From one of the greatest spiritual leaders of the twentieth century, Creativity: Unleashing the Forces Within will inspire you to nurture your inner ideas and innovations—and apply them in every aspect of your life. As Osho points out in this book's foreword, historically, the creative person has

been all but forced to rebel against the society. But nowadays, the situation has dramatically changed. In today's world, the ability to respond creatively to new challenges is demanded of everybody, from corporate CEOs to "soccer moms." Those whose toolbox for dealing with life includes only what they have learned in the past from their parents and their teachers are at a distinct disadvantage both in their relationships and in their careers. Making a switch from imitative and rule-bound behavior to creative innovation and flexibility requires a profound change in our attitudes about ourselves and our

capabilities. Creativity is a handbook for those who understand the need to bring more creativity, playfulness, and flexibility to their lives. It's a manual for thinking "outside the box"—and learning to live there as well. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand,

reaching seekers of all ages in virtually every country of the world.

How M.S. Subbulakshmi Used Her Voice for

Change Picador
From 1942 until 1944, Anne Frank and her family lived secretly in a few small rooms at the back of her father's office in Amsterdam, never leaving the building. Like many other Jewish families at that time, they were hiding from Hitler's Nazis. While she was in hiding, Anne wrote diaries which described her secret life, and the loves, hopes, fears and dreams of a teenage girl in extraordinary times. After the war, the diaries became famous around the world. This is the story of the diaries, of Anne Frank's early years, and of her life during

and after the time in hiding.

India After Gandhi
Springer

The first of three volumes, this comprehensive bibliography of more than 2,200 entries includes all English-language biographies of Gandhi, writings by Gandhi, and bibliographic sources. A unique aspect of the work is a section on books read by Gandhi, a useful list for those seeking insight on Gandhi. Pandiri has carefully examined the titles included and, unlike many earlier bibliographers, he has annotated all of Gandhi's voluminous writings. He also provides in-depth descriptive and evaluative annotations for the other works, noting content, scope,

authority, use, and historical significance. A vital reference tool for scholars and researchers, this volume is the first comprehensive Gandhian bibliography since 1974. In addition to in-depth annotations, the entries include full bibliographic information. Many of the entries also include review notes of the work. Full indexes make the material easily accessible. Forthcoming volumes will include books on Gandhian topics and articles about Gandhi and Gandhian topics. M.K. Gandhi, Media, Politics and Society Palgrave Macmillan Born against a background of privation and civil war, divided along lines of caste, class, language

and religion, independent India emerged, somehow, as a united and democratic country. Ramachandra Guha's hugely acclaimed book tells the full story – the pain and the struggle, the humiliations and the glories – of the world's largest and least likely democracy. While India is sometimes the most exasperating country in the world, it is also the most interesting. Ramachandra Guha writes compellingly of the myriad protests and conflicts that have peppered the history of free India. Moving between history and biography, the story of modern India is peopled with extraordinary characters. Guha gives fresh insights into the lives and public careers

of those long-serving Prime Ministers, Jawaharlal Nehru and Indira Gandhi. But the book also writes with feeling and sensitivity about lesser-known (though not necessarily less important) Indians – peasants, tribals, women, workers and musicians. Massively researched and elegantly written, *India After Gandhi* is a remarkable account of India's rebirth, and a work already hailed as a masterpiece of single volume history. This tenth anniversary edition, published to coincide with seventy years of India's independence, is revised and expanded to bring the narrative up to the present.

A Homespun Shawl
MacMillan Publishers
India

A picture book

biography about M.S. Subbulakshmi, a powerful Indian singer who advocated for justice and peace through song.

Kick-off! Macmillan

The *Gandhi Reader* collects the significant writings by and about Mahatma Gandhi, culled from 500 volumes, newspapers, and magazines. Here is Gandhi in his own words and those of his closest associates, including selections from his autobiography; descriptions of Gandhi by Romain Rolland, Jawaharlal Nehru, Rabindranath Tagore, Louis Fischer; Gandhi's letters to Roosevelt, Hitler, Chiang Kai-shek; and many of his most famous addresses.

