Strategic Human Resource Development Cengage Learning

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

Human Resource Management for the Hospitality and Tourism Industries Routledge

Fundamentals of Human Resource Management provides a complete introduction to human resource management for the general business manager who wants to learn more about how HRM is used in the everyday work environment. Its adaptive learning program and its engaging, focused, and applied content make it the fastest growing HRM program on the market.

Occupational Outlook Handbook McGraw-Hill Education

In an era that has brought new and unexpected challenges for virtually every company, one would be hard-pressed to find any responsible manager who is not thinking about what the future will bring. In the wake of these challenges, strategic planning has moved from being the reserve of large corporations to becoming an essential need for even small and medium-sized enterprises. But what good is even the most convincing strategic concept if the company's people are unwilling or unable to put it into practice? The key is to develop people, and to develop them not only for the work of today, but also for the challenges that the future holds. Strategic HR development has become a decisive force for the success of any business. This book, edited by Matthias T. Meifert, shows us which basic considerations we need to remember and what strategic HR development means in practice. Its interesting and vivid approach takes the reader on a tour of the eight stages of HR development, introduces the critical factors, and highlights many practical recommendations for strategic HR development practice in business.

A Journey in Eight Stages Wiley

The period of economic decline during the 1990s produced a wave of studies focusing on the failure of Japanese management according to western criteria. Yet Japanese manufacturing firms have continued to hold competitive power in the world market. This book identifies the institutional specificity of Japanese Management and the reasons behind its continued competitiveness. Through an exploration of the strategy and structure of Japanese manufacturing corporations the authors discover the essential features and strength of Japanese management systems, their problems and new trends, and consider how management strategies have been developed for future success. This new, sophisticated analysis of Japanese manufacturing corporations, based on data from over two hundred corporations, will enable the reader to better understand Japanese management systems and their potential to lay a foundation for successful management systems throughout the world.

For practicing Human Resource Managers

as well as any business managers who deal with human resource/personnel issues.

Strategic Human Resource Management Cengage Learning

How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of *The Adult Learner* has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of *The Adult Learner* will provide basic instructor aids. For each chapter, there will be a PowerPoint presentation, learning exercises, and added study questions. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.

Human Resource Management at Work Bloomsbury Publishing

Make human resources work for you. STRATEGIC HUMAN RESOURCE MANAGEMENT shows you how through its unique system of concept integration. Most human resources textbooks give you the theories without showing you the connections to real life. This textbook lets you see both sides of human resources: the theory and the application. That way, you will not only get a great grade in class, you will be on your way to success after college as well. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Human Resources Administration Irwin/McGraw-Hill

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Hospitality is a people industry,

and this textbook will teach readers how to manage the important human resources who provide services within a hospitality operation. They'll learn how to fulfill the requirements of U.S. employment and workplace laws, and discover the latest strategies for attracting employees, minimizing turnover, and maximizing productivity. Topics include: The impact of the post-recession economy on recruiting, selection, retention, and turnover How companies use social media to learn about job applicants The role of technology in performance appraisals The latest trends in effective incentive programs and industry benefits The changing face of unions and new trends in organizing and collective bargaining Social responsibility and sustainability measures, including what companies are doing (and not doing) right

Basics, Applications, and Future Directions Cengage Learning

Designed for use in undergraduate and graduate programs in organization development, management, human resource development, and industrial and organizational psychology, *Organization Development* provides readers with an overview of the field and acquaints them with the basic principles, practices, values, and skills of OD. Covering every aspect of the work of an OD professional and featuring numerous illustrative case studies, it shows how OD professionals actually get work and what the first steps in any OD effort should be. Author Gary McLean surveys different ways to assess an organizational situation—including a comparison of the Action Research and Appreciative Inquiry models—and provides forms for devising an action plan based on that assessment. He then looks at how to choose and implement a range of interventions at different levels, as well as how to evaluate the results of an intervention. *Organization Development* goes beyond the organizational level to look at the application of OD on community, national, regional, and global levels. And it successfully combines theory and practice; process and outcomes; performance and affective results; effectiveness and efficiency.
