and sets it in a typical novelization of the four gospels. It presents the entire ministry of Jesus Christ into an easily read story.

Messiah Son of Perdition

The Syriac chronicle of Zuqnin features accounts of the world from its creation to the eighth century A.D. Part III preserves much of the lost work of the late sixth-century Syriac historian, John of Ephesus, who described at length the persecution launched by the Chalcedonians against the adherents of Monophysitism; the Great Plague which broke out around the middle of the sixth century and which devastated the "whole world"; and three decades in Byzantium where he was

exposed to the world of imperial and church politics at the time of Justinian (527-565). John's early admiration for the Emperor and his subsequent frustration with him are vividly portrayed. Part IV deals with the seventh and eighth centuries. The entries are more developed for the few years after 715, while the accounts dealing with the period between 767 and 775 grow very detailed, even verbose. The rapacious economic policy of the early 'Abbasid caliphs is the main theme, a policy which turned the particularly wealthy province of the Jazira (northern Syria) into ruins, due to the blatant exploitation of its human and agricultural resources.

The Apocalypse informed medieval expectations of the end of the world, responses to strange and exotic invaders, and the legend of Alexander the Great. An Alexandrian World Chronicle represented the early Christian chronicle tradition that would dominate medieval historiography. Both crossed the Mediterranean in Late Antiquity.

Raymond has protected Natal all his life, so is he guilty or innocent of doing something awful in whose eyes?