Modernity and Subalterns Springer

A writer for Harper's

and *The Nation* illuminates the limitations of violence in modern human history and reveals vibrant alternative threads of non-violence accompanying all the major violent wars and revolutions of the last three centuries.

Biographies, Works by Gandhi, and Bibliographical Sources
Harvard University Press

A "2020 NCSS Notable Social Studies Trade Books for Young People" Selection A vibrantly illustrated and compelling collection of profiles about women and men who revolutionized politics, policy, commerce and activism. You likely know that Barack Obama was the first

African American president of the United States. And you maybe you know that Sandra Day O'Connor was the first woman to serve as a Supreme Court Justice. But you might not know that Nelson Mandela was the first black president of South Africa. Or that Schuyler Bailar is the first openly transgender NCAA Division 1 swimmer. *Who Did It First? 50 Politicians, Activists, and Entrepreneurs Who Revolutionized the World* brings together all of these trailblazers into one stunning package. With both well-known figures and lesser-known heroes, this book is a celebration of the inspiring innovators who braved uncharted waters to pave the path for future

generations. Perfect for fans of Little Leaders, Women in Science, and Rad Women Worldwide, *Who Did It First?* makes a wonderful gift for any occasion and is a must-have for every young reader's library.

Featuring Oprah Winfrey, Steve Jobs, Indira Gandhi, Melinda Gates, Janet Mock, LeBron James, Madam C.J. Walker, Thomas Gallaudet, and many others.

The British in India

Penguin UK

Niranjan Ramakrishnan examines the surprising extent to which Gandhi's writings still provide insight into current global tensions and the assumptions that drive them. This book explores how ideas Gandhi expressed over a century ago can be

applied today to issues from terrorism to the environment, globalization to the 'Clash of Civilizations.' In particular it looks at Gandhi's emphasis on the small, the local, and the human – an emphasis that today begins to appear practical, attractive, and even inescapable. Written in an accessible style invoking examples from everyday happenings familiar to all, this concise volume reintroduces Gandhi to today's audiences in relevant terms.

Gandhi's Thought and Liberal Democracy

Oxford University Press

A girl of mixed heritage discovers that both cultures are important parts of who she is. Mr. Toller grins. "I guess we plain old regular Canadians need to

know the history of other places to get a real and balanced view." Plain old regular. As in white. It jolts through me like lightning. I almost bought his idea of regular--that's why I was afraid to read my grandmother's story. My heart pounds, but I have to say it. "Mr. Toller, I AM a regular Canadian." Hey, Tara, what's your mother tongue? It's questions like these that make fourteen-year-old Tara Mehta boil, especially when they're asked by teachers who ought to know better. Yes, her parents were raised in India, but Tara has lived in Ottawa her whole life -- she's as Canadian as everybody else. There are much more important things than where her family came from. Jeff, for

instance. He's the new guy with the blue eyes and a brain that actually works. But then she meets her grandmother for the first time. Naniji fought with Gandhi in the Indian Independence movement, and she's horrified to learn that her grandchildren know almost nothing about their heritage. Tara resents her grandmother's attitude until she learns how Naniji came to join the fight for independence. Shocked and angered by the history that she's never been taught in school, Tara decides to tell Naniji's story to her class. In the wake of the violently mixed reactions that follow, Tara comes to realize that most people need to expand their definition of what it

means to be a "regular" Canadian -- including herself.

Reading Gandhi in the Twenty-First Century

St. Martin's Griffin

An immersive portrait of the lives of the British in India, from the seventeenth century to Independence Who of the British went to India, and why? We know about Kipling and Forster, Orwell and Scott, but what of the youthful forestry official, the enterprising boxwallah, the fervid missionary? What motivated them to travel halfway around the globe, what lives did they lead when they got there, and what did they think about it all? Full of spirited, illuminating anecdotes drawn from long-forgotten memoirs,

correspondence, and government documents, The British in India weaves a rich tapestry of the everyday experiences of the Britons who found themselves in "the jewel in the crown" of the British Empire. David Gilmour captures the substance and texture of their work, home, and social lives, and illustrates how these transformed across the several centuries of British presence and rule in the subcontinent, from the East India Company's first trading station in 1615 to the twilight of the Raj and Partition and Independence in 1947. He takes us through remote hill stations, bustling coastal ports, opulent palaces, regimented cantonments, and

dense jungles, revealing the country as seen through British eyes, and wittily reveling in all the particular concerns and contradictions that were a consequence of that limited perspective. The British in India is a breathtaking accomplishment, a vivid and balanced history written with brio, elegance, and erudition.

Gandhian Thought and Communication

University of Washington Press
Mahatma Gandhi, 1869-1948, Indian nationalist and statesman.

The Gandhi Reader

Oxford
Selections from the collected works of Mahatma Gandhi.
Princess Diaries 3
Roaring Brook Press

Dennis Dalton's classic account of Gandhi's political and intellectual development focuses on the leader's two signal triumphs: the civil disobedience movement (or salt satyagraha) of 1930 and the Calcutta fast of 1947. Dalton clearly demonstrates how Gandhi's lifelong career in national politics gave him the opportunity to develop and refine his ideals. He then concludes with a comparison of Gandhi's methods and the strategies of Martin Luther King Jr. and Malcolm X, drawing a fascinating juxtaposition that enriches the biography of all three figures and asserts Gandhi's relevance to the study of race and political leadership in America.

Dalton situates Gandhi within the "clash of civilizations" debate, identifying the implications of his work on continuing nonviolent protests. He also extensively reviews Gandhian studies and adds a detailed chronology of events in Gandhi's life.

Eating with the World in Mind Farrar, Straus and Giroux (Byr) Mohandas Gandhi was one of the most influential leaders and civil rights campaigners that the world has ever known. This biography tells the story of Gandhi's life and achievements.

What Is the Real Meaning of Success? Princess Diaries 3 A provocative look at the pursuit of material success and influential power from one of the twentieth century's

greatest spiritual teachers. "I want you to be rich in every possible way—material, psychological, spiritual. I want you to live the richest life that has ever been lived on the earth."—Osho Fame, Fortune, and Ambition: What is the Real Meaning of Success? examines the symptoms and psychology of preoccupations with money and celebrity. Where does greed come from? Do values like competitiveness and ambition have a place in bringing innovation and positive change? Why do celebrities and the wealthy seem to have so much influence in the world? Is it true that money can't buy happiness? These questions are tackled

with a perspective that is thought-provoking, surprising—and particularly relevant to our troubled economic times. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

Freedom Macmillan Elt

This work explores issues in Gandhi scholarship, political theory, and religion. By applying core aspects of Gandhian philosophy to the present age it shows a harmony between commonly taken to be disparate aspects of social life that should interest anyone concerned about the future prospects for liberalism.

Creativity St. Martin's Griffin

A colorfully illustrated, pocket-size picture book biography about John F. Kennedy, 35th President of the United States. John F. Kennedy was an incredibly popular American politician who served as 35th President of the United States from 1961 to 1963, during the Cold War. As president, he

most notably supported the African American Civil Rights Movement, authorized the Bay of Pigs invasion on the southern coast of Cuba, and dealt with the Cuban Missile Crisis. His family was greatly admired around the world, and his tragic assassination in Dallas, Texas, had a lasting effect on the American psyche. About the Pocket Bios series: Pocket Bios are full of personality, introducing readers to fascinating figures from history with simple storytelling and cheerful illustrations. Titles include men and women from history, exploration, the sciences, the arts, the ancient world, and

more. Looking for biographies about political figures? Don't miss the Pocket Bios for Abraham Lincoln, Nelson Mandela, Rosa Parks, Martin Luther King Jr., and Gandhi. *Reading Gandhi* Columbia University Press
When Gandhi as a young lawyer in South Africa began fashioning the tenets of his political philosophy, he was absorbed by a seemingly unrelated enterprise: creating a newspaper, Indian Opinion. In Gandhi's Printing Press Isabel Hofmeyr provides an account of how this footnote to a career shaped the man who would become the world-changing Mahatma.
